The Greek Gift Politics In A Cypriot Village:

The Greek Gift Peter Loizos, 1975 **Heirs of the Greek Catastrophe** Renée Hirschon, 2023-05-12 Heirs of the Greek Catastrophe is a landmark work in the areas of anthropology and migration studies Since its first publication in 1989 this classic study has remained in demand The third edition is published to mark the centenary of the 1923 Lausanne Convention which led to the movement of some 1.5 million persons between Greece and Turkey at the conclusion of their war It includes updated material with a new Preface Afterword by Ayhan Aktar and map of the wider region The new Preface provides the context in which the original research took place assesses its innovative aspects and explores the dimensions of history and identity which are predominant themes in the book **The Normalisation of Cyprus' Partition Among Greek Cypriots** Gregoris Ioannou, 2020-08-31 This book explores the basic dynamics that shaped the Cyprus problem with a focus on recent decades The author deals with the periods nodal points and fields that produced the conditions for the normalisation of partition and also presents the Cyprus problem as viewed from the outside The chapters approach Cyprus division in light of power relations in society the interaction between the political elite and society and discuss the political and ideological dynamics as manifested in the public sphere While analysing primarily the Greek Cypriot community the book also refers to parallel developments in the Turkish Cypriot and international communities arguing that the normalisation of Cyprus partition is rooted in the political economy and political culture of Greek Cypriots At the same time from the perspective of the peace and reunification movement this is an inherently contradictory and potentially unstable process that can be overturned remarkably thorough study focusing on nationalist narratives political and media discourses and socio economic structures in Cyprus and their impact on the formation and transformation of political identities since the 1950s Unlike many other books on the issue Ioannou analyses social and political developments in both the Greek Cypriot and the Turkish Cypriot communities This approach sheds light on the internal reasons of the perpetuation of the island's division which the geopolitical and international relations approaches alone miss to grasp Combining the analytical skills of a political scientist and his personal experience as an engaged citizen in favour of unification Ioannou offers significant insight on a complex and traumatic conflict that remains one of Europe's black spots Athena Skoulariki Assistant Professor in Sociology of Communication Discourse Analysis and Social Representations University of Crete Greece The basic argument of the book is that the consolidation of partition was neither automatic nor happened behind the backs of Greek Cypriots The very interesting and demythologising work of Gregoris Ioannou brings to light a hidden but common secret of the Greek Cypriots Alexis Heraklides Emeritus Professor of International Relations Panteion University Greece Ioannou projects a multi focal spotlight on the Cyprus problem so as at least for the careful reader this becomes not only an interesting topic in itself but also a cognitive springboard from which to understand broader pathologies of our common social and political life Seraphim Seferiades Associate Professor in Political Science Panteion University Greece **Cyprus And Its People** Vangelis

Calotychos,2021-11-28 This edited volume of interdisciplinary essays considers the aspects of nation identity and collective experience in the notoriously divided island of Cyprus The contributors examine the role of international politics particularly the involvement of Greece and Turkey and examine the changing relationship between the Greek and Turkish Cypriot communities since 1955 The book challenges prevailing assumptions about political and cultural identity in Cyprus and theorizes on the prospects for mobilizing more multi dimensional and workable formations of community on Cyprus The result is a tightly conceived volume divided into sections of national identity political possibilities the location of culture and social and psychological perspectives

Irony in Action James Fernandez,Mary Taylor Huber,2001-06-20 Irony today extends beyond its classification as a figure of speech and is increasingly recognized as one of the major modes of human experience This idea of irony as an integral force in social life is at the center of this provocative book The result of a meeting where anthropologists were invited to explore the politics of irony and the moral responsibilities that accompany its recognition this book is one of the first to lend an anthropological perspective to this contemporary phenomenon The first group of essays explores the limits to irony s liberating qualities from the constrained use of irony in congressional hearings to its reactive presence amid widening disparities of wealth despite decades of world development The second section presents irony s more positive dimensions through an array of examples such as the use of irony by Chinese writers and Irish humorists Framed by the editors theoretical introduction to the issues posed by irony and responses to the essays by two literary scholars Irony in Action is a timely contribution in the contemporary reinvention of anthropology

The Time of Anthropology Elisabeth Kirtsoglou,Bob Simpson,2020-12-29 The Time of Anthropology provides a series of compelling anthropological case studies that explore the different temporalities at play in the scientific discourses governmental techniques and policy practices through which modern life is shaped Together they constitute a novel analysis of contemporary chronopolitics The contributions focus on state power citizenship and ecologies of time to reveal the scalar properties of chronopolitics as it shifts between everyday lived realities and the macro institutional work of nation states The collection charts important new directions for chronopolitical thinking in the future of anthropological research The Introduction and Chapters 5 6 and 8 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Party-Society Relations in the Republic of Cyprus Giorgos Charalambous,Christophoros Christophorou,2015-11-19 The Republic of Cyprus social and political culture is deeply partitocratic with a close relationship between state apparatus and the parties that influence the government s decisions However little is known about the social and political implications of the above traits and even less about how parties influence and are influenced by society at large The concept of linkage which refers to the linking of citizens with government and the political process is vital in the study of the electoral or ideological considerations of parties Parties decisions regarding their organization and image correlates with the effort made

to keep up with public opinion Party Society Relations in the Republic of Cyprus adds a new dimension to the study of linkage considering the complexity of civil society as well as exploring the dynamics of political parties Bringing together specialists from a range of disciplines it examines the wider effects of partitocracy on democracy and uses it as a frame for exploring the construction maintenance or deformation of links between social groups and parties Through its analysis of both the partisan and societal aspects of party social relations it illuminates larger questions concerning the strategic complexity involved when politics and society interact Approaching the Republic of Cyprus as a representative case study of partitocratic political culture this book is a key resource for those interested in party and civil society politics as well as Cypriot Mediterranean and South East European politics

Europe Observed Joao de Pina-Cabral, John Campbell, 1992-11-12 Britain and the Revolt in Cyprus, 1954-1959 Robert F. Holland, 1998-11-26 This is the first in depth reconstruction of a major British decolonization based fully on original documentation Charting the inner history of a violent colonial Emergency it provides a case study of the dilemmas posed by the challenge of terrorism overseas after 1945 Robert Holland analyses the evolution of a political settlement which almost uniquely in the British end of empire slid beyond the United Kingdom's control He considers the effects of the revolt on the politics of the surrounding region particularly in relation to the emerging ethnic struggle between Greeks and Turks His work offers a fresh perspective on Mediterranean and Middle Eastern developments including the involvement of NATO and the United States in the age of the Suez Crisis and its aftermath This account is essential reading for anybody interested in the liquidation of the British Empire the breakdown of ethnic co existence under intense pressure and the effects of regional destabilization on the wider international system

Anthropology and Autobiography Judith Okely, Helen Callaway, 1992-07-02 Anthropological writings by anthropologists in the field have long been a valuable tool to the profession But until now the theoretical implications of its use have not been fully explored Anthropology and Autobiography provides unique insights into the fieldwork autobiographical materials and or textual critiques of anthropologists many of whose ethnographies are already familiar It considers the role of the anthropologist as fieldworker and writer examining the ways in which nationality age gender and personal history influence the anthropologist's behavior towards the individuals he is observing This volume also contributes to debates about reflexivity and the political responsibility of the anthropologist who as a participant has traditionally made only stylized appearances in the academic text The contributors examine their work among peoples in Africa Japan the Caribbean Greece Shetland England indigenous Australia Indonesia and Sri Lanka Autobiography is developed alongside political intellectual and historical changes The anthropologists confront and examine issues of racism reciprocity and friendships Anthropology and Autobiography will appeal to anthropologists and social scientists interested in ethnographic approaches the self reflexivity qualitative methodology and the production of texts

Dislocating Masculinity Andrea Cornwall, Nancy Lindisfarne, 2016-12-16 Originally published in 1994 and now a feminist classic Dislocating Masculinity offers a penetrating critique of writing on and

by men Bringing together anthropologists sociologists linguists and historians it raises important comparative questions about how gender operates addressing issues of embodiment agency gender inequality and the variety of masculine styles

Cultural Intimacy Michael Herzfeld, 2005 Cultural Intimacy reveals that every nation state has its own dirty laundry In this book the authors look at what constitutes dirty laundry and what makes it dirty The author draws on his own extensive fieldwork in Greece

Translating Cultures Abraham Rosman, Paula G. Rubel, 2020-06-15 The task of the anthropologist is to take ideas concepts and beliefs from one culture and translate them into first another language and then into the language of anthropology This process is both fascinating and complex Not only does it raise questions about the limitations of language but it also challenges the ability of the anthropologist to communicate culture accurately In recent years postmodern theories have tended to call into question the legitimacy of translation altogether This book acknowledges the problems involved but shows definitively that translating cultures can successfully be achieved The way we talk write read and interpret are all part of a translation process Many of us are not aware of translation in our everyday lives but for those living outside their native culture surrounded by cultural difference the ability to translate experiences and thoughts becomes a major issue Drawing on case studies and theories from a wide range of disciplines including anthropology philosophy linguistics art history folk theory and religious studies this book systematically interrogates the meaning complexities and importance of translation in anthropology and answers a wide range of provocative questions such as Can we unravel the true meaning of the Christian doctrine of trinity when there have been so many translations What impact do colonial and postcolonial power structures have on our understanding of other cultures How can we use art as a means of transgressing the limitations of linguistic translation Translating Cultures Perspectives on Translation and Anthropology is the first book fully to address translation in anthropology It combines textual and ethnographic analysis to produce a benchmark publication that will be of great importance to anthropologists philosophers linguists historians and cultural theorists alike

An Anthropology of the Enlightenment Huon Wardle, Nigel Rapport, 2020-05-15 In a time of intellectual uncertainty the question of how we know what we do about human lives becomes ever more pressing The essays collated in this volume argue that anthropology can be used to acknowledge explore and interpret divergence and ideological conflict over human meaning Using questions raised as part of the Enlightenment movement this volume is structured around some of the key themes the Enlightenment fostered including human nature time Earth and the Cosmos beauty order harmony and design moral sentiments and the query of whether wealthy nations make for healthy publics The volume focuses in particular on how moral sentiment offered a guiding idea in Enlightenment thought The idea of moral sentiment is central to the essays grappling with the ethical anxieties of contemporary anthropology The essays therefore trace historical connections and fissures and focus on Adam Smith's attempts toward an understanding of what would later be called modernity With an afterword from Marilyn Strathern this volume will be a strong addition to the Association of Social Anthropologists

conference proceedings **Law, Sexuality, and Society** David Cohen,1994-02-25 Examines the regulation of sexuality the family and unorthodox religious beliefs in classical Athens by placing the question in a larger comparative and theoretical framework *Rethinking the Mediterranean* W. V. Harris,2006-10-27 In this collection of essays an international group of renowned scholars attempt to establish the theoretical basis for studying the ancient and medieval history of the Mediterranean Sea and the lands around it In so doing they range far afield to other Mediterraneans real and imaginary as distant as Brazil and Japan Their work is an essential tool for understanding the Mediterranean pre modern and modern alike It speaks to ancient and medieval historians to archaeologists anthropologists and all historians with environmental interests and not least to classicists The Ecology of Coexistence and Conflict in Cyprus Irene Dietzel,2014-11-10 What is the significance of sustainable resource management for the functioning of Mediterranean island societies How do human environment relations reflect in a multi ethnic religious landscape This book poses these questions in the context of the Ottoman British and modern history of Cyprus It explores the socio ecological dimension of the Cyprus conflict and considers the role of local environmental practices for historical coexistence and modern division The book synthesizes theoretical approaches from the research on religion and ecology with the anthropology of Cyprus with the goal to develop and establish an ecological perspective on coexistence and conflict in the Mediterranean Religion is seen as the place where local representations of nature and traditions of resource management are generated and maintained The work takes a comparative look at the impact of Eastern Orthodox and Islamic institutions on the island s landscape as well as the religious and economic practices of the rural peasant communities The findings are then spelled out in the context of current discourses on religion environmental ethics and social justice *Pioneering Social Research* Paul Thompson,Ken Plummer,Neli Demireva,2022-04-14 Presenting the landmark Pioneers life stories project this one of a kind book documents how modern social research in the UK was shaped It combines the fascinating history of generations who built outstanding and influential social research with providing a major resource for current research and especially for methods for future teaching Violence in Place, Cultural and Environmental Wounding Amanda Kearney,2016-11-25 Human life is intimately woven into place Through nations and homelands monuments and sacred sites it becomes the anchorage point for ethnic cultural and national identities Yet it is also place that becomes the battlefield war zone mass grave desecrated site and destroyed landscape in the midst or aftermath of cultural wounding Much attention has been given to the impact of trauma and violence on human lives across generations but what of the spaces in which it occurs How does culturally prescribed violence impact upon place And how do the non human species with whom we coexist also suffer through episodes of conflict and violence By identifying violence in place as a crisis of our times and by encouraging both the witnessing and the diagnosing of harm this book reveals the greater effects of cultural wounding It problematises the habit of separating human life out from the ecologies in which it is held If people and place are bound through kinship whether through necessity and

survival or choice and abiding love then wounding is co terminus The harms done to one will impact upon the other Case studies from Australia North and South America Europe and the Pacific illustrate the impact of violence in place while supporting a campaign for methodologies that reveal the fullness of the relational bond between people and place The book will appeal to students and practitioners alike with interests in cultural and human geography anthropology environmental humanities and moral ecology

The Voice of the Past Paul Thompson, 2017-02-24 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of The Voice of the Past with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project The Voice of the Past remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present
