Bracht Branham,Marie-Odile Goulet-Cazé,2023-07-28 This collection of essays the first of its kind in English brings together the work of an international group of scholars examining the entire tradition associated with the ancient Cynics The essays give a history of the movement as well as a state of the art account of the literary philosophical and cultural significance of Cynicism from antiquity to the present Arguably the most original and influential branch of the Socratic tradition Cynicism has become the focus of renewed scholarly interest in recent years thanks to the work of Sloterdijk Foucault and Bakhtin among others The contributors to this volume classicists comparatists and philosophers draw on a variety of methodologies to explore the ethical social and cultural practices inspired by the Cynics The volume also includes an introduction appendices and an annotated bibliography making it a valuable resource for a broad audience This collection of essays the first of its kind in English brings together the work of an international group of scholars examining the entire tradition associated with the ancient Cynics The essays give a history of the movement as well as a state of th      **Greek History: Archaic to Classical Age: Oxford Bibliographies Online Research Guide** Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In classics as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is just one of many articles from Oxford Bibliographies Online Classics a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www.aboutobo.com](http://www.aboutobo.com)      **Navigating Turbulent Waters** George Kaloudis,2019-10-04 This work examines Greek political life and Eleftherios Venizelos from 1910 to 1936 To better understand the Greek political scene and Venizelos meteoric rise and ungraceful fall and to provide the necessary context this book also considers politics on the island of Crete Venizelos birthplace from the early nineteenth to the early twentieth centuries This work is not a biography of Eleftherios Venizelos Instead Venizelos is the instrument used to shed light into the unsettled waters of Greek politics      *The One and the Others* Andrew Cutrofello,2025-11-15 An original account of Western metaphysics based on

Plato's Parmenides At the end of Plato's Parmenides Parmenides concludes that whether the One is or is not it and the Others both are and are not and both appear and do not appear all things in all ways Throughout the history of philosophy various attempts have been made to make sense of Plato's puzzling dialectical exercise In this ambitious book Andrew Cutrofello shows how Kant and Hegel extended it how contemporary philosophers including Graham Priest and Alain Badiou have reinterpreted it and how poets such as Dante Shakespeare Blake Wordsworth and Susan Howe have channeled it What emerges is an original conception of the history of metaphysics as a series of antinomies and of metaphysical poetry as a type of antinomianism

*The Concise Book of Lying* Evelin E. Sullivan, 2002 With lively wit and breezy sophistication novelist Evelin Sullivan tackles the most pervasive of human sins using history and mythology anecdote and analysis to discover the truth about lying

*Comparing Roman Hellenisms in Italy* Basil Dufallo, Riemer A. Faber, 2023-04-17 The story of Roman Hellenism defined as the imitation or adoption of something Greek by those subject to or operating under Roman power begins not with Roman incursions into the Greek mainland but in Italy where our most plentiful and spectacular surviving evidence is concentrated Think of the architecture of the Roman capital the Campanian towns of Pompeii and Herculaneum buried by Vesuvius and the Hellenic culture of the Etruscans Perhaps everybody knows that Rome adapted Greek culture in a steadily more sophisticated way as its prosperity and might increased This volume however argues that the assumption of smooth continuity let alone steady improvement in any aspect of Roman Hellenism can blind us to important aspects of what Roman Hellenism really is and how it functions in a given context As the first book to focus on the comparison of Roman Hellenisms per se *Comparing Roman Hellenisms in Italy* shows that such comparison is especially valuable in revealing how any singular instance of the phenomenon is situated and specific and has its own life trajectory circumstances and afterlife Roman Hellenism is always a work in progress is often strategic often falls prey to being forgotten decontextualized or reread in later periods and thus is in important senses contingent Further what we may broadly identify as a Roman Hellenism need not imply Rome as the only center of influence Roman Hellenism is often decentralized and depends strongly on local agents aesthetics and materials With this in mind the essays concentrate geographically on Italy to lend both focus and breadth to our topic as well as to emphasize the complex interrelation of Hellenism at Rome with Rome's surroundings Because Hellenism whether as practiced by Romans or Rome's subjects is in fact widely diffused across far flung geographical regions the final part of the collection gestures to this broader context
