Lippert, 2019-03-27 Offering an examination of the paragone meaning artistic rivalry in nineteenth century France and England this book considers how artists were impacted by prevailing aesthetic theories or institutional and cultural paradigms to compete in the art world The paragone has been considered primarily in the context of Renaissance art history but in this book readers will see how the legacy of this humanistic competitive model survived into the late nineteenth century **Radical Art and the Formation of the Avant-Garde** David Cottington, 2022-03-08 An authoritative re definition of the social cultural and visual history of the emergence of the avant garde in Paris and London Over the past fifty years the term avant garde has come to shape discussions of European culture and modernity ubiquitously taken for granted but rarely defined This ground breaking book develops an original and searching methodology that fundamentally reconfigures the social cultural and visual context of the emergence of the artistic avant garde in Paris and London before 1915 bringing the material history of its formation into clearer and more detailed focus than ever before Drawing on a wealth of disciplinary evidence from socio economics to histories of sexuality bohemia consumerism politics and popular culture David Cottington explores the different models of cultural collectivity in and presumed hierarchies between these two focal cities while identifying points of ideological influence and difference between them He reveals the avant garde to be at once complicit with resistant to and a product of the modernizing forces of professionalization challenging the conventional wisdom on this moment of cultural formation and offering the means to reset the terms of avant garde studies **Dressed As in a Painting** Kimberly Wahl, 2013 In *Dressed as in a Painting* Kimberly Wahl provides a lucid exploration of the interrelations between fashion art and Aestheticism during the latter half of the nineteenth century Although artistic forms of dress have been the subject of short studies before no book has focused exclusively on Aesthetic dress and its various expressions in the visual cultures of Victorian Britain More important no book has attempted to investigate the gap between the material facts of artistic clothing as it was embodied on the wearer and its presence as an idealized sartorial trope in the visual and textual print culture of the period *The Victorians and the Visual Imagination* Kate Flint, 2000-08-28 *The Victorians and the Visual Imagination* is an exciting and innovative exploration of the Victorians attitudes towards sight Tantalized by physiologists who proved the unreliability of the eye intrigued by the role of subjectivity within vision and provoked by new technologies of spectatorship the Victorians were also imaginatively stirred by the sense of a world which lay just out of human sight This interdisciplinary study draws on writers as diverse as George Eliot Elizabeth Barrett Browning and Rudyard Kipling as well as Pre Raphaelite and realist painters including Millais Burne Jones William Powell Frith and Whistler and a host of Victorian scientists cultural commentators and art critics Its topics include blindness the location of memory hallucination dust and the importance of the horizon a dazzling eclectic range of subjects linked together by the operations of the eye and brain *The Culture of Property* Jordanna Bailkin, 2004-07-15 What kind of property is art Is it property at all Jordanna Bailkin s *The Culture of*

Property offers a new historical response to these questions examining ownership disputes over art objects and artifacts during the crisis of liberalism in the United Kingdom From the 1870s to the 1920s Britons fought over prized objects from ancient gold ornaments dug up in an Irish field to a portrait of the Duchess of Milan at the National Gallery in London They fought to keep these objects in Britain to repatriate them to their points of origin and even to destroy them altogether Bailkin explores these disputes in order to investigate the vexed status of property within modern British politics as well as the often surprising origins of ongoing institutional practices Bailkin s detailed account of these struggles illuminates the relationship between property and citizenship which has constituted the heart of liberal politics as well as its greatest weakness Drawing on court transcripts gallery archives exhibition reviews private correspondence and a striking series of cartoons and photographs The Culture of Property traverses the history of gender material culture urban life colonialism Irish and Scottish nationalism and British citizenship This fascinating book challenges recent scholarship in museum studies in light of ongoing culture wars It should be required reading for cultural policy makers museum professionals and anyone interested in the history of art and Britain

Picture Titles Ruth Bernard Yeazell,2015-09-29 How the practice of titling paintings has shaped their reception throughout modern history A picture s title is often our first guide to understanding the image Yet paintings didn t always have titles and many canvases acquired their names from curators dealers and printmakers not the artists Taking an original historical look at how Western paintings were named Picture Titles shows how the practice developed in response to the conditions of the modern art world and how titles have shaped the reception of artwork from the time of Bruegel and Rembrandt to the present Ruth Bernard Yeazell begins the story with the decline of patronage and the rise of the art market in the seventeenth and eighteenth centuries as the increasing circulation of pictures and the democratization of the viewing public generated the need for a shorthand by which to identify works at a far remove from their creation The spread of literacy both encouraged the practice of titling pictures and aroused new anxieties about relations between word and image including fears that reading was taking the place of looking Yeazell demonstrates that most titles composed before the nineteenth century were the work of middlemen and even today many artists rely on others to name their pictures A painter who wants a title to stick Yeazell argues must engage in an act of aggressive authorship She investigates prominent cases such as David s Oath of the Horatii and works by Turner Courbet Whistler Magritte and Jasper Johns Examining Western painting from the Renaissance to the present day Picture Titles sheds new light on the ways that we interpret and appreciate visual art

"Painted Men in Britain, 1868?918 " JongwooJeremy Kim,2017-07-05 An original and overdue exploration of the representation of masculinity in

British academic art in the late nineteenth and early twentieth centuries *Painted Men in Britain 1868-1918* analyzes transgressions of gender and sexuality as represented in paintings by Leighton Sargent Tuke and their contemporaries in the Royal Academy This volume treats paintings as eloquent objects no narratives of which are too elusive to be traced and challenges conventional binaries of masculine versus feminine or heterosexual versus homosexual Consulting not only the paintings themselves but also newspapers journals criticism novels and poetry of the day *Painted Men* argues against the misconception of British academic art as merely reactionary and even blind to the dynamism of its own time Instead this art is shown to engage with broader social attitudes and contemporary sexual debates As the book reveals the complexities of specific paintings it illuminates different and competing attitudes toward masculinity and modernity in British art of the period

Critics, Coteries, and Pre-Raphaelite Celebrity Wendy Graham, 2017-12-26 Founded by a band of young iconoclasts the Pre Raphaelite Brotherhood stunned Victorian England with its revaluation of culture and lifestyle With Pre Raphaelitism ascendant in the 1850s and canonical by the 1880s the movement s refractory reception history is an object lesson in how avant gardes burst upon the scene dispense with their antagonistic posture and become a mainstay of tradition Wendy Graham traces the critical discourses that greeted the Pre Raphaelites debut shaped their contemporary reception and continued to inform responses to them well after their heyday She explains the mechanics of fame and the politics of scandal contributing to the rise of aestheticism providing a new interpretation of the place of aesthetic counterculture in Victorian

England Critics Coterie and Pre-Raphaelite Celebrity sheds new light on Victorian discourses on sexuality and masculinity through a thick description of literary bravado, the emotions of male bonding within cliques and homoerotic frissons among the creators and reviewers of Pre-Raphaelitism. Graham threads together the qualities that made William Holman Hunt, John Everett Millais and Gabriel Rossetti exemplary figures of aesthetic celebrity in the 1850s; Algernon Swinburne and Simeon Solomon in the 1860s; and Edward Burne-Jones and Walter Pater in the 1870s. The book documents the symbiotic relationship between periodical writers and the artists and poets they helped make famous, demonstrating that the origin myth of Bohemian artistic transcendence was connected with the rise of a professional class of journalists. Graham shows that the Pre-Raphaelites innovated many of the phenomena now associated with Oscar Wilde, arguing that they were foundational for him in forging an artistic and personal identity with a full-blown publicity apparatus. Wilde had models. This book is about them.

Beyond the Frame Deborah Cherry, 2012-11-12 *Beyond the Frame* rewrites the history of Victorian art to explore the relationships between feminism and visual culture in a period of heady excitement and political struggle. Artists were caught up in campaigns for women's enfranchisement, education and paid work, and many were drawn into controversies about sexuality. This richly documented and compelling study considers painting, sculpture, prints, photography, embroidery and comic drawings as well as major styles such as Pre-Raphaelitism, Neo-Classicism and Orientalism. Drawing on critical theory and post-colonial studies to analyse the links between visual media, modernity and imperialism, Deborah Cherry argues that visual culture and feminism were intimately connected to the relations of power.

Luxury and Gender in European Towns, 1700-1914 Deborah Simonton, Marjo Kaartinen, Anne Montenach, 2014-09-04 This book conceives the role of the modern town as a crucial place for material and cultural circulations of luxury. It concentrates on a critical period of historical change: the long eighteenth and nineteenth centuries, that was marked by the passage from a society of scarcity to one of expenditure and accumulation, from ranks and orders to greater social mobility, from traditional aristocratic luxury to a new bourgeois and even democratic form of luxury. This volume recognizes the notion that luxury operated as a mechanism of social separation, but also that all classes aspired to engage in consumption at some level, thus extending the idea of what constituted luxury and blurring the boundaries of class and status, often in unsettling ways. It moves beyond the moral aspects of luxury and the luxury debates to analyze how the production, distribution, purchase or display of luxury goods could participate in the creation of autonomous selves and thus challenge gender roles.
