The Dilbert Future Scott Adams, 1998-10-07 Step aside Bill Gates Here comes today's real technology guru and his totally original laugh out loud New York Times bestseller that looks at the approaching new millennium and boldly predicts more stupidity ahead In *The Dilbert Principle* and *Dogbert's Top Secret Management Handbook* Scott Adams skewered the absurdities of the corporate world Now he takes the next logical step turning his keen analytical focus on how human greed stupidity and horniness will shape the future Featuring the same irresistible amalgam of essays and cartoons that made Adams previous works so singularly entertaining this uproariously funny dead on target tome offers half truthful half farcical predictions that push all of today's hot buttons from business and technology to society and government Children they are our future so we're pretty much hosed Tip Grab what you can while they're still too little to stop us Human Potential we'll finally learn to use the 90 percent of the brain we don't use today and find out that there wasn't anything in that part Computers Technology and homeliness will combine to form a powerful type of birth control In *The Dilbert Principle* and *Dogbert's Top Secret Management Handbook* Scott Adams skewered the absurdities of the corporate world Now he takes the next logical step turning his keen analytical focus on how human greed stupidity and horniness will shape the future Featuring the same irresistible amalgam of essays and cartoons that made Adams previous works so singularly entertaining this uproariously
