The Dream In Clinical Practice Classical Psychoanalysis And Its Applications:

The Dream in Clinical Practice Joseph M. Natterson, 1980 (U.S.), 1983 First multi year cumulation covers six years 1965 70 **Current Catalog** National Library of Medicine
Skolnick, 2009 *Major Neuroses & Behavior Diso (Classical Psychoanalysis and Its Applications)* Melitta
Sperling, 1977-07-07 This study of childhood neuroses focuses on the role of the early mother child relationship and its effect on the development of the ego super ego object relations and aggression The pathological conditions discussed are arranged in accordance with the developmental stages National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1982 **The Cumulative Book Index**, 1981 A world list of books in the English language Psychoanalysis, Its Theories and Practical Application Abraham Arden Brill, 1922 **A Compulsion for Antiquity** Richard H. Armstrong, 2018-07-05 If psychoanalysis is the return of repressed antiquity distorted to be sure by modern desire yet still bearing the telltale traces of the ancient archive then would not our growing distance from the archive of antiquity also imply that we are in the process of losing our grip on psychoanalysis itself as Freud conceived it from Chapter 1 As he developed his striking new science of the mind Sigmund Freud had frequent recourse to ancient culture and the historical disciplines that draw on it A Compulsion for Antiquity fully explores how Freud appropriated figures and themes from classical mythology and how the theory and practice of psychoanalysis paralleled contemporary developments in historiography archaeology philology and the history of religions Drawing extensively from Freud's private correspondence and other notes and documents Richard H Armstrong touches on Freud's indebtedness to Sophocles and the Oedipus complex his interest in Moses and the Jewish religion and his travels to Athens and Rome Armstrong shows how Freud turned to the ancient world to deal with the challenges posed by his own scientific ambitions and how these lessons influenced the way he handled psychic evidence and formulated the universal application of what were initially isolated clinical truths Freud's narrative reconstructions of the past also related to his sense of Jewishness linking the historical trajectory of psychoanalysis with contemporary central European Jewish culture Ranging across the breadth of Freud's work A Compulsion for Antiquity offers fresh insights into the roots of psychoanalysis and fin de siècle European culture and makes an important contribution to the burgeoning discipline of mnemohistory **New Psychoanalytic Readings of Shakespeare** James Newlin, James W. Stone, 2023-07-14 It has been over two decades since the publication of the last major edited collection focused on psychoanalysis and early modern culture In Shakespeare studies the New Historicism and cognitive psychology have hindered a dynamic conversation engaging depth oriented models of the mind from taking place The essays in New Psychoanalytic Readings of Shakespeare Cool Reason and Seething Brains seek to redress this situation by engaging a broad spectrum of psychoanalytic theory and criticism from Freud to the present to read individual plays closely These essays show how psychoanalytic theory helps us to rethink the plays history of performance their treatment of gender sexuality and race

their view of history and trauma and the ways in which they anticipate contemporary psychodynamic treatment Far from simply calling for a conventional return to Freud the essays collected here initiate an exciting conversation between Shakespeare studies and psychoanalysis in the hopes of radically transforming both disciplines It is time to listen once again to seething brains

Care of the Psyche Stanley W. Jackson, 1999-01-01 In this book a distinguished historian of medicine surveys the basic elements that have constituted psychological healing over the centuries Dr Stanley W Jackson shows that healing practices whether they come from the worlds of medicine religion or philosophy share certain elements that transcend space and time Drawing on medical writings from classical Greece and Rome to the present as well as on philosophical and religious writings Dr Jackson shows that the basic ingredients of psychological healing which have survived changes of name the fall of their theoretical contexts and the waning of social support in different historical eras are essential factors in our modern psychotherapies and in healing contexts in general
