## **The Drive:**

The Drive-In Guy Barefoot, 2023-11-16 The Drive In meaningfully contributes to the complex picture of outdoor cinema that has been central to American culture and to a history of US cinema based on diverse viewing experiences rather than a select number of films Drive in cinemas flourished in 1950s America in some summer weeks to the extent that there were more cinemagoers outdoors than indoors Often associated with teenagers interested in the drive in as a passion pit or a venue for exploitation films accounts of the 1950s American drive in tend to emphasise their popularity with families with young children downplaying the importance of a film programme apparently limited to old low budget or independent films and characterising drive in operators as industry outsiders They retain a hold on the popular imagination The Drive In identifies the mix of generations in the drive in audience as well as accounts that articulate individual experiences from the drive in as a dating venue to a segregated space Through detailed analysis of the film industry trade press local newspapers and a range of other primary sources including archival records on cinemas and cinema circuits in Arkansas California New York State and Texas this book examines how drive ins were integrated into local communities and the film industry and reveals the importance and range of drive in programmes that were often close to that of their indoor neighbours *The Drive Across Canada* Mark Richardson, 2025-05-06 Experience driving Canada's longest road and travel with the adventurers who helped make it a reality The Trans Canada Highway is one of the longest highways in the world 7 700 kilometres from St John's Newfoundland to Victoria British Columbia with almost the same distance again on secondary routes It's ironically Canadian but its story is a long and winding journey In *The Drive Across Canada* automotive journalist Mark Richardson tells the stories of the pioneers who first drove across the country in the early days of cars and motorcycles even before any roads existed and of the political fight to create a physical link that would connect Canadians to every province of their vast country Richardson drove the length of the Trans Canada Highway in 2023 repeating the drive he first completed in 2012 In his most recent journey he encounters a hurricane in Newfoundland a firestorm in British Columbia and unspeakable tragedies on the Prairies He meets people whose lives have been changed by the highway sometimes in ways they could never have imagined and along the way the highway changes his life too **The Drive for Power** Arnold A. Hutschnecker, 2014-04-07 The psychiatrist who broke into national prominence when it was revealed that Richard Nixon had consulted him has written a book which history has demanded be written an examination of the nature of the power drive and how it works in all men whether they are vying for power in politics in business or in marriage The central question to which Dr Hutschnecker addresses his book is How can we distinguish between mentally healthy leaders and men who under an appealing facade hide an inner rage and a mind in disarray The answers he gives provide the basis for understanding that the power drive is an essential part of personality and that it can be channeled into creative and constructive behavior instead of hostile and aggressive acts Dr Hutschnecker gives us perspective on the trends in thought in the psychoanalytic world of the seventies

as he parses various historical events through his lens of psychotherapy The Drive for Power is a major statement from a famous doctor whose lifework has been dedicated to the potential for human improvement *Official Gazette of the United States Patent Office* United States. Patent Office,1967
