The Gospel of Mark R. T. France, 2002-02-07 Drawing on many years of Marcan studies world class scholar R T France has produced an exegetical commentary on the Greek text of Mark that does what the best of recent Greek commentaries have done but in France's own inimitable reader friendly way This work is a commentary on Mark itself not a commentary on commentaries of Mark It deals immediately and directly with matters that France himself regards as important Working from his own translation of the Greek text and culling from helpful research into the world of first century Palestine France provides an extensive introduction to Mark's Gospel followed by insightful section and verse commentary France sees the structure of Mark's Gospel as an effective drama in three acts Act 1 takes up Jesus public ministry in Galilee Act 2 covers Jesus journey to Jerusalem with his disciples Act 3 focuses on Jesus public ministry in Jerusalem including his confrontation with the Jewish leaders his explanatory discourse on the future and his passion death and resurrection France carefully unpacks for modern readers the two central themes of this powerful narrative of Jesus life the nature of Christ and the role of discipleship Supported by careful argumentation and impressive in its sensitivity to Mark's structure context and use of the Old Testament France's study of the second Gospel is without peer

Abingdon New Testament Commentaries: Mark Prof. C. Clifton Black, 2011-09-01 Mark's genius lies not in telling a story about Jesus but in creating conditions under which the reader may experience the peculiar quality of God's good news The Evangelist hurries one along breathlessly immediately making sure that the reader lurches with the characters into one pothole after another What is this new teaching that consorts with the flagrantly sinful turning the pious homicidal intimates into strangers and mustard seeds into the greatest of all shrubs Jesus closest adherents the Twelve are among the most muddled Who can blame them They ask for an obscure parable's interpretation and receive an answer even more confounding They are told to feed thousands with next to nothing Their boat almost capsizes while their teacher sleeps As they oar in rough waters the

teacher strides the waves intending to bypass them Putting the reader in the same boat Mark structures conversations with Jesus that make little sense if any The Twelve are craven stupid self serving and disobedient meet the average Christian Besides their hearts were hardened Who hardens hearts God Should not God s Messiah lift the burdens of those following him What kind of Christ heads to a cross handing his disciples another for themselves Do you not yet understand from the Introduction

The Gospel of Mark Ben Witherington, 2001-01-08 This book offers the first sustained attempt to read the Gospel of Mark both as an ancient biography and as a form of ancient rhetoric Ben Witherington applies to Mark the socio rhetorical approach for which he is well known opening a fresh new perspective on the earliest Gospel Written when the fledging Christian faith was experiencing a major crisis during the Jewish war Mark provides us with the first window on how the life and teachings of Jesus were presented to a largely non Jewish audience According to Witherington the structure of Mark demonstrates that this Gospel is biographically focused on the identity of Jesus and the importance of knowing who he is the Christ the Son of God This finding reveals that Christology stood at the heart of the earliest Christians faith It also shows how important it was to these earliest Christians to persuade others about the nature of Jesus both as a historical figure and as the Savior of the world

The Gospel of Mark R. T. France, 2002 This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text
