## **The Gospel Of The Here And Now:**

**Here and Now** Robby Gallaty, 2019-02-15 The Christian life was so much more than just a one time decision to secure a place in heaven What if you could experience heaven on earth today Not flying angels singing on clouds but the fulfilled abundant life Jesus promised in the Bible a life that regardless of your circumstances or your present context experiences joy happiness and peace that is difficult to encapsulate in human terms What if heaven was available to us today Pastor and author Robby Gallaty thinks it is We have been taught that salvation is getting man out of earth to live in heaven when the Bible teaches that God desires to bring heaven to earth through man In *Here and Now* readers will journey together to uncover the nucleus of Jesus messages which says the opposite Jesus spoke about the Kingdom of Heaven and the Kingdom of God both are synonymous as we will see more than any other topic No other concept is even close **The Here and Now** Gregg Easterbrook, 2025-09-23 Carter Morris is a high priced corporate lawyer negotiating the class action suit of a lifetime which will result in a massive settlement As he ponders his sellout he relives significant moments of his youth literally From air raid drills to his arrest for protesting his memories pull him out of present time and back into the past Carter tracks down his childhood best friend the college sweetheart who broke his heart and his idolized older brother who was blown into a fragment of his former self in Vietnam Meanwhile he struggles to understand what happened to his idealism and his best intentions **Alan Watts-Here and Now** Peter J. Columbus, Donadrian L. Rice, 2012-06-13 Alan Watts *Here and Now* explores the intellectual legacy and continuing relevance of a prolific writer and speaker who was a major influence on American culture during the latter half of the twentieth century A thinker attuned to the spiritual malaise affecting the Western mind Watts 1915-1973 provided intellectual and spiritual alternatives that helped shape the Beat culture of the 1950s and the counterculture of the 1960s Well known for introducing Buddhist and Daoist spirituality to a wide Western audience he also wrote on psychology mysticism and psychedelic experience Many idolized Watts as a guru mystic yet he was also dismissed as intellectually shallow and as a mere popularizer of Asian religions the Norman Vincent Peale of Zen Both critical and appreciative this edited volume locates Watts at the forefront of major paradigmatic shifts in Western intellectual life Contributors explore how Watts's work resonates in present day scholarship on psychospiritual transformation Buddhism and psychotherapy Daoism in the West phenomenology and hermeneutics humanistic and transpersonal psychology mysticism and ecofeminism among other areas *God Here and Now* Karl Barth, 2003-08-29 Karl Barth was without doubt one of the most significant religious thinkers of modern times His radical affirmation of the revealed truth of Christianity changed the course of Christian theology in the twentieth century and is a source of inspiration for countless believers Pope Pius XII declared that there had been nothing like Karl Barth's later thought since Thomas Aquinas *God Here and Now* offers a succinct and accessible overview of that thought In it Barth outlines his position on the fundamental tenets of Christian belief from the decision of faith to the authority of the Bible and from the interpretation of grace to the significance of Jesus

Christ In this way Barth challenges each and every reader to discover what it means to encounter God here and now **At Home with God: Here and Now** Lee Adams Young, 2000-05-25 From biblical times through the Middle Ages and the Reformation the Christian religion enjoyed a sturdy belief in God consistent with human knowledge of the universe But modern science then introduced a new picture of this world at odds not only with the old world picture but with the miracle working God of ancient Scripture Of the many different responses to this conflict three stand out i To deny the religious view of God and the world orii To deny many solid findings of generations of scientists concerning the evolution of stars the Earth and life oriii To deny little yet to affirm little in religionto repeat ancient rituals without serious conviction Lee Adams Young a physicist and Bible scholar claims to replace this chaos with an orderly view of God and the worldin only 437 pages He makes three main points 1 The Bible consistently but falsely split the world into two separate realms Heaven and Earth God rarelyor neverleft his celestial throne room to visit the Earth The steeples of traditional churches pointed toward this Sky God and the Lord s Prayer still speaks of a Father in Heaven The result has been a disconnect between God and the believer a chasm bridged only by armies of angels and other intermediaries or via long distance calls The solution according to *At Home with God Here and Now* is to proclaim as does science that there is only one realm of reality God should be seen as dwelling in this world says Youngindeed within each of us available for direct communication and personal support Prayer should take the form of face to face communication with a person no farther away than the other end of a park bench 2 The Bible consistently and correctly insists upon the inseparability of the human body and soul So does Aristotle and the latest Catholic Catechism Alas in postbiblical times many Jews and Christians have come to believe that at death the human soul could detach itself from the body and ascend to Heaven Young responds as follows a If there is no Heaven the latter step has no meaning We are face to face with God now in this life Because we already live in a sacred world one need not die in order to reach the divine b The notion of a soul that can function independently of bodily support goes against ancient and modern awareness of the influence of bodily conditions on thinking and memory c Near death experiences NDEs are reports from the living not from those who died Medical research shows that NDEs are triggered not by the objective peril of death but by the subjective fear of death d Human faith in an afterlife can blunt the human need to put interpersonal relationships in order in this life We must mend our personal fences nowthere is no second chance as the Hebrew Bible says 3 The God depicted in Young s book is entirely consistent with modern science That God is seen as the essential governor of nature whose regularities people depend on and science describes This book is recommended to all who seek a religious faith based on reality not makebelieve a faith grounded in ancient wisdom yet believable in this modern age *Where is God?: A Theology for the Here and Now, Volume One* Andy Ross, 2018-10-19 We are experiencing God always The experience of God however transcends our capacity to comprehend it We will never fully grasp what God is but this does not mean we should stop trying Our ideas about God set the tone for our spiritual development The further we are willing to journey into the mystery of God

the more we will be transformed by it The bigger the ideas the bigger the God and the more our lives will reflect God When I set out to write *Where is God* it was my intention to entertain the biggest ideas possible I wanted to understand the God of all things the God of religion and science the God of music and beauty the God of life and death the God of love This is a book of ideas big ideas *Living in Love Here and Now* Ralph DeGruttola,2023-02-09 Who are we Why are we here now Where are we going Human beings have been asking these questions since time immemorial In the Old Testament the identity of God is revealed as living existence In the New Testament God's identity is love This book uses theology philosophy psychology and science to analyze these two identities and unite them in the one God Made in God's image our identity also involves living existence and love It determines our purpose in life here and now as well as our destiny **The Russian Totalitarianism. Freedom here and now** Dmitrii Shusharin,2018-04-13 The author regards the Russian totalitarianism as a socio political structure originated in Russia in 1917 a phenomenon that exerted a demonstration effect on other countries of the Judeo Christian civilization The main attention is paid to the first decades of the 21st century when a new totalitarian model is emerging in the country having an increasing influence on the rest of the world *Heaven--Here and Now* David McLaughlan,2013-01-01 If life is a test of sorts a journey preparing us for heaven shouldn't there be bits of heaven around us already This book unveils them In the book of Matthew Jesus repeatedly describes heaven and each time He uses ordinary earthly examples This world has many wonderful and mysterious aspects that we might think better suited to describe something as magnificent as heaven but Jesus uses mustard seeds hiring workers children and weeds as examples Heaven Here and Now considers those examples chosen for a different culture in a different time and applies them to the here and now to the everyday stuff of our ordinary lives It's a beautiful preview of heaven **REAL TIME TRAVEL ALLIS HERE AND NOW** DUANE THE GREAT WRITER,2013-03-16 To many of the inhabitants in the lower realms of Time and Space the idea and concept of Time Travel has always fascinated and amused many people So many of us are not satisfied with how things are or how we ourselves have done things or would like to do so the idea to traveling backwards or forward in time to change what we have done or will do is like a fantasy we would like to pursue and possibly live There is so much more to Real Time Travel than the conventional Literal Mind Person can determine The Secret of Real Time Travel is already within us all and there are no mechanical devices needed Duane The Great Writer has put together a series of adventures with his NUBooks to give examples of how anyone can accomplish Real Time Travel and eventually RealFreedom Have Fun Deciding [www.DuaneTheGreatWriter.Info](http://www.DuaneTheGreatWriter.Info) **Happily Ever After Begins Here and Now** Bill Dodds,Michael J. Dodds,2010-10 This book takes the words Jesus used in each Beatitude and examines what they meant in biblical times how they have been interpreted by saints and scholars throughout the centuries and how their timeless wisdom can be applied to life today This book is written for people who want to add more meaning purpose and joy to their lives It is the perfect book for people who want to explore the riches of the Beatitudes on the road to living a happy complete and blessed life **Our Moral and**

**Spiritual Growth, Here and Now** ,1953      **Here and Now** Chiara Lubich,2005 Shows that living the present moment is our way to be connected with eternity Living the present puts us in touch already here on earth with heaven      *To Live Fully, Here and Now* Karla Simcikova,2007-01-01 To Live Fully Here and Now formulates a coherent and comprehensive understanding of Alice Walker s spiritual wisdom in the age of heightened global awareness natural devastation and spiritual crisis Simcikova argues that to fully understand Walker s complex and multi layered concept of spirituality we have to move beyond the womanist model to incorporate and or accommodate all the influences that have had a significant impact on Walker particularly her interest in Native American spirituality Simcikova also offers a new paradigm of wholeness unity and interconnectedness for critical analysis of her Walker s latest works This ground breaking book will find audiences across disciplines as it addresses the fundamental ethical question of what it means to be human      **Past and future are here and now** Helena Petrovna Blavatsky,2020-10-01 Our century is a boastful age as proud as it is hypocritical as cruel as it is dissembling Happy the optimist in whose heart the nightingale of hope can still sing with all the iniquity and cold selfishness of the present age before his eyes There are more hypocrites in a square yard of our civilized soil than antiquity has bred of them on all its idolatrous lands It takes a brave man to speak the truth fearlessly and even that at personal risk and cost For the law forbids one speaking the truth except under compulsion in its courts and under threat of perjury Instead of truth and sincerity we have cold politeness and falsification on every plane falsification of moral food and the same falsification of eatable food Be religious or irreligious as much as you like but do not be offensive and dare not outrage and pain other people In law that which is sauce for the goose must be sauce for the gander Thou shalt not revile the gods Blasphemy with the modern criminal sense attached to it existed with the Greeks the Romans and with the older Egyptians ages before our era Reverence is now replaced by emotionalism and holy mediocrities The emanations of modern civilization kill all goodness and truth When the inferior races have all been wiped out by the civilized man what shall replace them in the cycle that is to mirror our own True charity opens her purse strings with an invisible hand and finishing its act exists no more it shuns fame and is never ostentatious Pride is the first enemy to itself unwilling to hear anyone praised in its presence it falls foul of every rival and does not always come out victorious The most beautiful serpents are the most venomous As the external excellence of a thing does not reflect the moral beauty of its workman so some of the most eminent poets and philosophers were historically immoral We will not be moved by either hysterical emotion or a holy fear of the masses and propriety Whether the new cycle will bring new horrors or herald days of pure sunlight and happiness for all will depend on those who fight the battle of Truth against the powers of Darkness Theosophy is brotherly love mutual help altruism in action and unswerving devotion to Truth Once men realize that in these alone can true happiness be found and never in wealth possessions or any selfish gratification then the dark clouds will roll away and a new humanity will be born upon earth Then the Golden Age will be there      Rose Then and Now Bible Atlas Dr Paul H. Wright,2013-03-25 In this integration of biography history and

geography Paul Wright applies his considerable knowledge of the land to the life and times of people in both the Old and New Testaments In his capable hands readers will see the characters of the Bible come to life in the context of the very real world in which they lived Whether readers have been through the Bible fifty times or this is their first the pictures maps and extremely readable text will lead them to fresh insight into this greatest of stories
