The Gospel Of The Nazirenes:

Nazarene Jewish Christianity Ray Pritz, 1988 **The Gospel of the Savior** Michael J. Kruger, 2005 This volume is the first complete analysis of the apocryphal gospel fragment P Oxy 840 since its initial discovery nearly a century ago The various palaeographical and historical questions raised by this apocryphal story are examined particularly its descriptions of first century ritual purity practices and its relationship to early Jewish Christian communities *The Gospel According to the Hebrews* Edward Williams Byron Nicholson, 1879 *The Gospel of Tatian* Matthew R. Crawford, Nicholas J. Zola, 2019-07-11 This volume combines some of the leading voices on the composition and collection of early Christian gospels in order to analyze Tatian's Diatessaron The rapid rise and sudden suppression of the Diatessaron has raised numerous questions about the nature and intent of this second century composition It has been claimed as both a vindication of the fourfold gospel's early canonical status and as an argument for the canon's ongoing fluidity it has been touted as both a premiere witness to the earliest recoverable gospel text and as an early corrupting influence on that text Collectively these essays provide the greatest advance in Diatessaronic scholarship in a quarter of a century The contributors explore numerous questions did Tatian intend to supplement or supplant the fourfold gospel How many were his sources and how free was he with their text How do we identify a Diatessaronic witness Is it legitimate to use Tatian's Diatessaron as a source in New Testament textual criticism Is a reconstruction of the Diatessaron still possible These queries in turn contribute to the question of what the Diatessaron signifies with respect to the broader context of gospel writing and what this can tell us about how the writing rewriting and reception of gospel material functioned in the first and second centuries and beyond

The Hebrew Gospel and the Development of the Synoptic Tradition James R. Edwards, 2009-10-16 This book offers a new explanation of the development of the first three Gospels based on a careful examination of both patristic testimony to the Hebrew Gospel and internal evidence in the canonical Gospels themselves James Edwards breaks new ground and challenges assumptions that have long been held in the New Testament guild but actually lack solid evidence **The Content and the Setting of the Gospel Tradition** Mark Harding, Alanna Nobbs, 2010-10-22 Editors Mark Harding and Alanna Nobbs have here brought together the internationally recognized scholarly excellence of Macquarie University faculty and associates to provide a major contribution to the study of the content and environment of the New Testament Gospels Few books in current New Testament scholarship seriously tackle its social setting and textual tradition beyond a chapter or two The Content and Setting of the Gospel Tradition integrates the texts with the literary social and historical context in which they were written *The Nazarene Gospel Restored* Robert Graves, Joshua Podro, 2023-03-30 The Nazarene Gospel Restored is Robert Graves's major work on the life of Jesus written in collaboration with the distinguished Hebrew scholar Joshua Podro The research and writing occupied them for over ten years in a working relationship compounded in John W. Presley's phrase of argument scholarship and mutual respect in which the imaginative writer and the Hebraist drew on their

vast knowledge of the ancient world to reveal an extraordinary new true story of Jesus The result is as Graves wrote to T S Eliot a very long very readable very strange book and one that Presley argues is as central to Graves s thought as The White Goddess The Nazarene Gospel Restored was controversial when first published the Church Times refused to advertise it reviews were hostile and Graves twice sued for libel In the twenty first century it is possible to read it in the context of a continuing engagement with the historical Jesus both scholarly and popular In this new edition John W Presley gives a detailed account of the composition and reception of the book setting it in the context of Graves s writing and of biblical scholarship The inclusion of Graves s Foreword and annotations for a project revised edition make this an indispensable resource

The Gospel History Johannes Heinrich August Ebrard,1863 **The Gospel of Matthew and Christian Judaism** David C. Sim,1998-10-01 In this meticulously researched and compelling study David Sim reconstructs the social setting of the Matthean community at the time the Gospel was written and traces its full history Dr Sim argues that the Matthean community should be located in Antioch towards the latter part of the first century He acknowledges the dispute within the early Christian movement and its importance He defines more accurately the distinctive perspectives of the two streams of thought and their respective relationships to Judaism A new and important work in Matthean studies

Recovering Jewish-Christian Sects and Gospels Petri Luomanen,2011-11-25 This book provides a new approach to patristic sources on the earliest Jewish Christians It shows the artificial nature of the church fathers discourse and challenges the widely accepted theory of three Jewish Christian gospels bringing the Gospel of the Hebrews closer to its synoptic cousins

The Virgin Birth of Christ J. Gresham Machen,2022-01-01 In what remains a widely discussed issue in contemporary theology J Gresham Machen s The Virgin Birth of Christ acts as both an introduction to the subject and a window into American Princeton theology in the early twentieth century Machen undertakes an encyclopaedic study of the different perspectives on the virgin birth He begins with a close reading of the scriptural accounts comparing and contrasting the stories of Jesus birth told in Luke and Matthew Secular historical accounts are then considered as well as possible alternative theories including the likelihood of the story being of early Jewish or Pagan origin Machen s study was the definitive work on the virgin birth for the majority of the twentieth century and remains an invaluable resource both as an apologetic work and as a time capsule of theological progress

Introduction to the New Testament, Tr., and Augmented with Notes (and a Dissertation on the Origin and Composition of the Three First Gospels) by H. Marsh. 4 Vols. [in 6 Pt.]. 4 Vols. [in 5 Pt.]. Johann David Michaelis,1823 Introduction to the New Testament Johann David Michaelis,1823

Christianity in the Middle Ages ... James Amiraux Jeremie,Alfred Lyall,1857 **A New and Full Method of Settling the Canonical Authority of the New Testament** Jeremiah Jones,1827 **The Lost and Hostile Gospels** S. Baring-Gould,2022-05-29 In The Lost and Hostile Gospels S Baring Gould embarks on a rigorous examination of early Christian texts that exist outside the canonical New Testament This seminal work delves into apocryphal and heretical

gospels offering readers a rich tapestry of theological diversity and historical context that challenges the orthodox interpretations of Christianity Baring Gould employs a critical yet accessible literary style blending scholarly rigor with engaging prose as he uncovers the narratives that were overshadowed by accepted doctrine Through meticulous analysis he situates these texts within their socio political milieu providing vital insights into the complexities of early Christian beliefs and their evolution S Baring Gould was a polymath with diverse interests including theology folklore and literature which undoubtedly influenced his approach to this work His expansive knowledge and fervent curiosity stemmed from a desire to uncover the marginalized voices of Christianity s past spurred by a belief that understanding these perspectives is essential to comprehending contemporary faith Drawing from his background as a journalist and an author Baring Gould weaves together historical narrative and personal reflection creating a compelling argument for the relevance of these forgotten texts I highly recommend *The Lost and Hostile Gospels* to scholars students and anyone interested in the complexities of religious thought This book not only illuminates lesser known Christian texts but also invites critical reflection on the nature of belief itself making it a significant contribution to the study of religious history and theology
