## **The Gourdin Family:**

Gourdin John Raymond Gourdin, 1995 The Gourdin family traces its ancestors back to the seven children of Dr Robert Marion Gourdin and his slave Daphne Singleton living on Lenuds Ferry Plantation in Georgetown District between the 1830 and 1870s **Gourdin Family Papers** Gourdin family, 1727 Genealogical material 1727 1852 concerning the Gourdin family and related families includes clippings copies of wills notes family Bible records and other items *The Gourdin Family* Larry E. Pursley, 1980 Louis Gourdin d 1716 immigrated from France to America before 1693 He and his wife Mary Ann settled near Jamestown in what is now Charleston County South Carolina Descendants remained in the South for many generations **Gentlemen Merchants** Philip N. Racine, 2008 Gentlemen Merchants preserves the correspondence between members of two wealthy slaveholding merchant families the Gourdins and the Youngs in nineteenth century Charleston South Carolina Because the correspondence lasts over forty years the letters provide a significant record of historical Southern themes Plantation born urban dwellers the correspondents comment deeply and widely on their own family history religion in the South slavery and race business secession Civil War and Reconstruction Gentlemen Merchants offers a fresh perspective on the Old South s elite slaveholders from the vantage point of commercial offices docks and wharves instead of the rural plantation These prominent Charleston families grew wealthy through commercial trading of Sea Island and upland cotton rice and wine Charleston emerges as a main character in these letters as the discrepancy between the wealthy upper class and working class immigrants becomes more pronounced There are also letters from family members who traveled widely for business and pleasure They recount travel adventures in England and France on the slopes of Mount Vesuvius and at Niagara Falls The Gourdins and Youngs lived in material comfort for over three decades and fought to preserve their way of life the basis of which was made possible by slavery The family was one shaped by privilege and destroyed by war When the world changed as a result of the Civil War the family members were left penniless It is unusual that both sides of this correspondence have survived making this collection an extraordinary primary source for historical research Historically minded general readers will also enjoy the perspective on the urban South that these letters provide Philip N Racine published numerous articles and books about southern history including Piedmont Farmer He is currently the William R Kenan Professor of History at Wofford College where he has taught since 1969 Papers of Henry Laurens Henry Laurens, David R. Chesnutt, C. James Taylor, 2003-03 The concluding volume of a prestigious documentary edition This the sixteenth and final volume of The Papers of Henry Laurens covers the last ten years of the statesman s life During this period Henry Laurens spent a hectic twenty two months as a peace commissioner traveling between Paris and London conferring with British ministers and his colleagues on the peace commission At the same time Laurens was coping with the grief of losing his eldest son John Laurens in battle family conflicts over a proposed marriage between his elder daughter and a French fortune hunter and his own poor health This mixture of public and private concerns continued throughout his stay in

Europe as the commissioners attempted to negotiate a final peace treaty and a trade agreement with former allies and foes In January 1785 Laurens returned to South Carolina where he devoted the remainder of his life to personal affairs Despite encouragement to return to public service Laurens remained a private citizen with an active interest in the progress of his state In his later years he recommended an end to the importation of slaves and diversification of the economy Laurens died on December

**Love and Loss** Robin Jaffee Frank, New Haven Yale University, 2000-01-01 Most often portrait miniatures were painted in watercolor on thin disks of ivory They were sometimes worn as jewelry sometimes framed to be viewed privately Many were painted by specialists although renowned easel artists including Benjamin West John Singleton Copley and Charles Willson Peale also created them to commemorate births engagements marriages deaths and other joinings or separations The book traces the development of this exquisite art form revealing the close ties between the history of the miniature and the history of American private life **BOOK JACKET** *Huguenot Genealogies*, 2001 The volume at hand a reprint of Volume II of the printed records of Cambridge is a transcription of the records of Cambridge town meetings and meetings of selectmen from the town's beginnings until 1703

**The Southern Middle Class in the Long Nineteenth Century** Jonathan Daniel Wells, Jennifer R. Green, 2011-12-12 Jonathan Daniel Wells and Jennifer R Green provide a series of provocative essays reflecting innovative original research on professional and commercial interests in the nineteenth century South a place often seen as being composed of just two classes planters and slaves Rather an active middle class made up of men and women devoted to the cultural and economic modernization of Dixie worked with each other and occasionally their northern counterparts to bring reforms to the region With a balance of established and younger authors of antebellum and postbellum analyses and of narrative and quantitative methodologies these essays offer new ways to think about politics society gender and culture during this exciting era of southern history The contributors show that many like minded southerners sought to create a New South with a society similar to that of the North They supported the creation of public schools and an end to dueling but less progressive reform was also endorsed such as building factories using slave labor rather than white wage earners The Southern Middle Class in the Long Nineteenth Century significantly influences thought on the social structure of the South the centrality of class in history and the events prior to and after the Civil War

By-laws of the Gourdin-Gourdine Family Association Gourdin-Gourdine Family Association, 1998 **A Southern Sportsman** Ben McC. Moise, 2014-07-28 Tales of pursuing turkeys deer ducks and partridges through the fields forests and swamps of South Carolina Henry Edwards Davis 1879 1966 began his hunting adventures as a boy riding in the saddle with his father on foxhunts and deer drives in the company of Confederate cavalry veterans Born on Hickory Grove Plantation in Williamsburg County South Carolina Davis developed his taste for the hunt at an early age In later years he became a renowned sportsman and expert on sporting firearms Published here for the first time after a four decade long hiatus his collection of southern hunting tales describes his many experiences in pursuit of turkeys deer ducks and partridges through

the fields forests and swamps of South Carolina s Pee Dee region His memoir offers a lucid firsthand account of a time before paved roads and river spanning bridges had penetrated the rural stretches of Williamsburg and Florence counties when hunting was still one of a southerner s chief social activities With a sportsman s interest and a historian s curiosity Davis intersperses his hunting narratives with tales of the region s rich history from before the American Revolution to his times in the first half of the twentieth century Davis a connoisseur of fine sporting firearms also chronicles his personal experiences with a long line of rifles and shotguns beginning with his first Old Betsy a fourteen gauge cap lock muzzleloader and later with some of the finest modern American and British shotguns He describes as well a host of small bore rifles many of which he assembled himself bedding the barrels and actions in hand carved stocks Edited by retired lowcountry game warden Ben McC Mo se and featuring a foreword by outdoor writer Jim Casada Davis s memoir is a valuable account of hunting lore and historic firearms as well as a record of evolving cultural attitudes and economic conditions in post Reconstruction South Carolina and of the practices that gave rise to modern natural conservation efforts

**What Soldiers Do** Mary Louise Roberts, 2013-05-10 This sobering account vividly depicts the impact of the influx of hundreds of thousands of GIs on French society especially on French women Foreign Affairs How do you convince men to charge across heavily mined beaches into deadly machine gun fire Do you appeal to their bonds with their fellow soldiers their patriotism their desire to end tyranny and mass murder Certainly but if you re the US Army in 1944 you also try another tack You dangle the lure of beautiful French women waiting just on the other side of the wire ready to reward their liberators in oh so many ways That s not the picture of the Greatest Generation that we ve been given but it s the one Mary Louise Roberts paints to devastating effect in *What Soldiers Do* Drawing on an incredible range of sources including news reports propaganda and training materials official planning documents wartime diaries and memoirs Roberts tells the fascinating and troubling story of how the US military command systematically spread and then exploited the myth of French women as sexually experienced and available The resulting chaos ranging from flagrant public sex with prostitutes to outright rape and rampant venereal disease horrified the war weary and demoralized French population The sexual predation and the blithe response of the American military leadership also caused serious friction between the two nations just as they were attempting to settle questions of long term control over the liberated territories and the restoration of French sovereignty While never denying the achievement of D Day or the bravery of the soldiers who took part *What Soldiers Do* reminds us that history is always more useful and more interesting when it is most honest and when it goes beyond the burnished beauty of nostalgia to grapple with the real lives and real mistakes of the people who lived it Many will appreciate this nuanced history of sex war and power

**An Anxious Pursuit** Joyce E.

Chaplin,2012-12-01 In *An Anxious Pursuit* Joyce Chaplin examines the impact of the Enlightenment ideas of progress on the lives and minds of American planters in the colonial Lower South She focuses particularly on the influence of Scottish notions of progress tracing the extent to which planters in South Carolina Georgia and British East Florida perceived themselves as a modern improving people She reads developments in agricultural practice as indices of planters desire for progress and she demonstrates the central role played by slavery in their pursuit of modern life By linking behavior and ideas Chaplin has produced a work of cultural history that unites intellectual social and economic history Using public records as well as planters and farmers private papers Chaplin examines innovations in rice indigo and cotton cultivation as a window through which to see planters pursuit of a modern future She demonstrates that planters actively sought to improve their society and economy even as they suffered a pervasive anxiety about the corrupting impact of progress and commerce The basis for their accomplishments and the root of their anxieties according to the Chaplin were the same race based chattel slavery Slaves provided the labor necessary to attain planters vision of the modern but the institution ultimately limited the Lower South s ability to compete in the contemporary world Indeed whites continued to wonder whether their innovations some of them defied by slaves truly improved the region Chaplin argues that these apprehensions prefigured the antimodern stance of the antebellum period but she contends that they were as much a reflection of the doubt inherent in theories of progress as an outright rejection of those ideas
