The Grand Tour:

The Grand Tour Christopher Hibbert, 1974 **The Grand Tour** Mike Rendell, 2022-03-17 An introduction to the raucous yet educational gap year tours of Europe taken by wealthy British aristocrats in the eighteenth and early nineteenth centuries For many young eighteenth century aristocrats the Grand Tour was an essential rite of passage Spending many months travelling established routes through France and Italy they would visit the great cultural sites of western Europe from Paris through to Venice Florence and Rome ostensibly absorbing art architecture and culture Yet all too often it was a gateway to gambling and debauchery In this beautifully illustrated guide Mike Rendell shows how the tour reached its zenith examining the young tourists activities and how they acquired polish and an appreciation for fashion opera and classical antiquity He also explores their passion for souvenirs and art collecting and how these items made their way back to grand country houses which were themselves often modelled to the rules of classical European architecture **The Grand Tour Guide to the World** James May, 2017-10-05 From the stars of Amazon Prime s THE GRAND TOUR THE GRAND TOUR GUIDE TO THE WORLD is part travel companion part factually dubious encyclopedia and part scrapbook of a travelling circus all told through the juvenile egotistical yet undeniably amusing voices of the three former stars of TOP GEAR **The Grand Tour** Thomas Nugent, 1749 *Complete Gentlemen* Richard Ansell, 2022-01-06 This is the first study to look beyond the Italian Grand Tour to the wider culture of educational travel that thrived among British and Irish landowners between 1650 and 1750 Based on deep archival research it explores the meanings of continental travel for social mobility elite formation landed identity masculinity and Englishness **Cultural Tourism** Milena Ivanovic, 2008 Stressing the interconnectedness of tourism and culture this valuable handbook explores what tourism industry professionals need to know to succeed Globalization landmark attractions and cultural heritage are among the topics discussed from both international and local perspectives Each chapter also concludes with a comprehensive series of self assessment questions and a proposed task that professionals and students can do to enrich their cultural learning experience **The Evolution of the Grand Tour** Edward Chaney, 2000 Unlike other studies of the Grand Tour this book deals not so much with the fully fledged 18th century phenomenon but rather with the 16th and 17th centuries and the way in which the English became conscious of the Italian Renaissance and thereby discovered classical antiquity itself Revised essays document the lives and travels of the personalities who contributed to establishing a convention which eventually came to dominate European culture An epilogue pays tribute to Sir Harold Acton 1904 1994 Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR **Tourism Management** Stephen J.
