## **The Great Commandment A Theology Of Resistance And Transformation:**

The Great Commandment Eleanor Humes Haney,1998 The Great Commandment provides a practical theology to address the oppression and injustices in our lives and our institutions Eleanor Haney writes with the conviction of one who has spent her life working within communities to formulate a core community ethic to love God with all your heart and to love your neighbor as yourself

**A Pauline Theology of Church Leadership** Andrew D. Clarke,2008-01-29 Scholarly studies consider Paul s views on leadership tend to fall into one of three camps 1 the historical development view which in large measure identifies developments in church practice with developments in Pauline and deuterio Pauline ecclesiology 2 the synchronic historical reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul s particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work *Serve the Community of the Church* Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul s critical responses his generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul s attitude towards hierarchy egalitarianism authority responsibility and privilege

The Logic of Evangelism Michael J. Gehring,Andrew D. Kinsey,Vaughn W. Baker,2019-02-14 The publication of William J Abraham s *The Logic of Evangelism* in 1989 marked a turning point in the field and practice of evangelism Almost thirty years later the book still provokes discussion as it stimulates both theorists and practitioners to comprehend evangelism as initiation into God s reign Combining theological insight and historical analysis Abraham s groundbreaking work remains the primary text to set the stage for how evangelism may be conceived In these timely essays written by both theologians and church leaders *The Logic of Evangelism Revisited* takes a critical and yet appreciative look into the ways Abraham s work still speaks to the church in today s world The authors coming from a wide array of backgrounds show how *The Logic of Evangelism* remains a key text into the twenty first century

**Reimagining Theologies of Marriage in Contexts of Domestic Violence** Rachel Starr,2018-04-17 Domestic violence is a significant threat to women s survival But Christian understandings of marriage often prevent women from resisting abusive relationships Can the Church s teaching on marriage be reshaped so that it helps women to survive rather than encourage them to submit to their husband bear their

cross or sacrifice themselves for the sake of their marriage Focusing on everyday practices of marriage in two very different contexts Argentina and England *Reimagining Theologies of Marriage in Contexts of Domestic Violence* considers how Christian understandings of marriage as a covenant or sacrament relate to the lived experience of marriage Drawing on Augustine's notion of the goods of marriage and on belief in the saving power of marriage this book suggests that only when the wellbeing of bodies is central to a marriage can it have the power to save *Practicing Care in Rural Congregations and Communities* Jeanne Hoeft, L. Shannon Jung, Joretta Marshall, L. Shannon Jung, 2013-07-01 Pastoral care in rural communities is different from care in other locales Despite these differences rural churches and communities also hold a particular wisdom from which the rest of the church might benefit Small towns and rural areas have particular challenges and in seeking to live out the Christian life in the midst of those local churches have unique and useful insights into what it means to care for one another **Unity in Mission** Mitzi Budde, Donald A. D. Thorsen, 2013 **What Men Owe to Women** John C.

Raines, Daniel C. Maguire, 2001-01-04 Men from a wide range of traditions discuss gender justice in world religions

**Ecospirit** Laurel Kearns, Catherine Keller, 2009-08-25 We hope even as we doubt that the environmental crisis can be controlled Public awareness of our species self destructiveness as material beings in a material world is growing but so is the destructiveness The practical interventions needed for saving and restoring the earth will require a collective shift of such magnitude as to take on a spiritual and religious intensity This transformation has in part already begun Traditions of ecological theology and ecologically aware religious practice have been preparing the way for decades Yet these traditions still remain marginal to society academy and church With a fresh transdisciplinary approach Ecospirit probes the possibility of a green shift radical enough to permeate the ancient roots of our sensibility and the social sources of our practice From new language for imagining the earth as a living ground to current constructions of nature in theology science and philosophy from environmentalism's questioning of postmodern thought to a garden of green doctrines rituals and liturgies for contemporary religion these original essays explore and expand our sense of how to proceed in the face of an ecological crisis that demands new thinking and acting In the midst of planetary crisis they activate imagination humor ritual and hope

brings into conversation with the works of the American pragmatist and semiotician Charles Sanders Peirce Dr Orji also collaborates in inter religious dialogue and the intersection of religion and culture inculturation post colonial critical theory and Black and African theologies and engages in communal practices of communicative theology in the development of local contextual theologies He has published numerous articles in various peer reviewed journals and is the author of *A Semiotic Approach to the Theology of Inculturation* 2015 *An Introduction to Religious and Theological Studies* 2015 The Catholic University and the Search for Truth 2013 and *Ethnic and Religious Conflicts in Africa An Analysis of Bias and Conversion Based on the Work of Bernard Lonergan* 2008 Religion and Politics John W. Storey, Glenn H. Utter, 2002-02-01 Focusing on religions such as Islam and Buddhism this volume shows how religion influences politics and vice versa Delving into such subjects as the separation of church and state in the United States the domination of the state by religion in Iran and the control of religion by the state in China this survey illuminates cultural differences This book gives a revealing look at the numerous relationships between religion and politics In the Church of England for example the 26 most senior Anglican bishops have seats in the House of Lords Religion and Politics also includes biographical sketches of thinkers and doers whose careers intersected religion and politics in significant ways from the Berrigan brothers to Osama bin Laden Also included are data and quotes a directory of politically active religious groups and a 150 page annotated bibliography

**Feminism** ,1997      Feminist Bookstore News ,1999      *One Aryan Nation Under God* Jerome Walters,2000 What do racial extremists believe about God religion and their own place in the world How should the Christian church respond to these beliefs Drawing on his own experiences as a minister in an area of Montana where extremist groups are active Jerome Walters provides an in depth look at such groups in the United States and at the theological ideas undergirding their beliefs He reveals that many of these groups have at their core the belief that Adam and Eve gave birth to the white race while nonwhite races were the progeny of Eve and the serpent From this belief emanate all the controversial issues that attract media coverage Unlike other exposes however *One Nation Under God* goes beyond simply explaining the beliefs of these groups It provides an antidote by giving practical steps Christians can take to counter the overt and covert acts of racial extremists      **Feminist Studies** ,1998      *Biblical Theology of the Old and New Testaments* Brevard S. Childs,1993-04 This monumental work is the first comprehensive biblical theology to appear in many years and is the culmination of Brevard Child s lifelong commitment to constructing a biblical theology that surmounts objections to the discipline raised over the past generation Childs rejects any approaches that overstress either the continuity or discontinuity between the Old and New Testaments He refuses to follow the common pattern in Christian thought of identifying biblical theology with the New Testament s interest in the Old Rather Childs maps out an approach that reflects on the whole Christian Bible with its two very different voices each of which retains continuing integrity and is heard on its own terms      The Publishers Weekly ,1998
