Comparing Black Deaths in Custody, Police Brutality, and Social Justice Solutions Simmons, Janelle Christine, 2023-05-16

In today's modern era it has never been more crucial to ensure the safety of vulnerable populations in particular Black individuals in custody. Further study is required to implement best practices and strategies that improve protection. *Comparing Black Deaths in Custody, Police Brutality, and Social Justice Solutions* describes the actions that lead to the death of Black people while they are in the process of being detained by a law enforcement agent or are already detained. This publication focuses on three core countries: America, Australia, and South Africa, where Black deaths in custody appear to occur at higher rates. Covering key topics such as racism, prejudice, and slavery, this reference work is ideal for industry professionals, law enforcement officers, government officials, policymakers, researchers, scholars, academicians, practitioners, instructors, and students. *Health and the Modern Home* Mark Jackson, 2008-02-07. *Health and the Modern Home* explores shifting and contentious debates about the impact of the domestic environment on health in the modern period. Drawing on recent scholarship, contributors expose the socio-political context in which the physical and emotional environment of the modern home and family became implicated in the maintenance of health and in the aetiology and pathogenesis of diverse psychological and physical conditions. In addition, they critically analyze the manner in which the expression and articulation of medical concerns about the domestic environment served to legitimate particular political and ideological positions.
