**The ^ALion and the Lamb** William M. Shea, 2004-03-04 One of the most intriguing questions in contemporary American Christianity is whether the recent warming of relations between Catholics and conservative evangelicals promises a thaw in the ice age that has lasted since the sixteenth century American evangelical Protestants and Roman Catholics have hated and suspected one another since colonial times In the twentieth century however each community has experienced radical change and this has led to a change in the relationship between the two In this book William Shea examines the history of this troubled relationship and the signs of potential reconciliation His springboard is the recent publicity given to the 1993 document Evangelicals and Catholics Together in which several well known figures from each camp acting as individuals signed a statement affirming much more common theological and social ground than any other American Catholic evangelical group had ever done Looking back Shea surveys the long and very bitter history of published recriminations that have flown back and forth between Catholics and many kinds of Protestants since the 16th century He makes the case that Catholics and conservative Protestants reacted along parallel lines to western modernity especially naturalistic evolution and higher criticism of the Bible That deeper history leads him to the more recent history that has partially overcome the severe Catholic evangelical antagonisms Here he focuses on the rise of neo evangelicals associated with Billy Graham and the National Association of Evangelicals and on the changes with the Catholic church since Vatican II He goes on to offer systematic interpretations of recent evangelical literature on Catholics and Catholic literature on evangelicals The book ends with some historical but also theological social and personal conclusions This accessible groundbreaking and timely study will be indispensable reading for all interested in the religious landscape of America today Happiness Digest Ellen G. beginning of the world s history there have been two supernatural powers contending for supremacy of the world the one seeking to establish a kingdom built on laws of love and truth the other on the alaws of selfishness and deception This warfare involving the entire universe touches every life In fact this earth has become the final battleground where the powers of evil and the powers of good have met to demonstrate before humanity and the unseen intelligence of other worlds

whose right it is to rule the expanse of creation These two contending powers are Christ and Satan and the great and final battle the battle to end all battles is right now being fought before our very eyes The Great Controversy unveils these two forces at work in human history and in the events that are soon to change the course of this world forever The Bible Made Plain is a verse by verse study of nineteen of the most important subjects of Scripture highlighting the truths of the greatest consequence of all living in these last days before Christ returns as King of kings and Lord of lords the rightful ruler of earth and heaven     *North Dakota Banker* ,1922     Indianapolis Monthly ,2001-12 Indianapolis Monthly is the Circle City s essential chronicle and guide an indispensable authority on what s new and what s news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy s cultural landscape     *Commonweal* ,1967     Arts & Humanities Citation Index ,1975 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals     *The California Weekly* ,1909
