The Great Society Reader The Failure Of American Liberalism:

The Great Society Reader Marvin E. Gettleman, David Mermelstein, 1967 The Divided Mind of American Liberalism James R. Hurtgen, 2002-01-01 The Divided Mind of American Liberalism reveals the crisis at the heart of modern American liberalism James Hurtgen's historical narrative traces the liberal movement through three periods of reform the progressive movement the New Deal and the Great Society Drawing on the views of political activists presidents and theorists the work examines the tensions that resulted in the ideological disunion based on deep and lasting divisions over the desirability of centralized political power of the communitarian decentralists and individualist modernist wings of the liberal movement It documents how a modernist willingness to accept properly reformed nationally exercised power held sway through much of the century only to be supplanted in the sixties and early seventies by decentralists champions of local government as the ideal political unit This superb study demonstrates the central role liberalism has played in modern American political development and lays bare a liberal movement thrown into crisis by competing theories of social order **Great Society Reader; The Failure of American Liberalism, Ed by Marvin E. Gettleman and David Mermelstein** Marvin E. Gettleman, 1967 **Vicente Ximenes, LBJ's Great Society, and Mexican American Civil Rights Rhetoric** Michelle Hall Kells, 2018 Beginning as a grassroots organizer in the 1950s Vicente Ximenes was at the forefront of the movement for Mexican American civil rights through three presidential administrations joining Lyndon B Johnson's Great Society and later emerging as one of the highest ranking appointees in Johnson's administration One of the most influential government representatives of Mexican American issues in recent history Ximenes succeeded largely because he could adapt his rhetoric for different audiences in his speeches and writings In Vicente Ximenes LBJ's Great Society and Mexican American Civil Rights Rhetoric Michelle Hall Kells elucidates Ximenes's achievement through a rhetorical history of his career as an activist Kells draws on Ximenes's extensive archive of speeches reports articles and oral interviews to present the activist's rhetorical history and begins each chapter with an excerpt from the collection that showcases Ximenes's ability to negotiate multiple public spheres Exploring Ximenes's legacy against the backdrop of the Cold War era Kells's analyses illustrate how Ximenes effectively agitated for open inclusive and pluralist democracy at regional and national levels After a discussion of Ximenes's early life the author focuses on his career as an activist examining Ximenes's leadership in several key civil rights events including the historic 1967 White House cabinet committee hearings on Mexican American Affairs and highlighting his role in advancing Mexican Americans and Latinos from social marginalization to greater representation in national politics Kells concludes by reflecting on the later years of Ximenes's life and his contributions to the post World War II civil rights movement Vicente Ximenes LBJ's Great Society and Mexican American Civil Rights Rhetoric shows us a remarkable man who dedicated the majority of his life to public service using rhetoric to mobilize activists for change at the grassroots level as well as at the highest levels of government to secure civil rights advances for his fellow Mexican Americans **The**

Great Society Reader Marvin E. Gettleman, David Mermelstein, 1967 **Federalism and Subsidiarity** James E. Fleming, Jacob T. Levy, 2014-06-27 In *Federalism and Subsidiarity* a distinguished interdisciplinary group of scholars in political science, law, and philosophy address the application and interaction of the concept of federalism within law and government. What are the best justifications for and conceptions of federalism? What are the most useful criteria for deciding what powers should be allocated to national governments and what powers reserved to state or provincial governments? What are the implications of the principle of subsidiarity for such questions? What should be the constitutional standing of cities in federations? Do we need to remap federalism to reckon with the emergence of translocal and transnational organizations with porous boundaries that are not reflected in traditional jurisdictional conceptions? Examining these questions and more, this latest installation in the NOMOS series sheds new light on the allocation of power within federations.

Dreaming Suburbia Amy Maria Kenyon, 2004-09-17 A multifaceted cultural study of suburbanization in the United States and Detroit in particular during the postwar suburban boom. *Dreaming Suburbia* is a cultural and historical interpretation of the political economy of postwar American suburbanization. Questions of race, class, and gender are explored through novels, film, television, and social criticism, where suburbia features as a central theme. Although suburbanization had important implications for cities and for the geopolitics of race, critical considerations of race and urban culture often receive insufficient attention in cultural studies of suburbia. This book puts these questions back in the frame by focusing on Detroit, Dearborn, and Ford history and the local suburbs of Inkster and Garden City. Covering such topics as the political and cultural economy of suburban sprawl, the interdependence of city and suburb, and local acts of violence and crises during the 1967 riots, the text examines the making of a physical place, its cultural effects, and social exclusions. The perspectives of cultural history, American studies, social science, and urban studies give *Dreaming Suburbia* an interdisciplinary appeal.

Veblen's America Sidney Plotkin, 2018-12-28 Donald Trump's astonishing rise to the US presidency challenges conventional understandings of American politics; yet he is distinctively American. His biography and family lineage reflect American traditions such as real estate hucksterism and buccaneering salesmanship. But Trump's pugnacity also reflects the shadow of other darker American traditions of misogyny, racism, and xenophobia—patterns that formed what Thorstein Veblen called a sclerosis of the American soul. Using Veblen's theory of American development to explore the nation's curious fusion of barbarism and liberal democracy, *Veblen's America* taps the rich vein of the sociologist's early twentieth-century insights to shed light on the Trump phenomenon that has overwhelmed and threatened early twenty-first-century American democracy.

Keep Out Sidney Plotkin, 2023-04-28 This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1987.

Family Values Isabel Heinemann, 2023-10-04 Clashes over the

American family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families to American society. This is the insight underpinning Isabel Heinemann's groundbreaking study which traces over the course of the twentieth century debates on the family and its role, the relationship between the individual and society and individual decision making rights as well as their denial or curtailment. Unpacking these issues in a vivid and innovative analysis, the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change, normative shifts and the counter movements spawned in response to them.

The Failure of American Liberalism After the Great Society Marvin E. Gettleman, David Mermelstein, 1971

To Secure These Rights Scott Douglas Gerber, 1995-06-01

A legal scholar puts forward a rigorous and provocative theory of constitutional interpretation that cuts across today's partisan divide. *To Secure These Rights* enters the fascinating and often contentious debate over constitutional interpretation. Scott Douglas Gerber argues that the Constitution of the United States should be interpreted in light of the natural rights political philosophy of the Declaration of Independence and that the Supreme Court is the institution of American government that should be primarily responsible for identifying and applying that philosophy in American life. Importantly, the theory advanced in this book, what Gerber calls liberal originalism, is neither consistently liberal nor consistently conservative in the modern conception of those terms. Rather, the theory is liberal in the classic sense of viewing the basic purpose of government to be safeguarding the natural rights of individuals. As Thomas Jefferson wrote in the Declaration of Independence, to secure these rights, governments are instituted among men. In essence, Gerber maintains that the Declaration articulates the philosophical ends of our nation and that the Constitution embodies the means to effectuate those ends. Gerber's analysis reveals that the Constitution cannot be properly understood without recourse to history, political philosophy and law.

Remaking Micronesia David L. Hanlon, 1998-03-01

America's efforts at economic development in the Caroline, Mariana and Marshall Islands proved to be about transforming in dramatic fashion people who occupied real estate deemed vital to American strategic concerns. Called Micronesians, these island people were regarded as other and their otherness came to be seen as incompatible with American interests. And so, underneath the liberal rhetoric that surrounded arguments, proposals and programs for economic development was a deeper purpose: America's domination would be sustained by the remaking of these islands into places that had the look, feel, sound, speed, smell and taste of America. Had the many and varied plans actually succeeded, however, the gap between intent and effect holds a rich and deeply entangled history. *Remaking Micronesia* stands as an important, imaginative, much needed contribution to the study of Micronesia, American policy in the Pacific and the larger debate about development. It will be an important source of insight and critique for scholars and students working at the intersection of history, culture and power in the Pacific.

The Music Has Gone Out of the Movement David C. Carter, 2012-09-01

After the passage of sweeping civil rights and voting rights legislation in 1964 and 1965, the civil rights movement stood poised to

build on considerable momentum In a famous speech at Howard University in 1965 President Lyndon B Johnson declared that victory in the next battle for civil rights would be measured in equal results rather than equal rights and opportunities It seemed that for a brief moment the White House and champions of racial equality shared the same objectives and priorities Finding common ground proved elusive however in a climate of growing social and political unrest marked by urban riots the Vietnam War and resurgent conservatism Examining grassroots movements and organizations and their complicated relationships with the federal government and state authorities between 1965 and 1968 David C Carter takes readers through the inner workings of local civil rights coalitions as they tried to maintain strength within their organizations while facing both overt and subtle opposition from state and federal officials He also highlights internal debates and divisions within the White House and the executive branch demonstrating that the federal government s relationship to the movement and its major goals was never as clear cut as the president s progressive rhetoric suggested Carter reveals the complex and often tense relationships between the Johnson administration and activist groups advocating further social change and he extends the traditional timeline of the civil rights movement beyond the passage of the Voting Rights Act

Civil Rights Crossroads Steven F. Lawson,2021-03-17 Over the past thirty years Steven F Lawson has established himself as one of the nation s leading historians of the black struggle for equality Civil Rights Crossroads is an important collection of Lawson s writings about the civil rights movement that is essential reading for anyone concerned about the past present and future of race relations in America Lawson examines the movement from a variety of perspectives local and national political and social to offer penetrating insights into the civil rights movement and its influence on contemporary society Civil Rights Crossroads also illuminates the role of a broad array of civil rights activists familiar and unfamiliar Lawson describes the efforts of Martin Luther King Jr and Lyndon Johnson to shape the direction of the struggle as well as the extraordinary contributions of ordinary people like Fannie Lou Hamer Harry T Moore Ruth Perry Theodore Gibson and many other unsung heroes of the most important social movement of the twentieth century Lawson also examines the decades long battle to achieve and expand the right of African Americans to vote and to implement the ballot as the cornerstone of attempts at political liberation

Art, Activism, and Oppositionality Grant H. Kester,1998 A collection of essays from the influential American journal of film video and photography exploring ideologies and institutions of the artworld current media strategies for producing social change and topics around gender race and representation I

Left and Right: A Journal of Libertarian Thought (Complete, 1965-1968) Murray N. Rothbard,2007 Complete 1965 1968 **The Will to Empower** Barbara Cruikshank,1999 Combining knowledge of social policy and practice with insights from poststructural and feminist theory the text demonstrates how democratic citizens and the political are continually recreated *From the New Deal to the War on Schools* Daniel S. Moak,2022-05-10 In an era defined by political polarization both major U S parties have come to share a remarkably similar understanding of the education system as well as a set of punitive strategies for fixing it

Combining an intellectual history of social policy with a sweeping history of the educational system Daniel S Moak looks beyond the rise of neoliberalism to find the origin of today s education woes in Great Society reforms In the wake of World War II a coalition of thinkers gained dominance in U S policymaking They identified educational opportunity as the ideal means of addressing racial and economic inequality by incorporating individuals into a free market economy The passage of the Elementary and Secondary Education Act ESEA in 1965 secured an expansive federal commitment to this goal However when social problems failed to improve the underlying logic led policymakers to hold schools responsible Moak documents how a vision of education as a panacea for society s flaws led us to turn away from redistributive economic policies and down the path to market based reforms No Child Left Behind mass school closures teacher layoffs and other policies that plague the public education system to this day **The Democratic Imagination in America** Russell L. Hanson, 2014-07-14

Russell Hanson discovers in the history of democratic rhetoric in the United States a series of essential contests over the meaning of democracy that have occurred in periods of political and socio economic change Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Great Society Reader The Failure Of American Liberalism Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Great Society Reader The Failure Of American Liberalism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Great Society Reader The Failure Of American Liberalism has opened up a world of possibilities. Downloading The Great Society Reader The Failure Of American Liberalism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Great Society Reader The Failure Of American Liberalism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Great Society Reader The Failure Of American Liberalism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Great Society Reader The Failure Of American Liberalism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Great Society Reader The Failure Of American

Liberalism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Great Society Reader The Failure Of American Liberalism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Great Society Reader The Failure Of American Liberalism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
