The Great War Robert Cowley, 2004 The great war or the First World War as most Americans call it was the true turning point of the century just past It brought down dynasties and empires including the Ottoman one of the roots of our present difficulties It changed the United States from a bumptious provincial nation into a world power It made World War II inevitable and the Cold War as well Above all the Great War was history s first total war an armed conflict on a world stage between industrialized powers Robert Cowley has brought together the thirty articles in this book to examine that unnecessary but perhaps inevitable war in its diverse aspects A number of the subjects covered here are not just unfamiliar but totally fresh Who originated the term no man s land and the word tank What forgotten battles nearly destroyed the French Army in 1915 How did the discovery of a German naval codebook bring the United States into the war What was the weapon that for the first time put a man made object into the stratosphere The Great War takes a hard look at the legend of the Massacre of the Innocents at Ypres in 1914 an event that became a cornerstone of Nazi mythology It describes the Gallipoli campaign as it has never been described before from the Turkish side Brought to life as well are the horrors of naval warfare as both British and German sailors experienced them at the Battle of Jutl the near breakdown of the American commander John H Pershing and the rarely told story of the British disaster on the Tigris River in what is now Iraq Michael

Harlem's Rattlers and the Great War Jeffrey T. Sammons, John H. Morrow, Jr., 2015-09-26 When on May 15 1918 a French lieutenant warned Henry Johnson of the 369th to move back because of a possible enemy raid Johnson reportedly replied I m an American and I never retreat The story even if apocryphal captures the mythic status of the Harlem Rattlers the African American combat unit that grew out of the 15th New York National Guard who were said to have never lost a man to capture or a foot of ground that had been taken It also in its insistence on American identity points to a truth at the heart of this book more than fighting to make the world safe for democracy the black men of the 369th fought to convince America to live up to its democratic promise It is this aspect of the storied regiment s history its place within the larger movement of African Americans for full citizenship in the face of virulent racism that *Harlem s Rattlers and the Great War* brings to the fore With sweeping vision historical precision and unparalleled research this book will stand as the definitive study of the 369th Though discussed in numerous histories and featured in popular culture most famously the film *Stormy Weather* and the novel *Jazz* the 369th has become more a matter of mythology than grounded factually accurate history a situation that authors Jeffrey T Sammons and John H Morrow Jr set out to right Their book which eschews the regiment s famous nickname the Harlem Hellfighters a name never embraced by the unit itself tells the full story of the self proclaimed Harlem Rattlers Combining the fighting focus of military history with the insights of social commentary *Harlem s Rattlers and the Great War* reveals the centrality of military service and war to the quest for equality as it details the origins evolution combat exploits and postwar struggles of the 369th The authors take up the internal dynamics of the regiment as well as external pressures paying particular attention to the environment created by the presence of both black and white officers in the unit They also explore the role of women in particular the Women s Auxiliary of the 369th as partners in the struggle for full citizenship From its beginnings in the 15th New York National

Guard through its training in the explosive atmosphere in the South its singular performance in the French army during World War I and the pathos of postwar adjustment this book reveals as never before the details of the Harlem Rattlers experience the poignant history of some of its heroes its place in the story of both World War I and the African American campaign for equality and its full i

[The Sherwood Foresters in the Great War 1914-1919 \(WWI Centenary Series\)](#) W. C. C. Weetman,2016-03-10 The book is not intended in any way to be a literary effort All that has been attempted has been a simple narrative of our doings for the use primarily of persons connected with the Battalion My main endeavour throughout has been to secure accuracy but it will be understood that in sifting the mass of material placed at my disposal errors may have crept in I trust however that these are few This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context

**The Legacy of Serbia's Great War** Alex Tomić,2024-01-05 In the winter of 1915 following the invasion of Serbia by the Central Powers the Serbian Army retreated across the mountains of Albania and Montenegro together with thousands of civilians Around 240 000 lost their lives Today the story of the retreat is little known except in Serbia where it represents the heroic Serbian sacrifice in the Great War In this book Alex Tomic examines the centenary events memorializing the First World War with the retreat at its core and provides a persuasive account of the ways in which the remembrance of Serbian history has been manipulated for political purposes Whether through commemorations ceremonies or grass root initiatives she demonstrates how these have been used as distractions from the more recent unexamined past and in doing so provides an important new perspective on the cultural history of commemoration

**The Story of the Great War (Complete)** Various Authors, What lesson will America draw from the present Great War Must she see the heads of her own children at the foot of the guillotine to realize that it will cut or will she accept the evidence of the thousands which have lain there before Will she heed the lesson of all time that national unpreparedness means national downfall or will she profit from the experience and misfortunes of others and take those needed measures of preparedness which prudence and wisdom dictate In a word will she draw any valuable lessons from the Great War This is the question which is so often asked As yet there is no answer It is the question uppermost in the minds of all those who are intelligently interested in our country s welfare and safety It is the question which vitally concerns all of us as it concerns the defense and possibly the very existence of our nation The answer must be

Preparedness If we are to live preparedness to oppose the force of wrong with the strength of right Will it be That s the question Or will America drift on blind to the lessons of the world tragedy heedless of consequences concerned with the accumulation of wealth satiated with a sense of moral worth which the world does not so fully recognize planning to capture the commerce of the warring nations and expecting at the same time to retain their friendship and regard Let us hope that in the light of what is and as a preparation against what may be the answer will be characteristic of a great people peaceful but prudent and foreseeing that it will be thorough carefully thought out preparedness preparedness against war A preparedness which if it is to be lasting and secure must be founded upon the moral organization of our people an organization which will create and keep alive in the heart of every citizen a sense not only of obligation for service to the nation in time of war or trouble but also of obligation to so prepare himself as to render this service effective An organization which will recognize that the basic principle upon which a free democracy or representative government rests and must rest if they are to survive the day of stress and trouble is that with manhood suffrage goes manhood obligation for service not necessarily with arms in hand but for service somewhere in that great complex mass which constitutes the organization of a nation s might and resources for defense organization which will make us think in terms of the nation and not those of city State or personal interest organization which will result in all performing service for the nation with singleness of purpose in a common cause preparedness for defense preparedness to discharge our plain duty whatever it may be Such service will make for national solidarity the doing away with petty distinctions of class and creed and fuse the various elements of this people into one homogeneous mass of real Americans and leave us a better and a stronger people Once such a moral organization is accomplished the remaining organization will be simple This will include an organization of transportation on land and sea and of communications An organization of the nation s industrial resources so that the energy of its great manufacturing plants may be promptly turned into making what they can best make to supply the military needs of the nation By military needs we mean all the complex requirements of a nation engaged in war requirements which are many of them requirements of peace as well as of war It will also include a thorough organization of the country s chemical resources and the development thereof so that we may be as little dependent as possible upon materials from overseas At present many important and essential elements come from overseas nations and would not be available in case of loss of sea control

*Brief History of the Great War* Carlton Joseph Huntley Hayes, 2015-06-24 Excerpt from A Brief History of the Great War The following pages constitute a connected story of the late war from its origins to the conclusion of the Peace of Versailles not for the edification of experts military or other but rather for the enlightenment of the general reader and student A definitive history of the war will never be written it is much too early of course even to attempt it All that the author has here essayed to do is to sketch tentatively what seem to him its broad outlines domestic politics of the several belligerents no less than army campaigns and naval battles and in presenting his synthesis to be guided so far as in him lay by an honest desire to put

heat and passion aside and to write candidly and objectively for the instruction of the succeeding generation The author is under special obligation to Messrs Dodd Mead and Company for the kind permission which they have accorded him of drawing freely upon the articles on The War of the Nations which he wrote in 1914 1915 and 1916 for their invaluable New International Year Book In the opening chapter of the present work the author has also incorporated a few paragraphs from the last chapter of his Political and Social History of Modern Europe to which in a way the Brief History of the Great War is supplementary About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*How the Pershore Plum Won the Great War* Professor Maggie Andrews,Jenni Waugh,2016-07-04 The First World War was won not just on the battlefields but on the Home Front by the men women and children left behind This book explores the lives of the people of Pershore and the surrounding district in wartime drawing on their memories letters postcards photographs leaflets and recipes to demonstrate how their hard work in cultivating and preserving fruit and vegetables helped to win the Great War Pershore plums were used to make jam for the troops but ensuring these and other fruits and vegetables were grown and harvested required the labour of land girls Boy Scouts schoolchildren Irish labourers and Belgian refugees When submarine warfare intensified food shortages occurred and it became vital for Britain to grow more and eat less food Housewives faced many challenges in feeding their families and so in 1916 the Pershore Women s Institute was formed providing many women with practical help and companionship during some of Britain s darkest hours in history

**The Story of the Great War, Volume 6** Churchill, Miller, and Reynolds,2016-02-19 World War I WWI or WW1 also known as the First World War or the Great War was a global war centred in Europe that began on 28 July 1914 and lasted until 11 November 1918 More than 70 million military personnel including 60 million Europeans were mobilised in one of the largest wars in history Over 9 million combatants and 7 million civilians died as a result of the war including the victims of a number of genocides a casualty rate exacerbated by the belligerents technological and industrial sophistication and the tactical stalemate caused by trench warfare a grueling form of warfare in which the defender held the advantage It was one of the deadliest conflicts in history and paved the way for major political changes including revolutions in many of the nations involved The war drew in all the world s economic great powers assembled in two opposing alliances the Allies based on the Triple Entente of the United Kingdom British Empire France and the Russian Empire versus the Central Powers of Germany and Austria Hungary Although Italy was a member of the Triple Alliance alongside Germany and Austria Hungary it did not join the Central Powers as Austria Hungary had taken the offensive

against the terms of the alliance These alliances were reorganised and expanded as more nations entered the war Italy Japan and the United States joined the Allies while the Ottoman Empire and Bulgaria joined the Central Powers The trigger for the war was the assassination of Archduke Franz Ferdinand of Austria heir to the throne of Austria Hungary by Yugoslav nationalist Gavrilo Princip in Sarajevo on 28 June 1914 This set off a diplomatic crisis when Austria Hungary delivered an ultimatum to the Kingdom of Serbia and entangled international alliances formed over the previous decades were invoked Within weeks the major powers were at war and the conflict soon spread around the world On 28 July the Austro Hungarians declared war on Serbia and subsequently invaded As Russia mobilised in support of Serbia Germany invaded neutral Belgium and Luxembourg before moving towards France leading the United Kingdom to declare war on Germany After the German march on Paris was halted what became known as the Western Front settled into a battle of attrition with a trench line that would change little until 1917 Meanwhile on the Eastern Front the Russian army was successful against the Austro Hungarians but was stopped in its invasion of East Prussia by the Germans In November 1914 the Ottoman Empire joined the Central Powers opening fronts in the Caucasus Mesopotamia and the Sinai Italy joined the Allies in 1915 and Bulgaria joined the Central Powers in the same year while Romania joined the Allies in 1916 followed by United States in 1917 The Russian government collapsed in March 1917 and a subsequent revolution in November brought the Russians to terms with the Central Powers via the Treaty of Brest Litovsk which constituted a massive German victory After a stunning German offensive along the Western Front in the spring of 1918 the Allies rallied and drove back the Germans in a series of successful offensives On 4 November 1918 the Austro Hungarian empire agreed to an armistice and Germany which had its own trouble with revolutionaries agreed to an armistice on 11 November 1918 ending the war in victory for the Allies By the end of the war the German Empire Russian Empire Austro Hungarian Empire and the Ottoman Empire had ceased to exist National borders were redrawn with several independent nations restored or created and Germany's colonies were parceled out among the winners During the Paris Peace Conference of 1919 the Big Four Britain France the United States and Italy imposed their terms in a series of treaties The League of Nations was formed with the aim of preventing any repetition of such a conflict This however failed with economic depression renewed European nationalism weakened member states and the German feeling of humiliation contributing to the rise of Nazism These conditions eventually contributed to World War II
