## **The Greatest Gift A Christmas Fable:**

**The Greatest Gift** Jack Fredrick Myers, 2003-10 Nauaf's father Melchior inspired by a dream sets off in a caravan of 200 people. Despite struggle and betrayal he and his family meet Gaspar and Balthazar. Together they follow the star to Beth Lehem where Nauaf offers his own gift.

**The Greatest Gift** Philip Van Doren Stern, 2014-10-28 A beautiful gift edition of the heartwarming story that became the Christmas classic *It's a Wonderful Life*. For almost seventy years people the world over have fallen in love with Frank Capra's classic Christmas movie *It's a Wonderful Life*. But few of those fans know that Capra's film was based on a short story by author Philip Van Doren Stern which came to Stern in a dream one night. Unable at first to find a publisher for his evocative tale about a man named George Pratt who ponders suicide until he receives an opportunity to see what the world would be like without him, Stern ultimately published the story in a small pamphlet and sent it out as his 1943 Christmas card. One of those 200 cards found its way into the hands of Frank Capra who shared it with Jimmy Stewart and the film that resulted became the holiday tradition we cherish today. Now fans of *It's a Wonderful Life* or anyone who loves the spirit of Christmas can own the story that started it all in an elegant illustrated edition that's perfect for holiday giving. It includes an Afterword by Stern's daughter Marguerite Stern Robinson that tells the story of how her father's Christmas card became the movie beloved by generations of people around the world.

social practice The law of gifts is well developed both in the civil and the common laws Richard Hyland s study provides an excellent view of the ways in which different civil and common law jurisdictions confront common issues The legal systems discussed include principally in the common law those of Great Britain the United States and India and in the civil law the private law systems of Belgium and France Germany Italy and Spain Professor Hyland also serves a critique of the dominant method in the field which is a form of functionalism based on what is called the praesumptio similitudinis namely the axiom that once legal doctrine is stripped away developed legal systems tend to reach similar practical results His study demonstrates to the contrary that legal systems actually differ not only in their approach and conceptual structure but just as much in the results
