The Green Bridge Stories From Wales:

The Green Bridge John Davies,1988 **Approaches to the Study of Stories from Wales** Jude Brigley,1993

Wales since 1939 Martin Johnes,2013-01-18 The period since 1939 saw more rapid and significant change than any other time in Welsh history Wales developed a more assertive identity of its own and some of the apparatus of a nation state Yet its economy floundered between boom and bust its traditional communities were transformed and the Welsh language and other aspects of its distinctiveness were undermined by a globalizing world Wales was also deeply divided by class language ethnicity gender religion and region Its people grew wealthier healthier and more educated but they were not always happier This ground breaking book examines the story of Wales since 1939 giving voice to ordinary people and the variety of experiences within the nation This is a history of not just a nation but of its residents hopes and fears their struggles and pleasures and their views of where they lived and the wider world **Letters written during a tour through North**

Wales John Evans,1804 **Letters written during a tour through South Wales** John Evans,1804 **Wales** Mike Parker,Paul Whitfield,1997 Features of this Rough Guide to Wales include thorough coverage of Wales mountain walks pointers on alternative culture in Wales Welsh environmental issues and Welsh nationalism This new edition features more maps walks and lesser known beaches Small Press Record of Books in Print Len Fulton,1994 **The Urgency of**

Identity David T. Lloyd,1994 This anthology of poems and interviews is a double revelation for U S readers presenting for the first time in this country the important English language Welsh poets of the 1980s and 1990s and illuminating the complexity constant flux and political implications of the poet s sense of inherited culture **Writing on the Edge** David T. Lloyd,1997 Complex and controversial issues have accompanied the development of English language literature in Wales generating a continuing debate over the nature of Welsh writing in English The main issues include the claim of some Welsh language writers to represent the only authentic literature of Wales the question of whether or not an extended literary tradition in English has existed in Wales the absence until fairly recently of a publishing apparatus for English language writers the rise of a Welsh nationalism committed to preserving the Welsh language and the question of whether English language literature in Wales can be distinguished from English literature proper The primary impulse for the interviews with the thirteen writers and editors in *Writing on the Edge* was to explore these and other issues relating to the literary and cultural identity in Wales in the last decade The book s title reflects these ongoing debates about the nature and direction of contemporary Welsh literature in English which is often perceived as peripheral both to Welsh speaking Wales and to the literary culture of England As one of the contributors to the volume says This is what it is to be Welsh It s an edge There s no moment of life in Wales that hasn t got that edge unless you decide you re not Welsh A Bibliographical Guide to Twenty-four Modern Anglo-Welsh Writers John Harris,Edward John Davies,1994 This is the most detailed guide in existence to a significant portion of the now extensive English language literature of Wales Two dozen major writers who are generally

associated with the Anglo Welsh literary renaissance are covered here Some like Dylan Thomas are internationally known figures who have been the subject of bibliographies in these cases the treatment here is the most up to date and comprehensive yet published Others less well known outside Wales are given full bibliographical treatment for the first time The volume will therefore be indispensable to students and teachers of literature in English at all levels The bibliography lists publications by and about each chosen writer Primary sections record the writer s monographic output in all editions and translations as well as uncollected contributions to books periodicals and newspapers Secondary lists include critical and biographical studies of each writer independent monographs sections of books periodical essays and academic theses Two important sections preface the individual author bibliographies one covering anthologies of Anglo Welsh poetry and prose the other a range of general critical and background studies In all this bibliography with close on 6 000 selectively annotated entries provides an indispensable reference guide to a developing area of literary and cultural research The Heart of
