This is followed by an overview of women's issues and the state of women's lives in the country.      **"The" Greenwood Encyclopedia of Women's Issues Worldwide** Lynn Walter, 2003      **The Greenwood Encyclopedia of Women's Issues Worldwide** Lynn Walter, 2003 Women are working internationally to build a world based on gender equality and justice. Their concerns are shaped by conditions in their own countries and regions and also by conditions for women in other parts of the world. Links forged by globalization, international relations, United Nations gender equality and development programs, and women's nongovernmental organizations connect their futures. This groundbreaking reference set documents the achievements and current challenges for all women, providing distortion-free and newly available information about women's status in matters from education to violence in more than 130 countries in the world's most populated areas. Written by an international host of contributing specialists, this set is accessible to high school students and above. Its consistent narrative coverage and relevant statistics are ideal for research and comparisons. Readers will find that conceptions of women's issues vary by country as the set illuminates diverse perspectives and contemporary practices that shape the variations in equality and well-being among women. Judicious inclusion of historical processes helps frame the issues in a holistic perspective. Volume maps, individual country maps, tables, photos, and indexes by set and volume are also included.      [The Greenwood Encyclopedia of LGBT Issues Worldwide](#) Chuck Stewart, 2009-12-18 This set has an ambitious scope with the goal of offering the most up-to-date international overview of key issues in the lives of lesbian, gay, bisexual, and transgender individuals.
