the main character attending a 50 Year Class Reunion and then flashes back to her four years in high school At that time she lived in a small southern California town where everyone knew everyone else and there wasn't much for teenagers to do and yet they manage to keep busy somehow Life at that time before the electronic age went at a much slower pace and people who grew up in the 50's and 60's were part of the last innocent generation The book describes Elaine's relationship with her family her life on a poultry ranch and the closeness of a small community It also describes many high school activities classes boy girl relationships and problems and heartaches the euphoria and the sadness that are a part of life at that age The story is based on an actual town and high school and many incidents in the book actually happened the way that I described them I did change the names of the town and the high school however Back in those days it was much easier to work on your own car the old hot rods and jalopies Gas was thirty one cents a gallon and one could buy a hamburger and Coke for less than fifty cents But the monthly income for the average working family was only about 300 so the budget had to be stretched to make ends meet A few women worked outside the home but most did not Many of the television sets were black and white but color TV was on its way in There was no reality TV at that time but there were plenty of Westerns and family programming Of course music played a huge part in the lives of young people and it was the era of Rock and Roll Elvis Buddy Holly and the Everly Brothers were household names Dick Clark's American Bandstand was on TV in the afternoons and everyone rushed home from school to watch the latest dances There were only records at the time 45's and 78's which were played on phonographs It would be years before cassettes CD's and iPods were invented The music was portable though because everyone was getting transistor radios If a group of kids got together at a lake or somewhere out in the middle of nowhere they would just tune their car radios to the same station and turn up the volume I have tried throughout the book to portray life back in those days with many details depicting the culture and fads of that time I am hoping that this book will give today's teenagers a different perspective on life at that time while giving my own generation a chance to walk down Memory Lane

**Marcia Muller and the Female Private Eye** Alexander N. Howe, Christine A. writing and reevaluates current critical views on women's detective fiction in general. In the first two of the book's three sections, essays explore Muller's engagement with modern and postmodern feminism, ethnicity and the socially underprivileged. The third section focuses on one of Muller's major themes: the trauma of history. Drawing from the feminist, historicist, mythic, psychoanalytic and cultural approaches found in all three sections, the conclusion offers a panoramic perspective on Muller's accomplishments.

The Potting Shed Murder Paula Sutton, 2025-05-27 From the creator of *Hill House*, *Vintage* and *Queen of Cottagecore*, *Vogue* a fresh, witty, fun and delightfully quirky cozy crime novel set in a seemingly sleepy English village for fans of Richard Osman, Parini Shroff, Benjamin Stevenson and Anthony Horowitz. Miss Marple for the 21st Century. S. J. Bennett, author of *The Windsor Knot*. Welcome to the beautiful bucolic village of Pudding Corner where there's death amongst the dahlias. Daphne Brewster has gladly swapped south London for Pudding Corner, a Norfolk hamlet full of quintessentially English charm. With a mix of stone cottages, Georgian architecture and Victorian Gothic houses all nestled together and surrounded by fields of gold and green, Pudding Corner and its neighboring village of Pepperbridge seem as far from the bustle of city living as one can get. For Daphne, joy at moving into beautiful Cranberry Farmhouse with her husband James and their three young children is tempered by some concerns about being the only Black woman for miles around. But within a few short months, Daphne has become known as the parish's Vintage Lady and has set up her own shop. Business is thriving and so is her family. As for Pudding Corner, it's rapidly revealing itself to be filled with complicated, intertwined lives on par with anything she left behind. Then the local school's headmaster is found dead in his allotment patch, unleashing a storm of secrets and scandal. Even a sleepy village has its social hierarchy, and as her new friend Minerva becomes a target of whispers and speculation, Daphne can't resist getting involved. Fighting for the underdog comes as naturally as sourcing the perfect vintage piece. But there is more at stake here than Daphne could have guessed, and a killer who has succeeded once is all too willing to try again.

**Eye Killers** A. A. Carr, 2014-08-28 Lurking in the caves of eastern New Mexico, Falke, a thousand-year-old vampire, chooses his next bride, Melissa Roanhorse, an Albuquerque teenager. To regain his granddaughter's life, Michael Roanhorse, an old Navajo shepherd, wise to the power of myth, must outwit the vampire and his loyal coven. So begins A. A. Carr's *Eye Killers*, a novel that combines the Eastern European legend of the vampire with the Navajo tale of the monster slayer. The songs of Michael Roanhorse's childhood include potent chants passed down through his grandmother, who sang to him of Changing Woman and her Warrior Twins, Monster Slayer and Child of the Water. But Michael's spiritual strength and his memory have waned with the years. Who is left to help reunite him with his family and his family with their heritage? Michael enlists Diana Logan, Melissa's young English teacher, to wrestle Melissa from the vampire. But to conquer

Falke they must also overpower his coven Elizabeth captured by Falke in the 1850s during her family's journey along the Santa Fe Trail and Hanna once a prostitute in Old Albuquerque who aspires to supplant Falke's vampire reign Michael must invoke ancient traditions to bring Melissa home The elders undertake to teach Diana but her Irish American heritage has not prepared her for a fight against shape shifting vampires who have lived and murdered for centuries In Eye Killers Carr delivers an imaginative clash of cultures both a suspenseful thriller and a valid rendering of Navajo and Pueblo tribal life in contemporary New Mexico His inventiveness expressed through melodic prose and layers of fine storytelling weaves new legends of the American Southwest
