Sitting at the Feet of the Past Gary D. Schmidt, Donald R. Hettinga, 1992-09-15 Must a folktale be connected to its culture Can a tale with universal applications be transmitted from one culture to another without loss Does a teller from one culture have the ability or even the right to relate a tale from another culture What happens to a tale when it leaves the oral and adult arenas and appears in print for children Is it legitimate for a reteller to create variants to suit a child audience Children's literature is today the major conduit for folklore and professionals in the field must consider these questions Editors Gary Schmidt and Donald Hettinga have brought together twenty three writers of children's literature illustrators storytellers and literary critics who explore the issues and offer their experiences and views The scope of the volume is the North American folktale a rich amalgam of four major distinct traditions the Native American folktale the African American folktale the retold Western European folktale and the American tall tale Each tradition is separately presented with an introductory survey and a selection of essays by the writers and critics This focused collection will be valuable to scholars and professions in folklore anthropology American literature and children's literature and useful also as a text in courses on children's literature and folklore

The Annotated African American Folktales Henry Louis Gates Jr., Maria Tatar, 2017-11-14 Winner NAACP Image Award for Outstanding Literary Work Fiction Winner Anne Izard Storytellers Choice Award Holiday Gift Guide Selection Indiewire San Francisco Chronicle and Minneapolis Star Tribune These nearly 150 African American folktales animate our past and reclaim a lost cultural legacy to redefine American literature Drawing from the great folklorists of the past while expanding African American lore with dozens of tales rarely seen before The Annotated African American Folktales revolutionizes the canon like no other volume Following in the tradition of such classics as Arthur Huff Fauset's *Negro Folk Tales from the South* 1927 Zora Neale Hurston's *Mules and Men* 1935 and Virginia Hamilton's *The People Could Fly* 1985 acclaimed scholars Henry Louis Gates Jr and Maria Tatar assemble a groundbreaking collection of folktales myths and legends that revitalizes a vibrant African American past to produce the most comprehensive and ambitious collection of African American folktales ever published in American literary history Arguing for the value of these deceptively simple stories as part of a sophisticated complex and heterogeneous cultural heritage Gates and Tatar show how these remarkable stories deserve a place alongside the classic works of African American literature and American literature more broadly Opening with two introductory essays and twenty seminal African tales as historical background Gates and Tatar present nearly 150 African American stories among them familiar Brer Rabbit classics but also stories like *The Talking Skull* and *Witches Who Ride* as well as out of print tales from the 1890s *Southern Workman* Beginning with the figure of

Anansi the African trickster master of improvisation a spider who plots and weaves in scandalous ways The Annotated African American Folktales then goes on to draw Caribbean and Creole tales into the orbit of the folkloric canon It retrieves stories not seen since the Harlem Renaissance and brings back archival tales of Negro folklore that Booker T Washington proclaimed had emanated from a grapevine that existed even before the American Revolution stories brought over by slaves who had survived the Middle Passage Furthermore Gates and Tatar s volume not only defines a new canon but reveals how these folktales were hijacked and misappropriated in previous incarnations egregiously by Joel Chandler Harris a Southern newspaperman as well as by Walt Disney who cannibalized and capitalized on Harris s volumes by creating cartoon characters drawn from this African American lore Presenting these tales with illuminating annotations and hundreds of revelatory illustrations The Annotated African American Folktales reminds us that stories not only move entertain and instruct but more fundamentally inspire and keep hope alive The Annotated African American Folktales includes Introductory essays nearly 150 African American stories and 20 seminal African tales as historical background The familiar Brer Rabbit classics as well as news making vernacular tales from the 1890s Southern Workman An entire section of Caribbean and Latin American folktales that finally become incorporated into the canon Approximately 200 full color museum quality images

Discourses That Matter Maria José Canelo, 2013-10-03 How can English and American Studies be instrumental to conceptualizing the deep instability we are presently facing How can they address the coordinates of this instability such as war terrorism the current economic and financial crisis and the consequent myriad forms of deprivation and fear How can they tackle the strategies of de humanization invisibility and the naturalization of inequality and injustice entailed in contemporary discourses This anthology grew out of an awareness of the need to debate the role of English and American Studies both in the present context and in relation to the so called demise of the Humanities Drawing on Judith Butler s rethinking of materiality as the effect of power in her study *Bodies That Matter* 1993 we locate this collection of essays at the crossroads of discourse and power while we expect the work collected here to highlight the ability of discourses to materialize in or as truth and as such to support or decry particular constituencies Discourses therefore matter to us as products and vehicles of power relations that can be subject to the analytical and interpretative tools of English and American Studies Our idea was to challenge especially young scholars to position their research concerning the ability of their fields to be discourses that matter in the case in point to be critical practices that make an active intervention in current debates By focusing on matters such as language as witness to the world representations of gender race and ethnicity performative discourses exceptionalism and power and interculturality these essays pursue the chance to deepen enlarge and question both literary and cultural phenomena their established critical readings and the strategies deployed in representations Finally English and American Studies in the present collection demonstrate their affiliation to the Humanities
