

SIX GERMAN ROMANTIC TALES

**HEINRICH VON KLEIST
LUDWIG TIECK
E.T.A. HOFFMANN**

Translated by Ronald Taylor

Six German Romantic Tales By Kleist Tieck Hoffmann

SJ Ball

Six German Romantic Tales By Kleist Tieck Hoffmann:

Six German Romantic Tales Heinrich von Kleist, Ludwig Tieck, Ernst Theodor Amadeus Hoffmann, 1993 Provides a kind of handbook to this German Romantic movement All the varieties are here magical musical political and aesthetic An excellent translation TLS These tales are hard to find in translation and this is a thoughtful grouping one of the great strengths of these tales is their lack of inhibition they risk gesture idealism passion and freely subvert the demands of naturalism The power of the mind is compellingly dramatized Literary Review Will be of interest to students of Romanticism and philosophy in any language General readers may also appreciate the fiction writing skill of these 3 authors Academic Library Book Review Ably translated Small Press A nice compilation of representative German Romantic short fiction It is eminently suitable for general readers and for undergraduate classroom use Choice

Madness and the Romantic Poet James Whitehead, 2017-07-14 Madness and the Romantic Poet examines the longstanding and enduringly popular idea that poetry is connected to madness and mental illness The idea goes back to classical antiquity but it was given new life at the turn of the nineteenth century The book offers a new and much more complete history of its development than has previously been attempted alongside important associated ideas about individual genius creativity the emotions rationality and the mind in extreme states or disorder ideas that have been pervasive in modern popular culture More specifically the book tells the story of the initial growth and wider dissemination of the idea of the Romantic mad poet in the nineteenth century how and why this idea became so popular and how it interacted with the very different fortunes in reception and reputation of Romantic poets their poetry and attacks on or defences of Romanticism as a cultural trend generally again leaving a popular legacy that endured into the twentieth century Material covered includes nineteenth century journalism early literary criticism biography medical and psychiatric literature and poetry A wide range of scientific and pseudoscientific thinkers are discussed alongside major Romantic authors including Wordsworth Coleridge Blake Hazlitt Lamb Percy Bysshe Shelley Keats Byron and John Clare Using this array of sources and figures the book asks was the Romantic mad genius just a sentimental stereotype or a romantic myth Or does its long popularity tell us something serious about Romanticism and the role it has played or has been given in modern culture

The Cambridge Companion to German Romanticism Nicholas Saul, 2009-07-09 The late eighteenth and early nineteenth centuries saw an extraordinary flowering of arts and culture in Germany which produced many of the world's finest writers, artists, philosophers and composers. This volume, first published in 2004, offers students and specialists an authoritative introduction to that dazzling cultural phenomenon now known collectively as German Romanticism. Individual chapters not only introduce the reader to individual writers such as Friedrich Schlegel, Novalis, Eichendorff, Heine, Hoffmann, Kleist, Schiller and Tieck but also treat key concepts of Romantic music, painting, philosophy, gender and cultural anthropology, science and criticism in concise and lucid language. All German quotations are translated to make this volume fully accessible to a wide audience interested in how Romanticism evolved across Europe. Brief biographies and bibliographies are supplemented by a list of primary and secondary further reading in both English and German.

Odoevsky's four pathways into modern fiction Neil Cornwell, 2013-07-19 This book takes four stories by the Russian Romantic author Vladimir Odoevsky to illustrate pathways developed further by subsequent writers into modern fiction. Featured here are the artistic, musical, story, the rise of science fiction, psychic aspects of the detective story and of confession in the novel. The four chapters also examine the development of the featured categories by a wide range of subsequent writers in fiction ranging from the Romantic period up to the present century. The study works backwards from Odoevsky's stories, noting respective previous examples or traditions before proceeding to follow the pathways observed into later Russian, English and comparative fiction. Whilst appealing to specialists in Russian and comparative literature, these chapters are accessible to a student readership taking courses involving the main areas featured, including the arts in literature, fictional, artistic biography, interplanetary flight and civilisations, detective fiction and novelistic confession.

Mozart the Dramatist Brigid Brophy, 2013-09-19 Brigid Brophy first published her passionate, profoundly original *Mozart the Dramatist* in 1964, revisiting it subsequently in 1988. Organised by theme, the text offers brilliant readings of Mozart's five most famous operas: *Die Entführung aus dem Serail*, *Le Nozze di Figaro*, *Don Giovanni*, *Così fan tutte* and *Die Zauberflöte*, while a 1988 preface reconsiders *Idomeneo* and *La Clemenza di Tito*. Brophy's analysis is richly informed by her readings and interests in psychoanalysis, myth and relations between the sexes, but her stress above all is on Mozart's unique excellence, his double supremacy both as a classical and psychological artist. An illuminating, invigorating, thought-provoking and profoundly human book of immense value to any lover of Mozart.

René Girard's Mimetic Theory Wolfgang Palaver, 2013-01-01 A systematic introduction into the mimetic theory of the French-American literary theorist and philosophical anthropologist René Girard, this essential text explains its three main pillars: mimetic desire, the scapegoat mechanism and the Biblical difference, with the help of examples from literature and philosophy. This book also offers an overview of René Girard's life and work, showing how much mimetic theory results from existential and spiritual insights into one's own mimetic entanglements. Furthermore, it examines the broader implications of Girard's theories from the mimetic aspect of sovereignty and wars to the relationship between the scapegoat

mechanism and the question of capital punishment Mimetic theory is placed within the context of current cultural and political debates like the relationship between religion and modernity terrorism the death penalty and gender issues Drawing textual examples from European literature Cervantes Shakespeare Goethe Kleist Stendhal Storm Flaubert Dostoevsky Proust and philosophy Plato Camus Sartre L vi Strauss Derrida Vattimo Palaver uses mimetic theory to explore the themes they present A highly accessible book this text is complemented by bibliographical references to Girard s widespread work and secondary literature on mimetic theory and its applications comprising a valuable bibliographical archive that provides the reader with an overview of the development and discussion of mimetic theory until the present day Art and Ideology in European Opera Rachel Cowgill, David Cooper, Clive Brown, 2010 Opera that most extravagant of the performing arts is infused with the contexts of power brokering and cultural display in which it was conceived and experienced For individual operas such contexts have shifted over time and new meanings emerged often quite remote from those intended by the original collaborators but tracing this ideological dimension in a work s creation and reception enables us to understand its cultural and political role more clearly sometimes conflicting with its status as art and sometimes enhancing it This collection is a Festschrift in honour of Julian Rushton one of the most distinguished opera scholars of his generation and highly regarded for his innovative studies of Gluck Mozart and Berlioz among many others Colleagues associates and former students pay tribute to his work with essays highlighting the interplay between opera art and ideology across three centuries Three broad themes are opened up from a variety of approaches nationalism cosmopolitanism and national opera opera class and the politics of enlightenment and opera and otherness British opera is represented by studies of Grabu Purcell Dibdin Holst Stanford and Britten but the collection sustains a truly European perspective rounded out with essays on French opera funding Bizet Mozart Mendelssohn Verdi Puccini Janacek Nielsen Rimsky Korsakov and Schreker Several works receive some of their first extended discussion in English *Culture and the Death of God* Terry Eagleton, 2014-03-25 Offers new observations on the persistence of God in modern times and considers how the war on terror and a post 9 11 society has impacted atheism **Mad Loves** Heather Hadlock, 2016-07-26 In a lively exploration of Jacques Offenbach s final masterpiece Heather Hadlock shows how *Les Contes d Hoffmann* summed up not only the composer s career but also a century of Romantic culture A strange fusion of irony and profundity frivolity and nightmare the opera unfolds as a series of dreamlike episodes peopled by such archetypes as the Poet the Beautiful Dying Girl the Automaton the Courtesan and the Mesmerist Hadlock shows how these episodes comprise a collective unconscious Her analyses touch on topics ranging from the self reflexive style of the protagonist and the music to parallels between nineteenth century discourses of theater and medical science to fascination with the hysterical female subject *Les Contes d Hoffmann* is also examined as both a continuation and a retraction of tendencies in Offenbach s earlier operettas and op ra comiques Hadlock investigates the political climate of the 1870s that influenced the composer s vision and the reception of his last work Drawing upon insights

from feminist literary and cultural theory she considers how the opera's music and libretto took shape within a complex literary and theatrical tradition Finally Hadlock ponders the enigmas posed by the score of this unfinished opera which has been completed many times and by many different hands since its composer's death shortly before the premiere in 1881 In this book the mad loves that drive *Les Contes d'Hoffmann* a poet's love a daughter's love erotic love and fatal attraction to music become figures for the fascination exercised by opera itself

Ignite the flame of optimism with is motivational masterpiece, **Six German Romantic Tales By Kleist Tieck Hoffmann** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
