Ministry of Illusion Eric Rentschler, 1996-10-01 Eric Rentschler argues that cinema in the Third Reich emanated from a Ministry of Illusion and not from a Ministry of Fear His analysis of the sophisticated media culture of this period demonstrates in an unprecedented way the potent and destructive powers of fascination and fantasy *German Cinema* Marc Silberman, 1995 German Cinema is the first English language volume to provide a comprehensive historical overview of German film from the silent era to the present as well as close readings of individual films In the history of German cinema film directors have developed unique visual and narrative responses to the anxieties and excesses of their own times and those of Germany's past German Cinema is the first English language volume to provide a comprehensive historical overview of German film from the silent era to the present as well as close readings of individual films Continental Strangers Gerd Gemünden, 2014-01-21 Hundreds of German speaking film professionals took refuge in Hollywood during the 1930s and 1940s making a lasting contribution to American cinema Hailing from Austria Hungary Poland Russia and the Ukraine as well as Germany and including Ernst Lubitsch Fred Zinnemann Billy Wilder and Fritz Lang these multicultural multilingual writers and directors betrayed distinct cultural sensibilities in their art Gerd Gemünden focuses on Edgar G Ulmer's *The Black Cat* 1934 William Dieterle's *The Life of Emile Zola* 1937 Ernst Lubitsch's *To Be or Not to Be* 1942 Bertolt Brecht and Fritz Lang's *Hangmen* Also *Die* 1943 Fred Zinnemann's *Act of Violence* 1948 and Peter Lorre's *Der Verlorene* 1951 engaging with issues of realism auteurism and genre while tracing the relationship between film and history Hollywood politics and censorship and exile and re migration *The Queer German Cinema* Alice A. Born to Be Hurt Sam Staggs, 2024-06-04 In a passionate and witty behind the scenes expose the author of *All About All About Eve* takes on the classic 1959 Douglas Sirk film starring Lana Turner Few films inspire the devotion of *Imitation of Life* one of the most popular films of the 50s a split personality drama that's both an irresistible women's picture and a dark commentary on ambition motherhood racial identity and hope lost and found *Born to be Hurt* is the first in depth account of director Sirk's masterpiece Lana Turner on the brink of personal and professional ruin starred as Lora Meredith African American actress Juanita Moore played her servant and dearest friend and Sandra Dee and Susan Kohner their respective daughters caught up in the heartbreak of the black passing for white daughter in the 1950s Both Moore and Kohner were Oscar nominated as Best Supporting Actress Sam Staggs combines vast research extensive interviews with surviving cast members and superb storytelling into a masterpiece of film writing Entertaining saucy and incisive this is irresistible reading for every film fan **Home in Hollywood** Elisabeth Bronfen, 2004 Leading us on a journey through familiar twentieth century American films this engaging and provocative book proposes that Hollywood has created an imaginary cinematic geography filled with people and places we recognize and to which we are irresistibly drawn Each viewing of a film stirs in a very real and charismatic way feelings of home The comfort of returning to films like familiar haunts is at the core of our

nostalgic desire Elisabeth Bronfen examines the different ways home is constructed in the development of cinematic narrative offering close readings of crucial scenes in classic films *Popular Cinema of the Third Reich* Sabine Hake, 2001

Too often dismissed as escapist entertainment or vilified as mass manipulation popular cinema in the Third Reich was in fact sustained by well established generic conventions cultural traditions aesthetic sensibilities social practices and a highly developed star system not unlike its Hollywood counterpart in the 1930s This pathfinding study contributes to the ongoing reassessment of Third Reich cinema by examining it as a social cultural economic and political practice that often conflicted with contradicted and compromised the intentions of the Propaganda Ministry Nevertheless by providing the illusion of a public sphere presumably free of politics popular cinema helped to sustain the Nazi regime especially during the war years Rather than examining Third Reich cinema through overdetermined categories such as propaganda ideology or fascist aesthetics Sabine Hake concentrates on the constituent elements shared by most popular cinemas famous stars directors and studios movie audiences and exhibition practices popular genres and new trends in set design the reception of foreign films the role of film criticism and the representation of women She pays special attention to the forced coordination of the industry in 1933 the changing demands on cinema during the war years and the various ways of coming to terms with these filmic legacies after the war Throughout Hake's findings underscore the continuities among Weimar Third Reich and post 1945 West German cinema They also emphasize the codevelopment of German and other national cinemas especially the dominant Hollywood model *Film - An International Bibliography* Malte Hagener, Michael Töteberg, 2016-12-16

On the Ufa the German movie Company *Historical Dictionary of German Cinema* Robert C. Reimer, Carol J. Reimer, 2019-07-15 The History of German film is diverse and multifaceted This volume can only suggest the richness of a film tradition that includes five distinct German governments Wilhelmine Germany the Weimar Republic the Third Reich the Federal Republic of Germany West Germany and the German Democratic Republic East Germany's as well as a reunited Germany two national industries Germany and Austria and a myriad of styles and production methods Paradoxically the political disruptions that have produced these distinct film eras as well as and the natural inclination of artists to rebel and create new styles allow for construction of a narrative of German film Disjuncture generates distinct points of separation and yet also highlights continuities between the ruptures This second edition of *Historical Dictionary of German Cinema* contains
