**Art for Animals** J. Keri Cronin, 2018-04-09 Animal rights activists today regularly use visual imagery in their efforts to shape the public's understanding of what it means to be kind cruel and inhumane toward animals Art for Animals explores the early history of this form of advocacy through the images and the people who harnessed their power Following in the footsteps of earlier formed organizations like the RSPCA and ASPCA animal advocacy groups such as the Victoria Street Society for the Protection of Animals from Vivisection made significant use of visual art in literature and campaign materials But enabled by new and improved technologies and techniques they took the imagery much further than their predecessors did turning toward vivid pointed and at times graphic depictions of human animal interactions Keri Cronin explains why the activist community embraced this approach details how the use of such tools played a critical role in educational and reform

movements in the United States Canada and England and traces their impact in public and private spaces Far from being peripheral illustrations of points articulated in written texts or argued in impassioned speeches these photographs prints paintings exhibitions magic lantern slides and films were key components of animal advocacy at the time both educating the general public and creating a sense of shared identity among the reformers Uniquely focused on imagery from the early days of the animal rights movement and filled with striking visuals Art for Animals sheds new light on the history and development of modern animal advocacy

**Beyond Bylines** Barbara M. Freeman, 2012-08-01 Beyond Bylines Media Workers and Women's Rights in Canada explores the ways in which several of Canada's women journalists broadcasters and other media workers reached well beyond the glory of their personal bylines to advocate for the most controversial women's rights of their eras To do so some of them adopted conventional feminine identities while others refused to conform altogether openly and defiantly challenging the gender expectations of their day The book consists of a series of case studies of the women in question as they grappled with the concerns close to their hearts higher education for women healthy dress reforms the vote equal opportunities at work abortion lesbianism and Aboriginal women's rights Their media reflected their respective eras intellectual magazines daily and weekly newspapers radio feminist public relations alternative women's periodicals and documentary film made for television Barbara Freeman takes an interdisciplinary approach combining biography history and communication studies to demonstrate how their use of different media both enabled and limited these women in their ability to be daring advocates

for gender equality She shows how a number of these women were linked through the generations by their memberships in activist women's organizations

**Nation Maker** Richard J. Gwyn, 2012-08-21 1 NATIONAL BESTSELLER John A Macdonald Canada's first and most important prime minister is the man who made Confederation happen who built this country over the next quarter century and who shaped what it is today From Confederation Day in 1867 where this volume picks up Macdonald finessed a reluctant union of four provinces in central and eastern Canada into a strong nation despite indifference from Britain and annexationist sentiment in the United States But it wasn't easy Gwyn paints a superb portrait of Canada and its leaders through these formative years and also delves deep to show us Macdonald the man as he marries for the second time deals with the birth of a disabled child and the assassination of his close friend Darcy McGee and wrestles with whether Riel should hang Indelibly Gwyn shows us Macdonald's love of this country and his ability to joust with forces who would have been just as happy to see the end of Canada before it had really begun creating a must read for all Canadians

**University Women** Sara Z. MacDonald, 2021-11-15 Bessie Scott nearing the end of her first year at university in the spring of 1890 recorded in her diary Wore my gown for first time It didn't seem at all strange to do so Often deemed a cumbersome tradition by men the cap and gown were dearly prized by women as an outward sign of their hard won admission to the rank of undergraduates For the first generations of university women higher education was an exhilarating and transformative experience but these opportunities would narrow in the decades that followed In University Women Sara MacDonald explores the processes of integration and separation that marked women's contested entrance into higher education Examining the period between 1870 and 1930 this book is the first to provide a comparative study of women at universities across Canada MacDonald concludes that women's higher education cannot be seen as a progressive narrative a triumphant story of trailblazers and firsts of doors being thrown open and staying open The early promise of equal education was not fulfilled in the longer term as a backlash against the growing presence of women on campuses resulted in separate academic programs closer moral regulation and barriers that restricted their admission into the burgeoning fields of science technology engineering and mathematics The modernization of higher education ultimately

marginalized women students researchers and faculty within the diversified universities of the twentieth century University Women uncovers the systemic inequalities based on gender race and class that have shaped Canadian higher education It is indispensable reading for those concerned with the underrepresentation of girls and women in STEM and current initiatives to address issues of access and equity within our academic institutions *Made-in-Canada Humour* Beverly J. Freeman,2001-05-02 Citing a lack of strong feminist voices in contemporary Canadian media Freeman journalism Carleton U Ottawa was motivated to write this first book length analysis of news media coverage of women s issues in Canada The period 1966 1971 is seen as a critical period in Canadian feminist history during which time the Canadian government appointed a federal inquiry into women s issues the Royal Commission on the Status of Women Freeman examines the relationship between the Commission and the media the reporters understandings of professional practice and the ways in which they covered issues from the hearings and the Commission s Report She argues that an understanding of media coverage of gender issues in the past may lead to thoughtful and effective coverage now and in the future Accessible to a general audience c Book News Inc **Histoire Sociale** ,2007 *Drawing Borders* David R. Spencer,2013-01-31 Canada has not always had the role of friendly neighbor to the north In fact the seemingly peaceful history of relations between the United States and Canada is punctuated with instances of border disputes annexation manifestos and trade disagreements David R Spencer reveals the complexity of this relationship through a fascinating examination of political cartoons that appeared both in the U S and Canada from 1849 through the 1990s By first examining both the cultural and political differences and similarities between the two nations Spencer lays the groundwork for the main focus of his study deeper analysis of the political perspectives of the editorial cartoons Including 141 actual cartoons of the time Spencer provides meaningful references to the historical material covered An intriguing study by a leading Canadian American scholar this work is sure to interest many across the disciplines of journalism history cartoons media studies communication and international relations *Acadiensis* ,2002 *Canadian Book Review Annual* ,1997 **Images and Imagery** Corrado Federici,Leslie Anne Boldt-Irons,Ernesto Virgulti,2005 *Images and Imagery Frames Borders Limits Interdisciplinary*
