Culture in the American Southwest Keith L. Bryant,2014-09-01 If the

Southwest is known for its distinctive regional culture it is not only the indigenous influences that make it so As Anglo Americans moved into the territories of the greater Southwest they brought with them a desire to reestablish the highest culture of their former homes opera painting sculpture architecture and literature But their inherited culture was altered challenged and reshaped by Native American and Hispanic peoples and a new vibrant cultural life resulted From Houston to Los Angeles from Tulsa to Tucson Keith L Bryant traces the development of high culture in the Southwest Humans create culture but in the Southwest Bryant argues the land itself has also influenced that creation Incredible light natural grandeur and a geography at once beautiful and yet brutal molded societies that sprang from unique cultural sources The peoples of the American Southwest share a regional consciousness an experience of place that has helped to create a unified but not homogenized Southwestern culture Bryant also examines a paradox of Southwestern cultural life Southwesterners take pride in their cultural distinctiveness yet they struggled to win recognition for their achievements in high culture A dynamic tension between those seeking to re create a Western European culture and those desiring one based on regional themes and resources continues to stimulate creativity Decade by decade and city by city Bryant charts the growth of cultural institutions and patronage as he describes the contributions of artists and performers and of the elites who support them Bryant focuses on the significant role women played as leaders in the formation of cultural institutions and as writers artists and musicians The text is enhanced by more than fifty photographs depicting the interplay between the people and the land and the culture that has resulted

Go Southwest, Old Man Mario Materassi, 2009 Go Southwest Old Man a sort of personal remake of Go West Young Man the founding episteme of the American nineteenth century conciliates these two souls well not to be pretentious let s simply say two sides that have actually always lived in harmony This is a book generated by a quarter of a century spent wandering around the canyons and deserts of Arizona Colorado Utah and above all New Mexico with a view to penetrating the by now universal legend of the West approaching the cultures English Hispanic and native American and mastering the literature The slant is composite melding the scholarly with the informative and the travel journal and the writing is composite too because the book speaks English and Italian It talks about cinema lots of John Ford and about detective stories the most popular genre here about visual arts and Latino folklore about the legend of the West the so called Soul of the Southwest and the kitsch style of Santa Fe And it talks about and with some of the greatest

writers that the Southwest has spawned Rudolfo Anaya Stanley Crawford John Nichols and Hillerman So what we have is a first hand experience of the Southwest where the ego is not entrenched within a precise disciplinary role but opens up and exposes itself to the thrilling risk of the discovery that can renew it

Money for Nothing Sir Pelham Grenville Wodehouse, 1952-01-01 The picturesque village of Rudge in the Vale dozed in the summer sunshine Along its narrow High Street the only signs of life visible were a cat stropping its backbone against the Jubilee Watering Trough some flies doing deep breathing exercises on the hot window sills and a little group of serious thinkers who propped up against the wall of the Carmody Arms were waiting for that establishment to open At no time is there ever much doing in Rudge s main thoroughfare but the hour at which a stranger entering it is least likely to suffer the illusion that he has strayed into Broadway Piccadilly or the Rue de Rivoli is at two o clock on a warm afternoon in July You will find Rudge in the Vale if you search carefully in that pleasant section of rural England where the gray stone of Gloucestershire gives place to Worcestershire s old red brick Quiet in fact almost unconscious it nestles beside the tiny river Skirme and lets the world go by somnolently content with its Norman church its eleven public houses its Pop to quote the Automobile Guide of 3 541 and its only effort in the direction of modern progress the emporium of Chas Bywater Chemist Chas Bywater is a live wire He takes no afternoon siesta but works while others sleep Rudge as a whole is inclined after luncheon to go into the back room

put a handkerchief over its face and take things easy for a bit But not Chas Bywater At the moment at which this story begins he was all bustle and activity and had just finished selling to Colonel Meredith Wyvern a bottle of Brophy's Paramount Elixir said to be good for gnat bites Having concluded his purchase Colonel Wyvern would have preferred to leave but Mr Bywater was a man who liked to sweeten trade with pleasant conversation Moreover this was the first time the Colonel had been inside his shop since that sensational affair up at the Hall two weeks ago and Chas Bywater who held the unofficial position of chief gossip monger to the village was aching to get to the bottom of that With the bare outline of the story he was of course familiar Rudge Hall seat of the Carmody family for so many generations contained in its fine old park a number of trees which had been planted somewhere about the reign of Queen Elizabeth This meant that every now and then one of them would be found to have become a wobbly menace to the passer by so that experts had to be sent for to reduce it with a charge of dynamite to a harmless stump Well two weeks ago it seems they had blown up one of the Hall's Elizabethan oaks and as near as a toucher Rudge learned had blown up Colonel Wyvern and Mr Carmody with it The two friends had come walking by just as the expert set fire to the train and had had a very narrow escape Thus far the story was common property in the village and had been discussed nightly in the eleven tap rooms of its eleven public houses But Chas Bywater with his trained nose for news and that sixth sense which had so often enabled him to ferret out the story behind the story when things happen in the upper world of the nobility and gentry could not help feeling that there was more in it than this He decided to give his customer the opportunity of confiding in him
