Slanguage A Cool Fresh Phat And Shagadelic Guide To All Kinds Of Slang:

Slanguage Mike Ellis, 2000-08-16 A worldwide guide to slang from America's favorite slangologist and creator of one of the Internet's most popular websites voted by Wired as one of the top five fun sites of 1998 Ask for a pop in Manhattan and you'll probably be punched in the face The same request for a soda in Chicago however will get you Coketm And if you're going to the gym in New York take your sneakers but in Pittsburgh grab your tennis shoes Every day new words are born that reflect who we are and where we live Now slang expert Mike Ellis has compiled an authoritative yet highly amusing treasury of slang that has infiltrated every walk of life Already widely known for his articles in the national press The New York Times Washington Post and Wired magazine as well as for his hugely popular website Ellis has a gift for zooming in on the often humorous ironic and colorful way that we put our spin on the native tongue As funny as it is linguistically precise Slanguage is an up to the minute guide to the changing face of language In Slanguage Mike Ellis explores Slang of the past remember Sock it to me Silicon Valley Slang do you have a programmer's butt Slang for the foreign traveler

Popular Culture Marcel Danesi, 2012-08-03 Pop culture surrounds us Its products are the movies we watch the music we listen to and the books we read they are on our televisions phones and computers We are its fickle friend loving to hate it and hating to love it But what exactly is it Popular Culture Introductory Perspectives seeks to answer that question by exploring our human desire for meaning and the ways that pop culture embodies meaning for us In this text Marcel Danesi delves into the social structures that have led to the emergence and spread of pop culture showing how it validates our common experiences and offering a variety of perspectives on its many modes of delivery into our everyday lives The second edition offers analysis of current contexts for popular culture including the rise and dominance of the digital global village through technology and social media as well as up to date examples that connect with today's students

Forever Young Marcel Danesi, Director of the Program in Semiotics and Communication Theory Marcel Danesi, PH.D., 2003-01-01 The excessive worship of adolescence and its social empowerment by adult institutions is the deeply rooted cause of a serious cultural malaise So argues semiotician Marcel Danesi in Forever Young an unforgiving and controversial look at modern culture's incessant drive to create a teen aging of adult life Written for the general reader and based on five years' worth of interviews with over 200 adolescents and their parents Danesi begins by asserting that one of the early causes of this crystallization of adolescence as an age category can be traced back to theories of psychology at the turn of the twentieth century Since then the psychological view of adolescence as a stressful period of adjustment has become a self-fulfilling prophecy This in tandem with the devaluation of the family by the media and society at large has led to a maturity gap a fissure in family dynamics that is eagerly and ably exploited by the mass media Unlike many academic digressions into the malaise of modern culture Forever Young provides concrete answers on how the forever young syndrome can be addressed One solution is to dispel the myth that experts and professionals are the people best equipped to give advice on raising children The second is to

recognize the value of family in all its different combinations as the primary institution of child rearing The third is to challenge the pervasive notion that teen culture is a sophisticated endeavour that for example pop music can claim to have produced some of the best musical art in the world surpassing Mozart or Bach By laying bare the misguided tenets that have brought about and continue to promote a forever young mentality Marcel Danesi demonstrates that the teen aging of culture has come about because it is simply put good for business Teen tastes have achieved cultural supremacy because the western economic system requires a conformist and easily manipulated market and has thus joined forces with the media entertainment oligarchy to promote a deterministic forever young market

My Son is an Alien Marcel Danesi,2003 My Son Is an Alien is an entertaining informative look at cultural influences on today s youth Based on interviews with hundreds of teens pre teens and parents the book sketches out facets of the adolescent s cultural portrait from body image and slang to peer pressure and drugs Filled with facts commentaries anecdotes and resources it also includes numerous features on topics like teen expressions and the least family friendly TV shows Danesi proposes strategies for changing the prevailing mindset on youth including reconnecting adolescents to adult society

Eccentric America Jan Friedman,2004 A guide to all things wacky weird curious and bizarre in the U S A featuring approximately 1 000 festivals attractions tours shopping restaurants hotels and eccentric environments photos 51 maps
