Slavery Stanley M. Elkins, 2013-08-16 This third edition of Stanley M. Elkins's classic study offers two new chapters by the author. The first, *Slavery and Ideology*, considers the discussion and criticism occasioned by this controversial work. Elkins amplifies his original purpose in writing the book and takes into consideration the substantial body of critical commentary. He also attempts a prediction on the course of future research and discussion. **Slavery: a Problem in American Institutional and Intellectual Life. 2nd Ed** Stanley Maurice ELKINS, 1968

The Birth of African-American Culture Sidney Wilfred Mintz, 1992-07-01 This compelling look at the wellsprings of cultural vitality during one of the most dehumanizing experiences in history provides a fresh perspective on the African American past.

Dark Horizons Tom Moylan, Raffaella Baccolini, 2003 *Dark Horizons* presents new essays on the dystopian turn of late twentieth century science fiction. Leading scholars discuss major dystopian traditions including cyberpunk and feminist utopian dystopian narratives as seen in works such as Octavia Butler's novel *Xenogenesis* and the film *Fight Club*. These essays draw out the ways in which contemporary science fiction literature and film has served as a prophetic vehicle for writers with ethical and political concerns.

The Atlantic Slave Trade Jeremy Black, 2022-12-30 Originally published as a collection in 2006, this volume discusses the development of the Atlantic slave trade in the seventeenth century, looking at issues such as how African societies reacted to the trade, the economic origins of black slavery in the British West Indies, and the growth of plantations responding to changes in European diet, particularly the rise of the sugar economy. The volume also has an introduction by the editor commenting on the contribution each essay makes.

Longman Companion to Slavery, Emancipation and Civil Rights Harry Harmer, 2014-06-11 This Companion provides the essential background to the defining fate of the African diaspora in the Americas and the Caribbean from the 15th to the 20th centuries. Central to the book are detailed chronologies on the development and decline of the slave trade, slavery in colonial North and South America, the Caribbean, and the United States; movements for emancipation and the progress of black civil rights. Separate sections look at the long-running resistance against slavery and the black civil rights movements in the Americas and the Caribbean, with a comparative chronology of apartheid in South Africa. Supported by biographies of over 100 key individuals and a full glossary providing definitions of crucial terms, expressions, ideas, and events, this is required reading for anyone interested in the historical experience of slavery.

Critical White Studies Richard Delgado, Jean Stefancic, 1997-06-29 This work, drawn from sociology, law, history, cultural studies, and literature, presents an analysis of the emerging field of whiteness studies as the next step of critical race theory. It investigates what it means to be white from both a nonwhite and a white perspective.

Duberman, 2015-12-08 The generally accepted historical viewpoint that the abolitionists were meddlesome fanatics is challenged here by a group of contemporary historians In this re examination of the abolitionists the harsh one sided judgment that they were men blind to their own motives to the needs of the country and even to the welfare of the slaves and that their self righteous fury did much to bring on a needless war is not completely reversed but a more sympathetic evaluation of their role does emerge The motives tactics and effects of the abolitionist movement are reviewed and its place in the broader context of the antislavery movement is reconsidered Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Twentieth-Century America* Douglas Tallack, 2014-07-22 The multi volume Longman literature in English series aims to provide students of literature with a critical introduction to the major genres in their historical and cultural context This book looks at cinema painting and architecture in 20th century America as well as the culture of politics *Slave No More* Aline Helg, 2019-02-07 Commanding a vast historiography of slavery and emancipation Aline Helg reveals as never before how significant numbers of enslaved Africans across the entire Western Hemisphere managed to free themselves hundreds of years before the formation of white run abolitionist movements Her sweeping view of resistance and struggle covers more than three centuries from early colonization to the American and Haitian revolutions Spanish American independence and abolition in the British Caribbean Helg not only underscores the agency of those who managed to become free people of color before abolitionism took hold but also assesses in detail the specific strategies they created and utilized While recognizing the powerful forces supporting slavery Helg articulates four primary liberation strategies flight and marronage manumission by legal document military service for men in exchange for promised emancipation and revolt along with a willingness to exploit any weakness in the domination system Helg looks at such actions at both individual and community levels and in the context of national and international political movements

Bringing together the broad currents of liberal abolitionism with an original analysis of forms of manumission and marronage *Slave No More* deepens our understanding of how enslaved men women and even children contributed to the slow demise of slavery
