

Ian Parker

Slavoj Žižek

A Critical Introduction

"This is not simply the best critical introduction to Žižek – in a much more radical sense, this is the only critical introduction to Žižek. Parker's study is much more than an important contribution to the ongoing debate: it redefines its very terms. If this work does not become a standard work of reference, the only conclusion will be that Western academia is caught in an obscure desire to self-destruct."
