Joshua Slocum, Sailing Alone Around the World Joshua Slocum,2012-06-21 Joshua Slocum was the first man to circumnavigate the world single handed This classic account of his voyage remains one of the most thrilling and entertaining travel narratives of all time from encounters with Moorish pirates and Juan Fernandez islanders to tempests and languid seas sharks and flying fish Slocum 421 Jake Logan,2014-02-25 On the hunt for riches Slocum only finds trouble Upon the discovery of three mutilated corpses John Slocum s potentially lucrative buffalo hunt through Kansas is put on hold When Colonel Charles Bradford and his men arrive to claim the body of his niece Slocum can t help but notice the rather odd flag they re flying It seems Bradford hopes to secede and begin a new nation in the wilds a plan that Slocum believes to be foolish and deadly But when Slocum later shoots a federal agent in self defense he s accused of killing the man in cold blood and of conspiring with Bradford Now with more agents and Pinkertons hot on his trail Slocum knows that clearing his name will mean taking matters into his own bloody hands *Red Flags in Psychotherapy* Patricia Keith-Spiegel,2013-10-01 This book delves into risks that can easily bedevil any psychotherapist and what can happen if they are ignored Dramatic storytelling based on actual incidents from the author s experiences as a member of ethics committees and as an ethics teacher and consultant explores actions prompting clients to issue formal complaints Set in the context of an ethics committee meeting over the course of a weekend twelve psychologists face their peers who will stand in judgment Issues include the fallout from losing one s temper with a difficult client a personal disclosure gone terribly wrong a bartering arrangement that literally

falls apart a private life revealed in a most public way a vengeful act that sullies the reputation of an entire department breaking confidentiality when a client threatened harm and the slippery slope to sexual exploitation The stories are absorbing enlightening sometimes shocking and often stranger than fiction Narrative nonfiction puts human faces and emotions on what would otherwise be cursory statistics What led to the formal complaint from both the vantage point of the complainant and the psychologist offers insights not otherwise available unless the dynamics of their private lives leading up to the conflict are revealed An author's commentary and discussion questions follow every story Both new and seasoned practitioners as well as those still in training will find this to be an invaluable resource *Slocum 419* Jake
