Sociology Of Childhood:

The Sociology of Childhood William A. Corsaro, 2005 The provision of many amusing examples from Corsaro's own research experience with children make his book a thoroughly enjoyable read as well as a valuable critical sociological analysis of childhood Sociology The Sociology of Childhood is the Second Edition of a text that has been universally acclaimed as the best book on the subject available today It is the only text that thoroughly covers children and childhood from a sociological perspective The second edition retains the same quality coverage of social theories of childhood the consideration of children and childhood in historical and cultural perspective children's peer cultures from preschool through preadolescence and the social problems of children The book has been updated to include new research information and discussions on the latest social indicators regarding children in the United States and around the world Key Features New chapter on up to date methods of research for studying children New chapters on theory cultural change and children's peer cultures New section on children's rights including a description and discussion of the United Nations Convention on the Rights of the Child Updated chapter on the Future of Childhood addresses current policy debates and changing demographics related to children in today's societies Contains many examples of children's actual play and behavior Provides photographs and charts that capture the complexity and diversity of children's lives The Sociology of Childhood is highly recommended for use as the core text in courses on the sociology of children and childhood as well as for parents teachers and other adults interested in the social lives and development of children It can also be used in early education child development and child psychology courses and as a supplemental text in the area of family studies William A Corsaro is the Robert H Shaffer Class of 1967 Endowed Professor of Sociology at Indiana University Bloomington where he teaches courses on the sociology of childhood childhood in contemporary society and ethnographic research methods Corsaro is the author of Friendship and Peer Culture in the Early Years 1985 and We're Friends Right Inside Kids Culture 2003 He was a Fulbright Senior Research Fellow in Bologna Italy in 1983-84 and a Fulbright Senior Specialist Fellow in Trondheim Norway in 2003 His research has been featured on NPR the BBC in London and in the New Yorker

Sociology of Childhood Oscar W. Ritchie, Marvin R. Koller, 1964

The Sociology of Childhood William A. Corsaro, Judson G. Everitt, 2024-02-20 This sixth edition of The Sociology of Childhood like the first five editions published in 1997 2005 2011 2015 and 2018 is about children and childhood from a sociological perspective A major change in this edition is Judson Everitt joins William Corsaro as second author This edition like earlier ones brings together many of Corsaro's ideas and experiences gained from his research and teaching in this area over the past 50 years Everitt brings special expertise in the sociology of education along with the social problems of children and youth Sociology has now established a tradition for studying children and childhood although still understudied these are no longer relegated to the margins of the field There are now in addition to the Sociology of Childhood other basic texts in sociology on children and childhood and a growing number of courses on the sociology of

childhood are now offered at colleges and universities Important theoretical and empirical work has been done by many scholars who advocate the conceptual autonomy of children and childhood Alanen 2009 Alanen et al 2015 Boocock Bragg Corsaro 2003 Gabriel 2017 James et al 1998 Lee 2001 Leonard 2015 Mayall 2002 McNamee 2016 Prout 2005 Qvortrup 2009 Thorne 1987 Wells 2021 Wyness 2018 Their work focuses on children as the basic units and categories of study Children and childhood become the center of analysis they are no longer linked to other categories such as families or schools upon which they are supposedly dependent Qvortrup 1994a 2009 In addition we have seen substantial growth in membership in the research section of Sociology of Children and Youth in the American Sociological Association and in the thematic group on Sociology of Childhood in the International Sociological Association **The Sociology of Childhood** William A.

Corsaro,2017-06-10 William A Corsaro s groundbreaking text The Sociology of Childhood discusses children and childhood from a sociological perspective Corsaro provides in depth coverage of the social theories of childhood the peer cultures and social issues of children and youth children and childhood within the frameworks of culture and history and social problems and the future of childhood The Fifth Edition has been thoroughly updated to incorporate the latest research and the most pertinent information so readers can engage in powerful discussions on a wide array of topics **The Sociology of Childhood** William A. Corsaro,1997-02-19 Corsaro shows how children contribute to both social stability and social change through a process of interpretive reproduction and breaks new ground by stressing the conceptual autonomy of children

Children and Society Gerald Handel,Spencer Cahill,Frederick Elkin,2007 Children and Society presents a comprehensive sociological portrayal of children and childhood from birth to the beginning of adolescence A major theme is the tension between children s active agency and the socializing influences of the family school peer groups and mass media The book incorporates the most recent research and theories of childhood socialization Its theoretical perspective is primarily symbolic interactionism which emphasizes the development of the self The volume features research that documents cultural variations within American society shaped by social class race and ethnicity and gender Children and Society is organized into four parts each with an introduction Part I Understanding Childhood Socialization consists of four chapters Chapter One reviews how social scientists have conceptualized children leading to today s understanding of childhood as a social construction Chapter Two briefly discusses the characteristics of the human organism that both require and make socialization possible and the characteristics of society that receives the newborn Chapter Three reveals the range of meaning of the concept of socialization in western and non western societies and includes a review of the history of western childhoods Chapter Four offers a careful exposition of the development of the self Part II Agencies of Socialization focuses on the major agencies that help shape the development of the self in the United States and similar societies One chapter each covers families schools peer groups and mass media respectively Diversities of Socialization are the focus of Part III Whereas Chapter Four presented a general account of how the self develops the three chapters of Part III examine

the variations that are shaped by social class race ethnicity and neighborhood and gender The single chapter in Part IV Looking Back and Looking Ahead stresses that socialization is a life long process It briefly sketches issues of continuity and discontinuity in socialization throughout adolescence adult life old age and death **Childhood** Chris Jenks,2020-10-28 In this book Chris Jenks looks at what the ways in which we construct our image of childhood can tell us about ourselves After a general discussion of the social construction of childhood the book is structured around three examples of the way the image of the child is played out in society the history of childhood from medieval times through the enlightenment discovery of childhood to the present the mythology and reality of child abuse and society s response to it the death of childhood in cases such as the James Bulger murder in which the child itself becomes the perpetrator of evil Part of the highly successful Key Ideas series this book gives students a concise provocative insight into some of the controlling concepts of our culture

The Sociology of Childhood Chris Jenks,1982 **A Historical Sociology of Childhood** André Turmel,2008-07-31 Shows how developments in scientific observation and public policy have transformed our view of childhood **A History of the Sociology of Childhood** Berry Mayall,2013 This concise book gives a history of how the sociology of childhood has developed contextualized in the history of sociology It draws on the author s own experiences considers a wide range of published documents and includes contributions on specific topics by some of the main players in the field Jens Qvortrup Priscilla Alderson Liesbeth de Block and Virginia Morrow A History of the Sociology of Childhood describes how this relatively new discipline evolved and considers its principal propositions It looks back to the post war period notably in the US and shows how sociological ideas about childhood arose from developmental psychology how they began to be formulated to act in complement to psychological ideas and how some US psychologists began to explore variations in ideas about childhood in varying societies It also explores the history of sociological ideas about childhood in both the UK and most importantly mainstream Europe and considers links between sociological and rights agendas This book concludes with consideration of the latest developments in this field such as globalization and media studies work in other languages such as French and Portuguese and gives an account of work emerging in the majority world and its relevance for theoretical developments It is essential reading for university students on all varieties of childhood courses It contextualizes this field within theory and provides a clear picture of the constituents of the discipline It is also relevant to those working within psychological paradigms but with an interest in considering alternative and complementary approaches Sociology for Childhood Studies Alan Yeo,Tina Lovell,1998 An introduction to sociological theories and models relating key sociological concepts to childhood family life and child care The authors use a selection of source material to illustrate sociology in this context and provide activities for reflection The work addresses the sociological content of the following BTEC modules National Legal Aspects and Social Policy Sociological Aspects of Child Development Community Study and the sociological content of the following NNEB modules Equality of Opportunity Child Protection Disability The Sociology of Early

Childhood Norman Gabriel, 2017-02-20 The Sociology of Early Childhood is a theoretically and historically grounded examination of young children's experiences in contemporary society. Arguing that a sociology of early childhood must bring together and integrate different disciplines, this book synthesises different sociological perspectives on childhood as well as incorporating multi-disciplinary research findings on the lives of young children. It explains key theoretical concepts in early childhood studies such as investment, early intervention, professional power and discourse, examines the importance of play, memory and place, evaluates long-term parenting trends, uses illustrative examples and case studies, discussion questions and annotated further reading to engage and stimulate readers. Invigorating and thought-provoking, this is an invaluable read for advanced undergraduates and postgraduate students looking for a more nuanced and progressive understanding of childhood.

Childhood and Society Michael Wyness, 2006-04-17 This inspiring new book explores a range of sociological approaches to researching the fascinating lives and social worlds of children and the phenomenon of childhood. In doing so, it reviews competing theoretical positions on childhood, discussing issues such as poverty, abuse and rights, as well as ethical issues relating to research with children.

Towards a Sociology for Childhood Berry Mayall, 2002 Berry Mayall argues in this work that since childhood is a permanent component of society, in order to understand how society works we must take account of children as well as adults; otherwise our explanation omits an important social group. Children's lives are shaped by policies and practices, but they are also agents who make a life for themselves through their relationships with adults and other children. This book argues that feminist theory and practice is useful for understanding childhood; we should start from the children's own accounts to show how the organization of social relations provides an explanation for their social position.

The Sociology of childhood Chris Jenks, 1982

Childhood And Society Lee, Nick, 2001-10-01 Childhood and Society charts the emergence of the conceptual and institutional divisions between adult human beings and child human beings over the course of the modern era.

The Sociology of Children, Childhood and Generation Madeleine Leonard, 2015-12-01 Outlining sociology's distinctive contribution to childhood studies and our understanding of contemporary children and childhood, *The Sociology of Children, Childhood and Generation* provides a thought-provoking and comprehensive account of the connections between the macro worlds of childhood and the micro worlds of children's everyday lives. Examining children's involvement in areas such as the labour market, family life, education, play and leisure, the book provides an effective balance between understanding childhood as a structural phenomenon and recognising children as meaning makers actively involved in constructing, co-constructing and reconstructing their everyday lives. Through the concept of generativity, Madeleine Leonard offers a model for examining and illuminating how structure and agency are activated within interdependent relationships influenced by generational positioning. This framework provides a conceptual tool for thinking about the continuities, challenges and changes that impact on how childhood is lived and experienced.

Constructing and Reconstructing Childhood Allison James, Alan Prout, 2003-09-02 First published in 1997, The second and fully revised

edition of James and Prout's acclaimed seminal work on the study of childhood A Case of Neglect? (1996) Ian Butler, Ian F Shaw, 2018-01-12 Published in 1996 this book advocates and persuasively exemplifies a qualitative sociology of childhood spoken repeatedly through children's voices After a long period of dormancy interest in the sociology of childhood became a focus of attention and scholarly interest Developments in practice by professionals working and learning in the fields of welfare education and youth and community studies have been paralleled by the emergence of specialist courses within sociology degrees Yet the challenges raised by the sociology of childhood remain marginalised within the social sciences more generally A Case of Neglect provides an accessible reader and review of the field Heard wherever possible through children's and young people's voices it provides a penetrating insight into their understandings and experiences of their own and adults worlds It also provides a readable and absorbing review of qualitative applications in the sociology of childhood and a counter to the common reliance on evidence derived from quantitative approaches The fieldwork applications range across the often hidden worlds of children's and young people's involvement in prostitution their experience of abuse black children's experiences of social services children's school cultures naturist children and childlessness Always arresting and sometimes poignant A Case of Neglect works towards a sociology which is both of and for childhood This book was originally published as part of the Cardiff Papers in Qualitative Research series edited by Paul Atkinson Sara Delamont and Amanda Coffey The series publishes original sociological research that reflects the tradition of qualitative and ethnographic inquiry developed at Cardiff The series includes monographs reporting on empirical research edited collections focussing on particular themes and texts discussing methodological developments and issues The Future of Childhood Alan Prout, 2004-11-10 In this ground breaking book Alan Prout discusses the place of children and childhood in modern society He critically examines the new social studies of childhood reconsidering some of its key assumptions and positions and arguing that childhood is heterogeneous and complex The study of childhood requires a broad set of intellectual resources and an interdisciplinary approach Chapters include the changing social and cultural character of contemporary childhood and the weakening boundary between adulthood and childhood a look back at the emergence of childhood studies in the nineteenth and twentieth centuries the nature culture dichotomy the role of material artefacts and technologies in the construction of contemporary childhood This book is essential reading for students and academics in the field of childhood studies sociology and education

This Engaging Realm of E-book Books: A Comprehensive Guide Revealing the Advantages of Kindle Books: A World of Ease and Flexibility Kindle books, with their inherent portability and ease of access, have freed readers from the limitations of physical books.
