Sociology Of Modernity Liberty And Discipline

Georgina Paul

Sociology Of Modernity Liberty And Discipline:

A Sociology of Modernity Peter Wagner, 2002-11-01 First Published in 2004 Confusion reigns in sociological accounts of the current condition of modernity The story lines from the end of the subject to a new individualism from the dissolution of society to the re emergence of civil society from the end of modernity to an other modernity to neo modernization This book offers a sociology of modernity in terms of a historical account of social transformations over the past two centuries focusing on Western Europe but also looking at the USA and at Soviet socialism as distinct variants of modernity A fundamental ambivalence of modernity is captured by the double notion of liberty and discipline in its three major dimensions the relations between individual liberty and political community between agency and structure and between locally situated human lives and widely extended social institutions Two major historical transformations of modernity are distinguished the first one beginning in the late nineteenth century and leading to a social formation that can be called organized modernity and the second being the one that dissolves organized modernity It is this current transformation which revives some key concerns of the modern project ideas of liberty plurality and individual autonomy But it imperils others especially the creation of social identities as ties between human beings that allow meaningful and socially viable development of individual autonomy and the possibility of politics as communicative interaction and collaborative deliberation about what human beings have in common

Theorizing Modernity Peter Wagner, 2001-03-20 This book argues that sociology has lost its ability to provide critical diagnoses of the present human condition because sociology has stopped considering the philosophical requirements of social enquiry The book attempts to restore that ability by retrieving some of the key questions that sociologists tend to gloss over inescapability and attainability The book identifies five key questions in which issues of inescapability and attainability emerge These are the questions of the certainty of our knowledge the viability of our politics the continuity of our selves the accessibility of the past and the transparency of the future The book demonstrates how these questions are addressed in different forms and by different intellectuals

Modernity Peter Wagner, 2013-04-18 We live in a modern age but what does modern mean and how can a reflection on modernity help us to understand the world today These are the questions that Peter Wagner sets out to answer in this concise and accessible book Wagner begins by returning to the question of modernity's Western origins and its claims to open up a new and better era in the history of humanity Modernity's claims and expectations have become more prevalent and widely shared but in the course of their realization and diffusion they have also been radically transformed In an acute and engaging analysis Wagner examines the following key issues among others Modernity was based on the hope for freedom and reason but it created the institutions of contemporary capitalism and democracy How does the freedom of the citizen relate to the freedom of the buyer and seller today And what does disaffection with capitalism and democracy entail for the sustainability of modernity Rather than a single model of modernity there is now a plurality of forms of modern socio political organisation What does this entail for our idea of

progress and our hope that the future world can be better than the present one All nuance and broadening notwithstanding our concept of modernity is in some way inextricably tied to the history of Europe and the West How can we compare different forms of modernity in a symmetric non biased or non Eurocentric way How can we develop a world sociology of modernity

Mead and Modernity Filipe Carreira da Silva, 2010-07-08 Filipe Carreira da Silva addresses the basic questions How should we read Mead and Why should we read Mead today by showing that the history of ideas and theory building are closely related endeavors Following a contextualist approach in exploring the meaning of Mead's writings Carreira da Silva reads the entire corpus of Mead's published and unpublished writings in light of the context in which they were originally produced from concrete events like the American involvement in World War I to more general debates like that of the nature of modernity Mead and Modernity attests to the relevance of Mead's ideas by assessing the relative merits of his responses to three fundamental modern problematics science selfhood and democratic politics The outcome is an innovative intellectual portrait of Mead as a seminal thinker whose contributions extend beyond his well known social theory of the self and include important insights into the philosophy of science and radical democratic theory

Modernity and the Millennium Juan Ricardo Cole, 1998 Includes bibliographical references and index

Social Theory and Later Modernities Ibrahim Kaya, 2004-01-01 Focusing specifically on the Kemalist project to create a modern Turkish secular nation state Ibrahim Kaya analyses its historical roots the role of concepts of ethnicity and nation and the configuration of state society and economy in the new Turkish republic

Varieties of World Making Nathalie Karagiannis, Peter Wagner, 2007-01-01 Globalization has been the topic of heated debate in recent years with one side asserting that it will produce a better standard of living for people around the world and a fierce opposition arguing that it will ultimately lead to greater poverty and the destruction of unique human cultures Varieties of World Making tackles the issue from a different angle proposing that the contemporary global network of business politics and culture be viewed from the inter disciplinary perspective of world making Drawn from the ranks of sociology law international relations political philosophy and history the distinguished contributors cut through polarized rhetoric to examine the current global situation Their proposed diagnoses draw upon thoughtful analyses of various political dilemmas whose ripple effects are felt around the world such as the volatile relationship between Islam and Europe or the legal foundations for a true international order absent in the shadows of imperialism Varieties of World Making will be an essential resource for all those grappling with the complex consequences of globalization for the future

The SAGE Handbook of Cultural Analysis Tony Bennett, John Frow, 2008-03-26 A genuine one stop reference point for the many many differing strands of cultural analysis This isn't just one contender among many for the title of best multidisciplinary overview this is a true heavyweight Matt Hills Cardiff University An achievement and a delight both compelling and useful Beverley Skeggs Goldsmiths University of London With the cultural turn the concept of culture has assumed enormous importance in our understanding of the interrelations between social political and economic structures patterns of everyday interaction and

systems of meaning making In The SAGE Handbook of Cultural Analysis the leading figures in their fields explore the implications of this paradigm shift Part I looks at the major disciplines of knowledge in the humanities and social sciences asking how they have been reshaped by the cultural turn and how they have elaborated distinctive new objects of knowledge Parts II and III examine the questions arising from a practice of analysis in which the researcher is drawn reflexively into the object of study and in which methodological frameworks are rarely given in advance Addressed to academics and advanced students in all fields of the social sciences and humanities The SAGE Handbook of Cultural Analysis is at once a synthesis of advances in the field with a comprehensive coverage of the scholarly literature and a collection of original and provocative essays by some of the brightest intellectuals of our time

Semiotic Sociology Risto Heiskala, 2021-11-01 Semiotic Sociology provides solid ground for cultural analysis in the social sciences by building up a mediation between structuralist semiology Saussure pragmatist semiotics Peirce and phenomenological sociology Schutz Garfinkel Berger and Luckmann This is a deviation from the common view that these traditions are seen as mutually exclusive alternatives and thus competitors of each other The net result of the synthesis is that a new social theory emerges wherein action theories Weber and rational choice are based on phenomenological sociology and phenomenological sociology is based on neostructuralist semiotics which is a synthesis of the Saussurean and the Peircean traditions of understanding habits of interpretation and interaction The core issues of social research are then addressed on these grounds The topics covered include the economy society relationship power gender modernity institutionalization the canon of current social theory including micro macro and agency structure relations and the grounds of social criticism

The Languages of Civil Society Peter Wagner, 2006 The past two decades have witnessed a revival of the concept of civil society From East Central Europe to Latin America and East Asia to the recent calls for a European civil society and a global civil society the concept signifies the need for national and supra national forms of civic commitment against both unjustified state domination and neo liberal marketization Reviewing the long history of the concept its use in various regional contexts and its place in critical political theory this book takes comprehensive stock of these debates and asks about the potential of the concept of civil society in guiding political transformations towards fuller understandings of liberty and democracy

Perspectives on Gender in Post-1945 German Literature Georgina Paul, 2009 Recent studies of German modernity have tended to approach the subject from either a uniquely masculine or uniquely feminine viewpoint In this work however Georgina Paul examines these two gendered perspectives side by side via a sequence of readings of major thematically related German literary texts by both male and female authors

Sociological Knowledge and Collective Identity Stavit Sinai, 2019-03-28 Sociology emerging in the 19th century as the study of national societies is the intellectual product of its time power relations and social imaginaries As a discursive practice that was enmeshed in the meta narratives of modernity the discipline of sociology bears the inherent capacity to shape socially shared concepts and construct collective identities This book examines the relationships between

sociology and projects of national identity construction and presents a critique of Shmuel N Eisenstadt the prominent Israeli sociologist known as the father of Israeli sociology The book focuses on Eisenstadt s sociology of Israel as a case of knowledge construction within an ideological system and examines the relationships between his various sociological analyses of Israeli society and the Zionist imaginary namely the deeply entrenched political myths and historiographical narratives that constitute Israel s hegemonic national identity By emphasizing the interrelation between textuality identity and loaded language the volume seeks to demythologize Eisenstadt s sociology of Israel Three major concepts in Eisenstadt s scholarship are specifically thematized integration civilization and modernities In each of these foci the author shows how Eisenstadt s sociological conjectures reproduce dominant Zionist historiographical representations of the past rationalize prevalent social hierarchies reify the boundaries of a national collective Self and render legitimacy to Israel s governing ethnocentric tendencies underlying the premises of the Zionist settler colonial project Sociological Knowledge and Collective Identity will appeal to those interested in the interconnectedness of sociology and political memory as well as in a radical postcolonial reconstruction of sociology

Love and Society Swen Seebach,2017-04-21 Why does love matter Love and Society discusses the meaning and importance of love for contemporary society Love is not only an emotion that occurs in our intimate relationships it is a special emotion that allows us to relate to each other in a lasting fashion to create out of our individual pasts a shared past which enables us to project a shared future Bringing together the idea of Simmel s second order forms with theories of love this insightful volume shows that the answer to why love is so central to society can be found in the social transformation of the last two centuries It also explains how we can build our strongest social bonds on the fragility of an emotions thanks to the creation of special moments love rituals and intimate stories love myths that are central to the weaving of lasting social bonds Going to the cinema reading a book together or sharing songs are forms of weaving bonds of love and part of the cycle of love But love is not only shared between two people the desire and the search for love is something we share with almost all members of society With rich empirical data an analysis of love s transformation in modernity and a critical engagement with classical and contemporary theorists this book provides a lively discussion on the meaning and importance of love for today s society It will be of interest to undergraduate and postgraduate students and postdoctoral researchers who are interested in fields such as Sociology of Emotions Sociological Theory and Sociology of Morality

Modernization, Nation-Building, and Television History Stewart Anderson,Melissa Chakars,2014-11-20 This innovative collection investigates the ways in which television programs around the world have highlighted modernization and encouraged nation building It is an attempt to catalogue and better understand the contours of this phenomenon which took place as television developed and expanded in different parts of the world between the 1950s and the 1990s From popular science and adult education shows to news magazines and television plays few themes so thoroughly penetrated the small screen for so many years as modernization with television producers and state authorities

using television programs to bolster modernization efforts Contributors analyze the hallmarks of these media efforts nation building consumerism and consumer culture the education and integration of citizens and the glorification of the nation s technological achievements

The Oxford Handbook of Religious Diversity Chad V. Meister,2010-10-01 There exists today a rich and abounding diversity of religions in the world a diversity with respect to both belief and practice But it is a diversity that poses many challenges and raises many questions most especially in a pluralistic milieu How do we engage in effective dialogue with religious others What should public education reflect in a religiously pluralistic context What role might the diversity of religions play in developing a global ethic How do the various religious traditions deal with the plurality of religious belief and practice What role does gender play in such discourse The Oxford Handbook of Religious Diversity is a volume of thirty three original chapters that cover numerous issues in religious diversity and draw readers into the heart of the current dialogue It is divided into three parts Contours of Religious Diversity Key Issues Relevant to Religious Diversity and Differing Perspectives on Religious Diversity Chapters in the first part trace the general features of religious diversity discussions from four different fields history religious studies philosophy and sociology Part two explores key theological philosophical sociological and public policy issues relevant to religious diversity The third and final part provides differing analyses of religious diversity from multi faith gender and global points of view An indispensable guide for scholars and students the Handbook makes a state of the art contribution to the field with essays crafted by experts representing a wide variety of religious and philosophical perspectives

The Practice Turn in Contemporary Theory Karin Knorr Cetina,Theodore R. Schatzki,Eike von Savigny,2005-06-20 This book provides an exciting and diverse philosophical exploration of the role of practice and practices in human activity It contains original essays and critiques of this philosophical and sociological attempt to move beyond current problematic ways of thinking in the humanities and social sciences It will be useful across many disciplines including philosophy sociology science cultural theory history and anthropology

Postmodernism, Religion, and the Future of Social Work Jean A Pardeck,John W Murphy,Roland Meinert,2012-10-12 Postmodernism Religion and the Future of Social Work discusses the benefits and disadvantages of the postmodern philosophy as a foundation for social work and human service practice Social work students and practitioners will learn about the developments that have shaped postmodern thinking as they pertain to society in general as well as to the profession of social work By exploring this increasingly popular philosophy Postmodernism Religion and the Future of Social Work provides you with methods and theories that help you evaluate contemporary problems more effectively resulting in better services for your clients Challenging traditional social work practices Postmodernism Religion and the Future of Social Work examines postmodernism in terms of a world view that is emerging along indeterminate and ambiguous lines With the goal of helping you provide more helpful and relevant services to your clients Postmodernism Religion and the Future of Social Work discusses many themes related to postmodernism including understanding how principles of

postmodernism are characterized by ongoing change indeterminacy and relativism reviewing the historical movement of a postmodern perspective and its present implications on social work practice supporting the strengths perspective through a postmodernist approach discussing some unintended and potentially negative consequences of postmodernism that arise from uncritically adopting postmodernistic principles analyzing the nature of social work and social welfare in Britain and the Western World to gain insight into how social theory is associated with postmodernity postmodernization and post Fordism exploring the postmodernistic relationship between institutionalized religions and social services provided by religious auspices Although postmodernism offers a new and different way of understanding social problems and of structuring social work practice this text urges you to be critical in the evaluation of its aspects and outlines some possibly negative outcomes in certain situations In evaluating postmodernism and its relevance to social services and social problems Postmodernism Religion and the Future of Social Work offers theories and research into methods that go beyond traditional practices to assist you in providing effective and relevant services for your clients

States, Social Knowledge, and the Origins of Modern Social Policies Dietrich Rueschemeyer, Theda Skocpol, 2017-03-14 From the 1850s to the 1920s laws regulating the industrial labor process pensions for the elderly unemployment insurance and measures to educate and ensure the welfare of children were enacted in many industrializing capitalist nations This same period saw the development of modern social sciences The eight essays collected here examine the reciprocal influence of social policy and academic research in comparative context ranging across policy areas and encompassing developments in Britain the United States Germany France Canada Scandinavia and Japan Introduced by the editors the essays include Part I on the emergence of modern social knowledge by Ira Katznelson Anson Rabinbach and Björn Wittrock and Peter Wagner Part II on reformist social scientists and public policymaking by Dietrich Rueschemeyer and Ronan Van Rossem Libby Schweber and John R Sutton Part III on state managers and the uses of social knowledge by Stein Kuhnle and Sheldon Garon and a conclusion by Rueschemeyer and Theda Skocpol Originally published in 1995 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Buddhist Responses to Globalization Leah Kalmanson, James Mark Shields, 2014-07-22 This interdisciplinary collection of essays highlights the relevance of Buddhist doctrine and practice to issues of globalization From various philosophical religious historical and political perspectives the authors show that Buddhism arguably the world's first transnational religion is a rich resource for navigating today's interconnected world Buddhist Responses to Globalization addresses globalization as a contemporary phenomenon marked by economic cultural and political deterritorialization and also proposes concrete strategies for

improving global conditions in light of these facts Topics include Buddhist analyses of both capitalist and materialist economies Buddhist religious syncretism in highly multicultural areas such as Honolulu the changing face of Buddhism through the work of public intellectuals such as Alice Walker and Buddhist responses to a range of issues including reparations and restorative justice economic inequality spirituality and political activism cultural homogenization and nihilism and feminist critique In short the book looks to bring Buddhist ideas and practices into direct and meaningful yet critical engagement with both the facts and theories of globalization **Ebook: Sociological Theory** George Ritzer, Jeff Stepnisky, 2014-10-16 The ninth edition of Sociological Theory by George Ritzer gives readers a comprehensive overview of the major theorists and schools of sociological thought Key theories are integrated with biographical sketches of theorists and are placed in their historical and intellectual context Written by one of the foremost authorities on sociological theory this text helps students better understand the original works of classical and modern theorists and enables them to compare and contrast the latest substantive concepts

Sociology Of Modernity Liberty And Discipline Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sociology Of Modernity Liberty And Discipline has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sociology Of Modernity Liberty And Discipline has opened up a world of possibilities. Downloading Sociology Of Modernity Liberty And Discipline provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sociology Of Modernity Liberty And Discipline has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sociology Of Modernity Liberty And Discipline. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sociology Of Modernity Liberty And Discipline. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sociology Of Modernity Liberty And Discipline, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sociology Of Modernity Liberty And Discipline has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so,

individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
