Newton, 2016-08-08 Everything is looking up for Hallie York she's finally got her college degree and a job as a museum curator lined up at the Smithsonian She's even crossing off a bucket list item with an extended trip to London But the vacation takes a strange twist when she wanders into an antique shop and buys a set of old journals from the handsome but rude owner Graham McCoy is intrigued by this new customer with the bird shaped birthmark on her wrist that matches his

own Too bad when he opens his mouth all he seems able to do is insult her Still the last thing he needs is a distractingly beautiful tourist hanging around Fate has a different plan however The journals contain a correspondence between lovers cursed to be separated in the afterworld and soon spark some eerie events that pull Hallie and Graham together To save their sanity this unlikely duo must team up to try to reunite the lovers spirits But if they do so will all of their paths be changed for eternity Sensuality Level Sensual Walking Seasonal Roads Mary A. Hood, 2012-05-18 Seasonal roads are defined as one lane dirt roads not maintained during the winter They function as connectors linking farmers to their fields neighbors to neighbors or two more well traveled roads to each other Some access hunting lands and recreational areas Some pass by cemeteries allowing people to visit and honor their dead They can be abandoned as people move and towns fade In every incarnation the seasonal road touches the land in a gentler way than do other roads Having traveled nearly every seasonal road in Steuben County New York Hood finds they provide the ideal vantage to contemplate the meaning of place offering intimate contact with plant and wildlife and the beauty of a rural landscape Each road reveals how our land is used how our land is protected and how environmental factors have impacted the land As a literary naturalist Hood reflects on endangered species and invasive species as well as on issues of conservation and sustainability From state forests to potato fields from development along Keuka Lake to vineyards from old family cemeteries to logging sites *Walking Seasonal Roads* is a celebration and an honoring of the rural and the regionalism of place illustrating the ways we connect to our home and to each other *Soda Poppery* Stephen Tchudi, 1986 Presents the history of soft drinks in America from mineral water to caffeine free diet soda and provides recipes and experiments for making and using soft drinks **Adapt** Mason Perez, 2018-07-27 Tony Rhinehart was always the good guy He minded his own business helped his friends and never expected anything in return But when a strange disease threatened his way of life a change must come Sheltering his friends while pushed into the role of both leader and guardian Tony is faced with making decisions that will not only affect his own well being but also the safety of those around him We are often forced into situations we are not prepared for The only way to survive and to overcome the odds is to adapt Provocative Plastics Susan Lambert, 2021-01-07 Plastics have now been our most used materials for over fifty years This book adopts a new approach exploring plastics contribution from two perspectives as a medium for making and their value in societal use The first approach examines the multivalent nature of plastics materiality and their impact on creativity through the work of artists designers and manufacturers The second perspective explores attitudes to plastics and the different value systems applied to them through current research undertaken by design materials and socio cultural historians The book addresses the environmental impact of plastics and elucidates the ways in which they can and must be part of the solution The individual viewpoints are provocative and controversial but together they present a balanced and scholarly unpicking of the debate that surrounds this ubiquitous group of materials The book is essential reading for a wide academic readership interested in the Arts and Humanities
