Tragic Novels, René Girard and the American Dream Carly Osborn, 2020-05-14 This book draws on the philosopher René Girard to argue that three twentieth century American novels Jeffrey Eugenides's *The Virgin Suicides* Rick Moody's *The Ice Storm* and Richard Yates's *Revolutionary Road* are tragedies Until now Girardian literary analysis has generally focused on representations of human desire in texts and neglected both other emotions and the place of tragedy Carly Osborn addresses these omissions by using Girardian theory to present evidence that novels can indeed be tragedies The book advances the scholarship of tragedy that has run from Aristotle to Nietzsche to Terry Eagleton proposing a new way to read modern novels through ancient traditions In addition this is the first work to examine the place of women as victims or in Girardian terms scapegoats in twentieth century fiction specifically by considering the representation of women's bodies and ambivalence about their identities In deploying a rich and vivid array of tragic tropes *The Virgin Suicides* *The Ice Storm* and *Revolutionary Road* participate in a deep rooted American tragic tradition *Tragic Novels the American Dream* and René Girard will be of interest to those working at the intersection of philosophy and literature as well as Girard specialists
