**Hosay Trinidad** Frank J. Korom,2012-05-26 The multivocalic rite known as Hosay in the Caribbean developed out of earlier practices originating in Iraq and Iran which diffused to Trinidad by way of South Asian indentured laborers brought to the Caribbean by the British from the mid 1800s to the early decades of the twentieth century The rituals are important as a Shi i religious observance but they also are emblems of ethnic and national identity for Indo Trinidadians Frank Korom investigates the essential role of Hosay in the performance of multiple identities by historically and ethnographically situating the event in Middle Eastern South Asian and Caribbean contexts Hosay Trinidad Muharram Performances in an Indo Caribbean Diaspora is the first detailed historical and ethnographic study of Islamic muharram rituals performed on the island of Trinidad Korom s central argument is that the annual rite is a polyphonic discourse that is best understood by employing multiple levels of interpretation On the symbolic level the observance provides esoteric meaning to a small community of Indo Trinidadian Muslims On another level it is perceived to be representative of transplanted Indian culture as a whole Finally the rituals are becoming emblematic of Trinidad s polyethnic population Addressing strategies used to resist integration and assimilation Hosay Trinidad is engaged with theories concerning the notion of cultural creolization in the Caribbean as well as in the general study of global diasporas
