The students undergo through difficulties in finding proper theoretical background of the experiments of soil mechanics. They were supposed to purchase textbooks and print handouts which cost them time and money. Although free resources are available on the internet, those are not comprehensive and well organized. Most of them are inappropriate in respect to our lab facility. This online manual helps students to understand both the theory and the experiment demonstration simultaneously. Comprehensive lab manual related to UTA facility, exceptional visual and audio description made this OER self explanatory.
