Introduction to Indigenous Literary Criticism in Canada Heather Macfarlane, Armand Garnet Ruffo, 2015-12-18
Introduction to Indigenous Literary Criticism in Canada collects 26 seminal critical essays indispensable to our understanding of the rapidly growing field of Indigenous literatures. The texts gathered in this collection, selected after extensive consultation with experts in the field, trace the development of Indigenous literatures while highlighting major trends and themes including appropriation, stereotyping, language, land, spirituality, orality, colonialism, residential schools, reconciliation, gender, resistance, and ethical scholarship.

The Oxford Handbook of Indigenous American Literature James Howard Cox, Daniel Heath Justice, 2014
Over the course of the last twenty years, Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual, cultural, political, historical, and tribal nation contexts from which these Indigenous literatures emerge. The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field. The Handbook's forty-three essays, organized into four sections, cover oral traditions, poetry, drama, non-fiction, fiction, and other forms of Indigenous American writing from the seventeenth through the twenty-first century. Part I attends to literary histories across a range of communities, providing, for example, analyses of Inuit, Chicana/o, Anishinaabe, and Métis literary practices. Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non-fiction, emergent trans Indigenous autobiography, Mexican and Spanish poetry, Native drama in the U.S. and Canada, and even a new Indigenous children's literature canon. The third section delves into contemporary modes of critical inquiry to expound on politics of place, comparative Indigenism, trans Indigenism, Native rhetoric, and the power of Indigenous writing to communities of readers. A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory, the Red Atlantic, the far North, Yucatán, Amerika Samoa, and Francophone Quebec. Together, the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date. It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts, secondary archives, writing traditions, literary histories, geographic and political contexts, and critical discourses in the field.

Autobiography as Indigenous Intellectual Tradition Deanna Reder, 2022-05-03
Autobiography as Indigenous Intellectual Tradition critiques ways of approaching Indigenous texts that are informed by the Western academic tradition and offers instead a new way of theorizing Indigenous literature based on the Indigenous practice of life writing. Since the 1970s, non-Indigenous scholars have perpetrated the notion that Indigenous people were disinclined to talk about their lives and underscored the assumption that autobiography is a European invention. Deanna Reder challenges such long-held assumptions by calling attention to longstanding autobiographical practices that are engrained in Cree and Métis or nìhiyawak culture and examining a series of

examples of Indigenous life writing Blended with family stories and drawing on original historical research Reder examines censored and suppressed writing by n hiyawak intellectuals such as Maria Campbell Edward Ahenakew and James Brady Grounded in n hiyawak ontologies and epistemologies that consider life stories to be an intergenerational conduit to pass on knowledge about a shared world this study encourages a widespread re evaluation of past and present engagement with Indigenous storytelling forms across scholarly disciplines

Reconstruction Acts 1867 1868 **American Stories** Paul Aron,2020-08-01 American Stories follows the evolution of our founding stories and myths and how they spread far and wide throughout our history The story of the cherry tree for example tells us nothing about George Washington s actual childhood but surely it tells us something about what Americans wanted in the father of their country an incorruptible leader of the people Along the same lines the story of Betsy Ross s flag tells us nothing about how the Stars and Stripes came to be but does tell us something about what Americans wanted in a founding mother it is no coincidence that the Ross story featuring a traditional woman s role of sewing at home was first told in 1870 one year after Elizabeth Cady Stanton and Susan B Anthony challenged these roles by founding the National Woman Suffrage Association There s another reason these stories spread and that provides another reason to follow their evolution From Dodge City to Deadwood and from Bunker Hill to San Juan Hill and beyond these stories all have one thing in common they are all a lot of fun to read
