## **Soldiers Society And National Security:**

**Soldiers, Society, and National Security** Sam Charles Sarkesian, John Allen Williams, Fred B. Bryant, 1995 This text explores the response of the military to the changing strategic landscape and shifting US domestic and international priorities It looks at the roots of that response in the perceptions attitudes capabilities and self images of the military profession

**Soldiers and Civilians** Peter Feaver, Richard H. Kohn, 2001 Essays on the emerging military civilian divide in the United States

**The US Military Profession into the 21st Century** Sam Sarkesian, Robert Connor, 2006-04-18 This brand new edition of The US Military Profession into the Twenty First Century re examines the challenges faced by the military profession in the aftermath of the international terrorist attack on the United States on September 11 2001 While many of the issues facing the military profession examined in the first edition remain the new war and international terrorism have compounded the challenges The US military must respond to the changed domestic and strategic landscapes without diminishing its primary function a function that now many see that goes beyond success on the battlefield Not only has this complicated the problem of reconciling the military professional ethos and *raison d'etre* with civilian control in a democracy it challenges traditional military professionalism This book also studies the notion of a US military stretched thin and relying more heavily on the US Federal Reserves and National Guard These developments make the US military profession increasingly linked to public attitudes and political perspectives In sum the challenge faced by the US military profession can be termed a dual dilemma It must respond effectively to the twenty first century strategic landscape while undergoing the revolution in military affairs and transformation At the same time the military profession must insure that it remains compatible with civilian cultures and the US political social system without eroding its primary function This is an invaluable book for all students with an interest in the US Military and of strategic studies and military history in general National Security Forces in Contemporary American Society , 1984

**Private Military and Security Companies** Andrew Alexandra, Deane-Peter Baker, Marina Caparini, 2009-10-16 Over the past twenty years Private Military and Security Companies PMSCs have become significant elements of national security arrangements assuming many of the functions that have traditionally been undertaken by state armies Given the centrality of control over the use of coercive force to the functioning and identity of the modern state and to international order these developments clearly are of great practical and conceptual interest This edited volume provides an interdisciplinary overview of PMSCs what they are why they have emerged in their current form how they operate their current and likely future military political social and economic impact and the moral and legal constraints that do and should apply to their operation The book focuses firstly upon normative issues raised by the development of PMSCs and then upon state regulation and policy towards PMSCs examining finally the impact of PMSCs on civil military relations It takes an innovative approach bringing theory and empirical research into mutually illuminating contact Includes contributions from experts in IR political theory international and corporate law and

economics and also breaks important new ground by including philosophical discussions of PMSCs *Military, State, and Society in Israel* דאָןנייבֿל מאַן, Eyal Ben-Ari, Zeev Rosenhek, There have been many books on the place of war security or military service in Israeli society The *Military State and Society in Israel* makes contributions to the debate theoretical empirical and polemical that are related to the Israeli case and to wider debates about the place of war and the military in contemporary industrialized societies The Israeli case is important in the development of more macro approaches to the study of things military as war has played a central role in Israel's history and continues to do so The book encapsulates in a very explicit manner tensions in the relationships between the military state and society and stands at the core of contemporary debates between two fundamental approaches to the study of the relations between the military society and the state the armed forces and society school and the state making and war perspective Contemporary Israel is the site of debates about many of the fundamental assumptions that have undergirded the Jewish nation state the ethnic character of nationhood and statehood the role of the Jewish diaspora vis vis Israel the legitimacy of Jewish ethnic pluralism the meaning of the Holocaust privatization of social life and the spread of consumerism and weakening of the centralized state as the agent of social transformation affecting housing language health technology production dress and child rearing One important consequence of these internal conflicts and struggles has been a significant erosion in the almost sacred status once enjoyed by state institutions and especially the military among the majority of Jewish population Theoretical and Comparative Perspectives situates Israel in its wider theoretical and comparative context and shows how the study of Israel contributes to the theoretical understanding of contemporary changes in civil military relations The *Politics of Civil Military Relations* concentrates on current changes in Israeli politics the character of the conflict with the Palestinians and the place of military in society The *State and War Making Creating Citizens Soldiers and Men and Women* indicates how war and the military are not only instruments for state making but are also important factors in the formation of individual identities The *Notion of National Security Institutions and Concepts* raises the basic question of whether the institutional mechanisms and the strategic conceptions crystallized during the first 50 years of Israel's existence are still relevant in a changing post cold war world The *Armed Forces as Organization Continuity and Change* focuses on the lines of continuity and trends of change in several aspects of the Israeli Defense Forces internal organizational structure Studies based on Israeli cases data and scholarship have been central to the development of expertise in such fields as applied psychology and psychotherapy This volume contributes to these areas of study and will be of central importance to professionals interested in civil military

*State, Society And National Security: Challenges And Opportunities In The 21st Century* Shashi Jayakumar, 2016-04-12 Addressing the complexities of radicalisation resilience cyber and homeland security *State Society and National Security Challenges and Opportunities in the 21st Century* aims to shed light on what has changed in recent years security discourse what has worked as well as what has not and what the potential further evolutions within each domain might be The release

of this book commemorates the 10th anniversary of the creation of the Centre of Excellence for National Security CENS a policy oriented security think tank within the S Rajaratnam School for International Studies Nanyang Technological University as well as the 10th edition of CENS annual Asia Pacific Programme for Senior National Security Officers APPSNO which has developed into a premier international security conference in Southeast Asia Featuring contributions from practitioners policy experts and academics closely linked to CENS this volume is a reminder of the meaningful and impact creating insights that 10 years worth of thinking and talking about national security imperatives have generated Contributors to this volume include Professor Sir David Omand former director of the United Kingdom s Government Communication Headquarters GCHQ Steven R Corman Professor in the Hugh Downs School of Human Communication Marc Sageman former operations officer at the United States Central Intelligence Agency Ilan Mizrahi former Head of Israel s National Security Council and John Lord Alderdice Liberal Democrat member of the House of Lords and Senior Research Fellow and Director of the Centre for the Resolution of Intractable Conflict at Harris Manchester College Oxford This book has been written in a manner that makes it accessible to policymakers security practitioners and academics as well as interested lay readers

**Soldiers and Societies in Postcommunist Europe** A. Forster,T. Edmunds,2003-09-08 This major comparative study examines the development of military society relations in central and eastern Europe since the collapse of communism Soldiers and Societies in Post Communist Europe explores how the interaction of the common challenges of postcommunism and the diverse circumstances of individual countries are shaping patterns of military society relations in this changing region Detailed country case studies written by international experts to a common analytical framework compare the experiences of Poland the Czech Republic Slovakia Hungary Latvia Lithuania Romania Bulgaria Slovenia Croatia Yugoslavia and Ukraine

*U.S. Army War College Guide to National Security Issues: National security policy and strategy* J. Boone Bartholomees,2008 The U S Army War College Guide USAWC to National Security Issues is the latest edition of the U S Army War College Guide to National Security Policy and Strategy which the college has published sporadically under different titles since 2001 This edition of the Guide is in two volumes that correspond roughly to the two core courses that the Department of National Security and Strategy DNSS teaches Theory of War and Strategy and National Security Policy and Strategy Page vii

*U.S. Army War College Guide to National Security Policy and Strategy* J. Boone Bartholomees,2001

**States, Citizens and the Privatisation of Security** Elke Krahmann,2010-02-04 Recent years have seen a growing role for private military contractors in national and international security To understand the reasons for this Elke Krahmann examines changing models of the state the citizen and the soldier in the UK the US and Germany She focuses on both the national differences with regard to the outsourcing of military services to private companies and their specific consequences for the democratic control over the legitimate use of armed force Tracing developments and debates from the late eighteenth century to the present she explains the transition from the centralized warfare state of the Cold War era to the privatized and

fragmented security governance and the different national attitudes to the privatization of force      **The Military and Militarism in Israeli Society** Edna Lomsky-Feder, Eyal Ben-Ari, 2012-02-01 The Military and Militarism in Israeli Society systematically examines the cultural and social construction of things military within Israel Contributors from comparative literature film studies sociology anthropology geography history and cultural studies explore the arenas in which the centrality of military matters are produced and reproduced by the state and by other public bodies Analysis is presented using three perspectives the production and reproduction of collective representations the dynamics of gender voice and resistance and the construction of individual life worlds      American Defense Policy Paul J. Bolt, Damon V. Coletta, Collins G. Shackelford, 2005 American Defense Policy has been a mainstay for instructors of courses in political science international relations military affairs and American national security for over 25 years The updated and thoroughly revised eighth edition considers questions of continuity and change in America s defense policy in the face of a global climate beset by geopolitical tensions rapid technological change and terrorist violence On September 11 2001 the seemingly impervious United States was handed a very sharp reality check In this new atmosphere of fear and vulnerability policy makers were forced to make national security their highest priority implementing laws and military spending initiatives to combat the threat of international terrorism In this volume experts examine the many factors that shape today s security landscape America s values the preparation of future defense leaders the efforts to apply what we have learned from Afghanistan and Iraq

*National Security, Military Power & the Role of Force in International Relations* Army Library (U.S.), 1976      National Security, Military Power & the Role of Force in International Relations United States. Department of the Army, 1976

**Communicating Security** Udi Lebel, 2013-09-13 This book analyzes the changes and tendencies expressed in the relation between army and society in Israel Since its inception Israel has been defined as a nation in arms a public space in which the security needs became central and to a great extent dictated the agenda and functioning of all the public arenas operating in it The theoretical investigation is accompanied by case study illustrations of special instances related to the nexus between security and society security and politics the army and the media the army and public relations security and culture bereavement and commemoration social motivation to serve in the army the army and foreign policy Lebel explores the connection between the military and culture in Israel against the backdrop of globalization individualism liberalism and social burn out in the face of survival and change      **Mercenaries, Hybrid Armies and National Security** Caroline Varin, 2014-09-15 This book assesses the use of mercenaries by states and their integration into the national armed forces as part of a new hybridisation trend of contemporary armies Governments especially in the West are undertaking an unprecedented wave of demilitarisation and military budget cuts Simultaneously these same governments are increasingly opening their armies up to foreign nationals and outsourcing military operations to private companies This book explores the impact of this hybridisation on the values cohesion and effectiveness of the armed forces by comparing and contrasting the

experiences of the French Foreign Legion private military companies in Angola and the merging of private contractors and American troops in Iraq Examining the employment of foreign citizens and private security companies as military forces and tools of foreign policy and their subsequent impact on the national armed forces the book investigates whether the difficulties of coordinating soldiers of various nationalities and allegiances within public private joint military operations undermines the legitimacy of the state Furthermore the author questions whether this trend for outsourcing security can realistically provide a long term and positive contribution to national security This book will be of much interest to students of private military companies strategic studies international security and IR in general     **Advances in Military Sociology** Giuseppe Caforio,2009-12-21 A selection of the papers presented at RC01 s international conference in Seoul July 2008 It offers a view of the panorama of social studies on armed forces and conflict resolution in a context of fast moving change that renders many preceding theoretical previsions obsolete     **Norway Army, National Security and Defense Policy Handbook Volume 1 Strategic Information and Developments** IBP USA,2013-08 2011 Updated Reprint Updated Annually Norway Army National Security and Defense Policy Handbook     **Trends in the U.S. Domestic Future and Implications for National Security--a Report of the National Security Study Group, United States Commission on National Security/21st Century** United States.
