## **Solesmes And Dom Gueranger 1805-1875 From Solesmes About The Chant:**

Prosper Gueranger (1805-1875) Cuthbert Johnson, 1984     *Decadent Enchantments* Katherine Bergeron, 2023-04-28 The oldest written tradition of European music the art we know as Gregorian chant is seen from an entirely new perspective in Katherine Bergeron's engaging and literate study Bergeron traces the history of the Gregorian revival from its Romantic origins in a community of French monks at Solesmes whose founder hoped to rebuild the moral foundation of French culture on the ruins of the Benedictine order She draws out the parallels between this longing for a lost liturgy and the postrevolutionary quest for lost monuments that fueled the French Gothic revival a quest that produced the modern concept of restoration Bergeron follows the technological development of the Gregorian restoration over a seventy year period as it passed from the private performances of a monastic choir into the public commodities of printed books photographs and Gramophone records She discusses such issues as architectural restoration the modern history of typography the uncanny power of the photographic image and the authority of recorded sound She also shows the extent to which different media shaped the modern image of the ancient repertory an image that gave rise to conflicting notions not only of musical performance but of the very idea of music history The oldest written tradition of European music the art we know as Gregorian chant is seen from an entirely new perspective in Katherine Bergeron's engaging and literate study Bergeron traces the history of the Gregorian revival from its Romantic origin     Solesmes & dom Guéranger, 1805-1875 Louis Soltner, 1974     Catholic Music through the Ages Edward Schaefer, MSM, DMA, 2022-01-07 Examining the role of music in the liturgical life of the Church Deacon Edward Schaefer seeks to promote a more dynamic balance between the expressive and formative qualities of liturgical music He examines the structure of the Mass both before and after the Second Vatican Council offering a brief overview of the history and development of liturgical music from the eighth century Carolingian Renaissance to the contemporary implementation of the reforms of the Second Vatican Council Concluding with a thoughtful analysis of the current state of liturgical music Deacon Schaefer provides a variety of musical examples which are easily accessed online or via the downloadable e book     **Encyclopedia of Monasticism** William M. Johnston, 2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e.g. art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture     Historical Dictionary of Sacred Music Joseph P. Swain, 2016-10-11 Sacred music is a universal phenomenon of humanity

Where there is faith there is music to express it Every major religious tradition and most minor ones have music and have it in abundance and variety There is music to accompany ritual and music purely for devotion music for large congregations and music for trained soloists music that sets holy words and music without words at all In some traditions Islamic and many Native American to name just two the relation between music and religious ritual is so intimate that it is inaccurate to speak of the music accompanying the ritual Rather to perform the ritual is to sing and to sing the ritual is to perform it This second edition of Historical Dictionary of Sacred Music contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 800 cross referenced entries on major types of music composers key religious figures specialized positions genres of composition technical terms instruments fundamental documents and sources significant places and important musical compositions This book is an excellent access point for students researchers and anyone wanting to know more about sacred music

**Imbued with the Spirit of the Liturgy** Joshua R. Brommer, Reverend Joshua R. Brommer, 2013 An overview of 10 key insights from CSL that have shaped the Mass we celebrate today Reverend Joshua R Brommer STL is the Administrative Assistant to the Bishop and the Director of the Office of Worship for the Diocese of Harrisburg He earned his Licentiate in Sacred Theology from the Pontifical Gregorian University Rome in 2007 with a focus in Sacramental Theology and the doctrine of grace Since ordination he has served as parochial vicar in three parishes in the Diocese of Harrisburg taught in the Diocesan Permanent Diaconate Formation program and offered many classes lectures and retreats

The A to Z of Sacred Music Joseph P. Swain, 2010-04-09 Nearly all religious traditions have reserved a special place for sacred music Whether it is music accompanying a ritual or purely for devotional purposes music composed for entire congregations or for the trained soloist or music set to holy words or purely instrumental in some form or another music is present In fact in some traditions the relation between the music and the ritual is so intimate that to distinguish between them would be inaccurate The A to Z of Sacred Music covers the most important aspects of the sacred music of Buddhism Christianity Confucianism Hinduism Islam Judaism and other smaller religious groups It provides useful information on all the significant traditions of this music through the use of a chronology an introductory essay a bibliography appendixes and hundreds of cross referenced dictionary entries on major types of music composers key religious figures specialized positions genres of composition technical terms instruments fundamental documents and sources significant places and important musical compositions

**Sacred Music and Liturgical Reform** Rev. Anthony Ruff, O.S.B., 2022-01-07 Anthony Ruff O S B has written a brilliant comprehensive well researched book about the treasures of the Church s musical tradition and about the transformations brought about by liturgical reform The liturgy constitution Sacrosanctum Concilium stated many revolutionary principles of liturgical reform Regarding liturgical music the Council s decrees mandated on the one hand the preservation of the inherited treasury of sacred music and on the other hand advocated adaptation and expansion of this treasury to meet the changed requirements of the reformed liturgy In clear

precise language he retrieves the Council's neglected teachings on the preservation of the inherited music treasury. He clearly shows that this task is not at odds with good pastoral practice but is rather an integral part of it. The book proposes an alternate hermeneutic for understanding the Second Vatican Council's teachings on worship music. *Singing the Rite to Belong* Helen Phelan, 2017-04-03. This book explores the way in which singing can foster experiences of belonging through ritual performance. Based on more than two decades of ethnographic, pedagogical, and musical research, it is set against the backdrop of the new Ireland of the late 20th and early 21st centuries. Charting Ireland's growing multiculturalism, changing patterns of migration, the diminished influence of Catholicism, and synergies between indigenous and global forms of cultural expression, it explores rights and rites of belonging in contemporary Ireland. Helen Phelan examines a range of religious, educational, civic, and community-based rituals, including religious rituals of new migrant communities, borrowed rituals, spaces, baptismal rituals in the context of the Irish citizenship referendum, rituals that mythologize the core values of an educational institution, a ritual laboratory for students of singing, and community-based festivals and performances. Her investigation peels back the physiological, emotional, and cultural layers of singing to illuminate how it functions as a potential agent of belonging. Each chapter engages theoretically with one of five core characteristics of singing: resonance, somatics, performance, temporality, and tacitness, in the context of particular performed rituals. Phelan offers a persuasive proposal for ritually framed singing as a valuable and potent tool in the creation of inclusive, creative, and integrated communities of belonging.

**Renewal and Resistance** Paul Collins, 2010. The Roman Catholic Church has always been concerned with the quality of the music used in the liturgy, and the essays in this volume trace the church's efforts during the nineteenth century and the first half of the twentieth to cultivate a more appropriate liturgical music for its Latin Rite. The task of restoration, expressed for example in the chant revival associated with the monks of Solesmes, the efforts of the Cecilian movement, and Pius X's determination to reform sacred music in the universal church, is a recurring theme in the book. Meanwhile, resistance, particularly to the reforms decreed by the pope's 1903 *motu proprio*, also finds a voice in the volume. The essays collected here describe selected scenes and episodes from the unending story of imperfect human beings trying to express in their music the perfection of God.

**A Sociological History of Christian Worship** Martin D. Stringer, 2005-07-14. In this book, the 2000-year history of Christian worship is viewed from a sociological perspective. Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts. Beginning with the Biblical material, the author provides a broad survey of changes over 2000 years of the Christian church, together with a series of case studies that highlight particular elements of the worship or specific theoretical applications. Stringer does not simply examine the mainstream traditions of Christian worship in Europe and Byzantium but also gives space to lesser-known traditions in Armenia, India, Ethiopia, and elsewhere. Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship, this book provides a greater understanding of the place

of worship in its social and cultural context     Historical Foundations of Worship (Worship Foundations) Melanie C. Ross, Mark A. Lamport, 2022-04-12 This volume brings together an ecumenical team of scholars to offer a historical overview of how worship developed The book first orients readers to the common core elements the global church shares in the history and development of worship theology and historical practice It then introduces the major streams of worship practice Catholic Orthodox and Protestant including Reformation traditions evangelicalism and Pentecostalism The book includes introductions by John Witvliet and Nicholas Wolterstorff A previous volume addressed the theological foundations of worship

**The Oxford History of Christian Worship** Geoffrey Wainwright, 2006 The Oxford History of Christian Worship is a comprehensive and authoritative history lavishly illustrated of the origins and development of Christian worship up to the present day Following contemporary methods in scholarship it attends to social and cultural contexts and examines the worship traditions from both Eastern and Western Christianity ancient and modern It offers a chronological account while encompassing spatial and confessional variations from Baptists in Britain to Roman Catholics in Mexico from Orthodox in Ethiopia to Pentecostals in the United States from Lutheran and Reformed in Europe to united churches in India and Australia The material details of Christian worship such as music architecture and the visual arts are considered within specific cultural contexts throughout the volume as well as studied thematically in individual chapters BOOK JACKET

*From Trent to Vatican II* Raymond F. Bulman, Frederick J. Parrella, 2006-05-25 The second Vatican Council was convened by Pope John XXIII between 1962 and 1965 It marked a fundamental shift toward the modern Church and its far reaching innovations replaced or radically changed many of the practices rules and attitudes that had dominated Catholic life and culture since the Council of Trent in the sixteenth century In this book a distinguished team of historians and theologians offers an impartial investigation of the relationship between Vatican II and Trent by examining such issues as Eucharistic theology liturgical change clerical reform the laity the role of women marriage confession devotion to Mary and interfaith understanding As the first book to present such a comprehensive study of the connection between the two great Councils this is an invaluable resource for students theologians and church historians as well as for bishops clergy and religious educators

**The People's Work** Frank C. Senn, 2010-08-10 Frank Senn ventures behind the liturgical screen behind the texts and behind the rubrics to reconstruct the everyday religious expression in Christian history Senn's magisterial *Christian Liturgy Catholic and Evangelical* 1997 has been widely hailed for its appreciation of the dynamic role of culture in shaping liturgical expression In *The People's Work* Senn delves further into the cultural home of liturgy looking at processions and pilgrimage communion practices and spiritual reading fasting and feasting all the myriad liturgical practices that have been the concrete life and primary work of the body of Christ     An Episcopal Dictionary of the Church Robert Boak Slocum, Don S.
