Prokofieff,1999 In our everyday lives we are constantly challenged by the phenomenon of evil in all its many manifestations But how can we cope with this seemingly eternal hindrance In the first of these three essays Prokofieff suggests that we start by developing a knowledge of the forces of evil in order to learn how they work in human evolution Such knowledge is in itself the beginning of the process of overcoming evil In order that members of the Anthroposophical Society might go further along this path Rudolf Steiner gave them the spiritual Foundation Stone of the Good This Foundation Stone which consists of light imaginative form and the substance of love can live in our hearts and souls as a firm foundation for esoteric work and a creative contribution towards the overcoming of evil Ultimately it can lead us to a conscious experience of Christ in the etheric realm of the earth In the second and third essays Prokofieff examines further themes relating to the etheric advent of Christ and its connection with the Foundation Stone of the Good     *The Zohar* Daniel Chanan Matt,2009 This third volume of completes the Zohar s commentary on the book of Genesis Throughout the Zohar probes the biblical text and seeks deeper meaning for example the divine intention behind Joseph s disappearance or the profound significance of human sexuality

*Burning Desire* Paul Linke,2020-08-19 The book provides some of the information everyone is unconsciously looking for It mentions subjects only a philosopher would know about and more It provides an idea to change the age old belief that there is not enough to go around and therefore we war about the most fundamental resources we can find on Earth The book explains to the best of my knowledge that the universe is a giving entity and all we have to do is learn how this is possible This giving entity is fundamentally two particles in union which is a self contained unit at every scale This union is a dynamic entity which looks like a Torus that generates everything Ancient arts like sacred geometry and others are testimony that there is a fundamental geometric structure in all things and the book highlights this sacred structure known as the Metatrons Cube which is governed by a conscious mind that generates all physical things we are so familiar with It also mentions motion which relates to the golden ratio and how algorithmic functions can explain some of the infinite possibilities we are confronted with     **Hear Then the Parable** Bernard Brandon Scott,1989-01-01 Hear Then the Parable is an innovative literary social reading of all the parables of Jesus
