Critically Ill Children Laura Miller-Smith, Ásdís Finnsdóttir Wagner, John D. Lantos, 2019-03-13 This book examines the many ethical issues that are encountered in the Pediatric Intensive Care Unit (PICU). It supports pediatricians, nurses, residents, and other providers in their daily management of critically ill children with the dilemmas that arise. It begins by examining the evolution of pediatric critical care and who is now impacted by this advancing medical technology. Subsequent chapters explore specific ethical concerns and controversies that are commonly encountered. These topics include how to conduct end-of-life discussions with families facing a myriad of challenging choices. It goes on to explore the concept of futility and what

that does and does not mean in the pediatric ICU setting Controversial subjects such as children as organ donors particularly using donation after cardiac death in addition to issues surrounding the declaration of brain death are covered Additional chapters address resource allocation and also analyze the use of long term technology in chronically critically ill children Chapters include case examples with guidance on how to work through similar difficulties and decision making While this book is specifically targeted for care providers at the ICU bedside it is also of benefit to medical students students in bioethics practicing ethical consultants and families who are dealing with critically ill children

The Right Tool for the Job? Mortgage Distress and Personal Insolvency During the European Debt Crisis Mr. Wolfgang Bergthaler, Jose M Garrido, Anjum Rosha, 2023-05-05 The European debt crisis in the early to mid 2010s brought to the fore the issue of household debt distress in the countries affected widespread over indebtedness resulted in serious financial and social challenges The crisis was primarily a mortgage debt crisis but in several cases the legal response was based on the introduction of personal insolvency procedures This paper examines the challenges in designing and implementing legal reforms in this area to promote a better understanding of the main considerations in resolving personal insolvency and distressed mortgage debt in the context of crises Lessons from the European crisis may prove valuable when dealing with the aftermath of the COVID 19 pandemic and the war in Ukraine on household debt distress
