The Suitcase Farming Frontier Leslie Hewes, 1973 **The Suitcase Farming Frontier** Leslie Hewes, **The Legacy of Conquest** Patricia Nelson Limerick, 2011-02-07 Limerick is one of the most engaging historians writing today Richard White The settling of the American West has been perceived throughout the world as a series of quaint violent and romantic adventures But in fact Patricia Nelson Limerick argues the West has a history grounded primarily in economic reality in hardheaded questions of profit loss competition and consolidation Here she interprets the stories and the characters in a new way the trappers traders Indians farmers oilmen cowboys and sheriffs of the Old West meant business in more ways than one and their descendents mean business today *The Last Days of the Rainbelt* David J. Wishart, 2020-04-01 Looking over the vast open plains of eastern Colorado western Kansas and southwestern Nebraska where one can travel miles without seeing a town or even a house it is hard to imagine the crowded landscape of the last decades of the nineteenth century In those days farmers speculators and town builders flooded the region believing that rain would follow the plow and that the Rainbelt would become their agricultural Eden It took a mere decade for drought and economic turmoil to drive these dreaming thousands from the land turning farmland back to rangeland and reducing settlements to ghost towns David J Wishart s *The Last Days of the Rainbelt* is the sobering tale of the rapid rise and decline of the settlement of the western Great Plains History finds its voice in interviews with elderly residents of the region by Civil Works Administration employees in 1933 and 1934 Evidence similarly emerges from land records climate reports census records and diaries as Wishart deftly tracks the expansion of westward settlement across the central plains and into the Rainbelt Through an examination of migration patterns land laws town building and agricultural practices Wishart re creates the often difficult life of settlers in a semiarid region who undertook the daunting task of adapting to a new environment His book brings this era of American settlement and failure on the western Great Plains fully into the scope of historical memory **Rooted in Dust** Pamela Riney-Kehrberg, 1994 Examines the social impact of drought and depression in Kansas illustrating how both farm and town families dealt with the deprivation by finding odd jobs working in government programmes or depending on federal and private assistance *Nebraska History* Addison Erwin Sheldon, James Lee Sellers, James C. Olson, 1974 **Rural Development Perspectives**, 1989 *ERS Staff Report*, 1988 **Encyclopedia of the Great Plains** David J. Wishart, 2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide ranging pun intended encyclopedia of this important region Their objective was to give definition to a region that has traditionally been poorly defined and they have **Geopub Review of Geographical Literature**, 1974
