Sulla The Last Republican

Paul Erdkamp

Sulla The Last Republican:

Sulla, the Last Republican Arthur Keaveney, 2005 This is a biography of one of the most controversial figures of antiquity Sulla was the great general who became dictator of Rome and ushered in the period of the Civil Wars *Sulla, the Last Republican* Arthur Keaveney, 1986 **Sulla** Arthur Keaveney, 2013-01-11 In this second edition of Arthur Keaveney's classic biography a fresh generation of students scholars and readers are introduced to one of the most pivotal figures in the outgoing Roman Empire A definitive book in its field this second edition is a must read Completely rewritten and updated to include the further discoveries of the last two decades it challenges traditional views of Sulla as a tyrant and harsh military dictator and instead delivers a compellingly complex portrait of a man obsessed with the belief that he was blessed with divine favour Written by a leading authority on the classical world this lively and entertaining book transports us through Sulla's rise from poverty and obscurity to his dictatorship of Rome highlighting his dedication and achievements in better ordering the Republic before his decline a generation later **Declamationes Sullanae** Juan Luis Vives, 2012-04-19 This is a critical annotated bilingual edition of Declamations 3 4 and 5 comprising the abdication speech of the Roman Republican dictator Sulla followed by Lepidus the new consul's two unrestrained attacks on Sulla's morals henchmen and political program A Companion to the Roman Army Paul Erdkamp, 2011-03-31 This companion provides an extensive account of the Roman army exploring its role in Roman politics and society as well as the reasons for its effectiveness as a fighting force An extensive account of the Roman army from its beginnings to its transformation in the later Roman Empire Examines the army as a military machine its recruitment training organization tactics and weaponry Explores the relationship of the army to Roman politics economics and society more broadly Considers the geography and climate of the lands in which the Romans fought Each chapter is written by a leading expert in a particular subfield and takes account of the latest scholarly and archaeological research in that area **War, Warlords, and Interstate Relations in the Ancient Mediterranean**, 2017-12-05 During the final four centuries BC many political and stateless entities of the Mediterranean headed towards anarchy and militarism while stronger powers Carthage the Hellenistic kingdoms and Republican Rome expanded towards State formation forceful military structures and empire building Edited by T. Aco del Hoyo and F. L. pez Sánchez this volume presents the proceedings from an ICREA Conference held in Barcelona 2013 addressing the connection between war warlords and interstate relations from classical studies and social sciences perspectives Some twenty scholars from European Japanese and North American Universities consider the scope of multipolarity and the usefulness of warlord a modern category in order to feature some ancient military and political leaderships The Oxford Classical Dictionary Simon Hornblower, Antony Spawforth, Esther Eidinow, 2012-03-29 The revised third edition of the Oxford Classical Dictionary is the ultimate reference on the classical world containing over 6 200 entries The 2003 revision includes minor corrections and updates and all Latin and Greek words in the text are now translated into English *The Roman Republic, History,*

Myths, Politics, and Novelistic Historiography Miguel A. Faria, Jr.,2025-06-09 The history of the Roman Republic has been shrouded in myth assailed by gaps in historical knowledge and even immersed in political biases But in this book the author has succeeded in penetrating the mist using both ancient and modern sources as well as numismatic information and other illustrative materials and artforms He narrates the history of ancient Rome from its beginnings with the legendary seven kings of Rome the founding and struggles of the Republic the wars of conquests and civil wars to the collapse of the Republic and the inception of the Roman Empire with Augustus Peace is finally established and the Augustan Renaissance and the Pax Romana followed hinting at the course of Western civilization One lesson is learned Liberty and civic duties are too valuable to be forsaken for the material safety of bread and circuses because in the end citizens so partaking may end up with neither liberty nor safety

A History of Exile in the Roman Republic Gordon P. Kelly,2006-07-24 Roman senators and equestrians were always vulnerable to prosecution for their official conduct especially since politically motivated accusations were common When charged with a crime in Republican Rome such men had a choice concerning their fate They could either remain in Rome and face possible conviction and punishment or go into voluntary exile and avoid legal sentence For the majority of the Republican period exile was not a formal legal penalty contained in statutes although it was the practical outcome of most capital convictions Despite its importance in the political arena Roman exile has been a neglected topic in modern scholarship This 2006 study examines all facets of exile in the Roman Republic its historical development technical legal issues the possibility of restoration as well as the effects of exile on the lives and families of banished men

Marriage Discourses Jowan A. Mohammed, Frank Jacob,2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in marital relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates
