Sultan Of Morocco:

Empire of Clay Comer Plummer III,2019-12-11 Hero or Monster Empire of Clay The Reign of Moulay Ismail Sultan of Morocco 1672 1727 assesses contrasting views of Morocco s longest serving monarch On the surface Moulay Ismail s 55 year reign was momentous he consolidated a new dynasty the Alaouites he developed a professional army of soldier slaves the Abid al Bukhari which he used to crush domestic opposition he created a sprawling new capital at Meknes and he returned to Moroccan control several cities held by England and Spain On the international scene he raised Morocco s profile in courting Louis XIV of France and James II of England However his legacy is an equivocal one The cost of these successes was enormous hundreds of thousands enslaved as many or more killed through war and repression including scores murdered by Ismail himself and a state driven toward ruin by the ruler s obsessions In the Age of Absolutism no ruler was more powerful or more feared *Muslims in Spain, 1492-1814* Eloy Martín-Corrales,2020-12-15 In Muslims in Spain 1492 1814 Living and Negotiating in the Land of the Infidel Eloy Mart n Corrales surveys Hispano Muslim relations from the late fifteenth to the eighteenth centuries a period of chronic hostilities Nonetheless there were thousands of Muslims in Spain at that time ambassadors exiles merchants converts and travelers Their negotiating strategies and the necessary support they found on both shores of the Mediterranean prove that relations between Spaniards and Muslims were based on reasons of state and on a pragmatism that generated intense political and economic ties These increased enormously after the peace treaties that Spain signed with Muslim countries between 1767 and 1791 **The Sultan of Morocco** Rom Landau,1951 **Monarchs** Peter Francis Kenny,2016-02-25 Much of Europe and the Middle East have been governed by a king Queen Emperor or Empress These individuals in most cases began a dynasty which lasted many years and are still reigning today The Roman Empire grew so huge and vast that it needed two Emperors to rule both East and West while the Middle Eastern countries suffered under their control Russia was ruled by Tsars and a great many dynasties existed This book takes a look at these leaders and uncovers the facts surrounding the reigns of these leaders **The land of an African Sultan** Walter B. Moroccans Jennifer Olmsted, 2024-12-24 The Women of Algiers in Their Apartment is arguably Eugène Delacroix's best known work from his trip to Morocco in 1832 and the attention scholars have paid to it has obscured a crucial fact about Delacroix's Moroccan subjects: most of his paintings of North Africa depict men rather than women. After serving as a diplomat's companion on a mission to Morocco, Delacroix went on to devote over three quarters of his massive North African oeuvre to the military prowess, effective leadership, equestrian virtuosity, and elegant dress of Moroccan men. Using the evidence of his writings, sketches, and paintings, Olmsted argues that rather than embodying a typical colonialist fantasy, Delacroix's paintings of Moroccan men instead show his subjects as models of heroic masculinity and political sovereignty, a position that ran counter to prevailing French attitudes toward North Africans. In this way, Delacroix's *Moroccans* intervenes in the discourse of imperialism to examine the multiple heterogeneous features of cultural response and provides nuanced readings of the artist's work that support the idea that European constructions of non-European cultures were not monolithic. Olmsted's multifaceted analysis creates a powerful and original understanding of Delacroix's Moroccan oeuvre and a counternarrative to the colonialist imagery of his era. Through close attention to Delacroix's paintings, drawings, and writings, as well as their historical and political contexts, this book illuminates the artist's practice and offers a fresh avenue for assessing colonialism and art produced within colonial contexts. International Dictionary of Historic Places: Middle East and Africa Trudy Ring, Robert M. Salkin, Sharon La Boda, 1995 First Published in 1996 Routledge is an imprint of Taylor Francis, an informa company. **The Land of an African Sultan** Walter Harris, 2010-12-03 There are men say the Moors who have come from islands far away to the west upon the great ocean to see Morocco. Like all the world they know that there is no other land to compare to it. Walter Harris and Morocco are inextricably linked. For 35 years he immersed himself in the culture and way of life of Morocco in a way that few ever had before. In this classic work Harris gives an evocative account of his journeys around Morocco from 1887-1889. At a time when the wild, lawless interior of the country had hardly been explored by any westerner, Harris would dress as a local and venture into the badlands fearlessly encountering caids and saints, brigands and warriors. In Tangier he writes of the eccentrics, artists and lost souls who lived there. He takes an eventful ride through Wazzan, a place few Europeans would ever dare to visit. In Marrakech he paints a riveting picture of the decadence and darkness of the sultan's court. And finally he recounts the story of his now celebrated ride in disguise to Sheshouan, the second of only three Christians ever to enter the town. Walter Harris was a legendary storyteller and through his rich descriptions of the tribes, customs and everyday life of Morocco he renders a portrait of the country that is hard to surpass. *The Land of an African Sultan* is a story as compelling now as it was over a century ago, a gem of a book for all those who follow in his footsteps to the land of the setting sun.
