Summer Light:

Changing Seasonality Scott Bremer, Arjan Wardekker, 2024-01-29 Communities worldwide are critically re-examining their seasonal cultures and calendars. As cultural frameworks, seasons have long patterned community life and provided repertoires for living by annual rhythms. In a chaotic world, the seasons—winter, the monsoon, and so on—can feel like stable cultural landmarks for reckoning time and orienting our communities. Seasons are rooted in our pasts and reproduced in our present. They act as schemes for synchronising community activities and professional practices and as symbol systems for interpreting what happens in the world. But on closer inspection, seasons can be unstable and unreliable. Their meanings can change over time. Seasonal cultures evolve with environments and communities, worldviews, values, technologies, and practices affecting how people perceive seasonal patterns and behave accordingly. Calendars are contested, especially now. Communities today find themselves in a moment of accelerated and intersecting changes from climate to social, political, and technological that are destabilizing seasonal cultures. How they reorient themselves to shifting patterns may affect whether seasonal rhythms serve as resources or lead people down maladaptive pathways. A focus on seasonal cultures builds on multidisciplinary work. The social sciences, from anthropology to sociology, have long studied how seasons order people's sense of time, social life, relationship to the environment, and politics. In the humanities, seasons play an important role in literature, art, archaeology, and history. This book advances scholarship in these fields and enriches it with extrascientific insights from practice to open up exciting new directions in climate adaptation.

Walking the Path of Love Joseph J. Mazzella, 2010-06 Joseph Mazzella has been writing inspirational articles for newspapers and online for over 20 years. He lives in the mountains of West Virginia with his daughter, two sons, four cats, and five dogs. Over the years, he has worked as a busboy, lumber mill worker, teacher, and mental health care worker. His greatest joy, however, has been sharing the love, learning experiences, and wisdom that God has blessed him with over the years. This book is meant to be a part of that sharing.
