Memory Alejandro Murguía, 2010-01-01 An American Book Award winner's creative memoir traces his own family's history as well as the long story of Hispanics in America. Spirited writing. Library Journal. People who live in California deny the past, asserts Alejandro Murguía. In a state where what matters is keeping up with the current trends, fads, or latest computer gizmo, no one has the time, energy, or desire to reflect on what happened last week, much less what happened ten years ago or a hundred years. From this oblivion of memory, he continues, comes a false sense of history, a deluded belief that the way things are now is the way they have always been. In this work of creative nonfiction, Murguía draws on memories, his own and his family's, reaching back to the eighteenth century to reconstruct the forgotten Chicano indigenous history of California. He tells the story through significant moments in California history, including the birth of the mestizo in Mexico, destruction of Indian lifeways under the mission system, violence toward Mexicanos during the Gold Rush, Chicano farm life in the early twentieth century, the Chicano Movement of the 1960s, Chicano Latino activism in San Francisco in the 1970s, and the current rebirth of Chicano Indian culture. Rejecting the notion that history is always written by the victors and refusing to be one of the vanquished, he records and draws us into his own California history. **Skiing Heritage Journal**, 1993-05 Skiing Heritage is a quarterly Journal of original, entertaining, and informative feature articles on skiing history.
