Michael H. Ducey

Sunday Morning Aspects Of Urban Ritual:

Sunday Morning Michael H. Ducey, 1977 Sunday Morning Michael H. Ducey, 1977 *Chicago Neighborhoods and Suburbs* Ann Durkin Keating, 2008-11-15 Which neighborhood It is one of the first questions you are asked when you move to Chicago And the answer you give be it Bucktown Bronzeville or Bridgeport can give your inquisitor a good idea of who you are especially in a metropolis with so many different neighborhoods and suburbs to choose from Many of us know little of the neighborhoods beyond those where we work play and live This is particularly true in Chicagoland a region that spans over 4 400 square miles and is home to more than 9 5 million residents Now historian Ann Durkin Keating's compact guide drawn largely from the bestselling Encyclopedia of Chicago brings the history of Chicago neighborhoods to life Back cover

Understanding Religious Ritual John Hoffmann, 2013-03 This book represents contributions from leading scholars from several disciplines that show the diversity of approaches to religious rituals while also providing cross disciplinary perspectives on this topic *Beyond Establishment* Jackson W. Carroll, Wade Clark Roof, 1993-01-01 A novel cultural approach to studying mainline denominations Focusing on each denomination's religious and moral vision the beliefs values symbols and style that makes it distinct this book features contributions from a variety of authors historians scholars educators anthropologists and liturgists **Makeshift Chicago Stages** Megan E. Geigner, Stuart J. Hecht, Jasmine Jamillah Mahmoud, 2021-07-15 Since Chicago's founding theater has blossomed in the city's makeshift spaces from taverns to parks living rooms to storefronts Makeshift Chicago Stages brings together leading historians to share the history of theater and performance in the Second City The essays collected here theorize a regional theater history and aesthetic that are inherently improvisational rough and tumble and marginal reflecting the realities of a hypersegregated city and its neighborhoods Space and place have contributed to Chicago's reputation for gritty ensemble led work part of a makeshift ethos that exposes the policies of the city and the transgressive possibilities of performance This book examines the rise and proliferation of Chicago's performance spaces which have rooted the city's dynamic thriving theater community Chapters cover well known groundbreaking and understudied theatrical sites ensembles and artists including the 1893 Columbian Exposition Midway Plaisance the 57th Street Artist Colony the Fine Arts Building the Goodman Theatre the Federal Theatre Project the Kingston Mines and Body Politic Theaters ImprovOlympics later iO Teatro Vista Theater Gates and the Chicago Home Theater Festival By putting space at the center of the city's theater history the authors in Makeshift Chicago Stages spotlight the roles of neighborhoods racial dynamics atypical venues and borders as integral to understanding the work and aesthetics of Chicago's artists ensembles and repertoires which have influenced theater practices worldwide Featuring rich archival work and oral histories this anthology will prove a valuable resource for theater historians as well as anyone interested in Chicago's cultural heritage **Schooling as a Ritual Performance** Peter McLaren, 1999 One of the most compelling ethnographies of school ever written Schooling as a Ritual Performance has for over a decade made its mark

among educators sociologists and those seeking to understand the cultural meaning of classroom practices Written by one of the major world figures on the educational left *Schooling as a Ritual Performance* is a pioneering study of the partnership between capitalism and religion and the educational offspring it produces Not since Paul Willis *Learning to Labor* has an educational ethnography about schooling so pushed the limits of current social theory Now in a new edition to this classic text McLaren engages with some of the latest anthropological thinking and presents readers with a powerful manifesto for critical ethnography in the coming millennium *American Congregations, Volume 2* James P. Wind, James W.

Lewis, 1998-09 Continuing this two part series on American religion Volume 2 addresses three questions Where is the congregation located on the broader map of American cultural and religious life What are congregations distinctive roles in American culture And what patterns of leadership characterize congregations in America **Beyond Yiddishkeit** Frida K. Furman, 2012-02-01 *Beyond Yiddishkeit* deals in an intelligent and perceptive way with the issue of Jewish identity in an affluent and highly educated suburban community Particularly significant is that it relies upon participant observation as well as ethnographic interview techniques and data on the part of the author In this way the work constitutes the first major study of this type conducted within the liberal Jewish American community As such it is a pioneering work Equally impressive is the author's command of the sociological literature on issues of identity and her ability to apply it to the data gathered in this study She makes sociological jargon intelligible and presents an easily read and well constructed book Her ability throughout the work to focus on issues of modernity is insightful and brilliant I found myself racing through the book and indeed read it in one sitting This really is an unparalleled work in this field David Ellenson Hebrew Union College Jewish Institute of Religion **Places of Redemption** Mary McClintock Fulkerson, 2010-08-19 The primary aim of this book is to explore the contradiction between widely shared beliefs in the USA about racial inclusiveness and equal opportunity for all and the fact that most churches are racially homogeneous and do not include people with disabilities To address the problem Mary McClintock Fulkerson explores the practices of an interracial church United Methodist that includes people with disabilities The analysis focuses on those activities which create opportunities for people to experience those who are different as equal in ways that diminish both obliviousness to the other and fear of the other In contrast with theology's typical focus on the beliefs of Christians this project offers a theory of practices and place that foregrounds the instinctual reactions and communications that shape all groups The effect is to broaden the academic field of theology through the benefits of ethnographic research and postmodern place theory
