

A photograph of a person with curly, light-colored hair, seen from the back and slightly to the side. They are wearing a bright red jacket. On the back of the jacket, there is a white, diamond-shaped patch with the words "Lost Americana" printed in a bold, black, serif font. The person is standing behind a blue, pointed-top fence. The background is a clear blue sky with some power lines and a utility pole visible on the left.

Who Pays for Canada? E.A. Heaman, David Tough, 2020-09-17 Canadians can never not argue about taxes From the Chinese head tax to the Panama Papers from the National Policy to the Canada United States Mexico Agreement tax grievances always inspire private resentments and public debates But if resentment and debate persist the terms of the debate have continually altered and adapted to reflect changing social economic and political conditions in Canada and the wider world The centenary of income tax is the occasion for Canadian scholars to wrestle with past and present debates about tax equity efficiency and justice Who Pays for Canada explores the different ways governments can and should tax their peoples and evaluates how well Canada has done so It brings together a diverse group of perspectives from academia law economics political science history geography philosophy and accountancy and from the wider world of activists and public servants It asks how Canada compares to other countries and how other countries especially the United States influence Canadian tax policies It also surveys internal tax tensions and politics through the lenses of region and jurisdiction as well as race class and gender Reasoning from tax perplexities and reforms in the past and the present it argues that fair taxation requires an informed populace and a democratically inclined public will Above all this book serves as a reminder that it is not only what counts as fair that is important but how fairness is evaluated Revealing how closely tax policy is tied to mainstream politics human rights and morality Who Pays for Canada represents new perspectives on a matter of tremendous national urgency

Our Crumbling Foundation Gregor Craigie,2024-03-05 NATIONAL BESTSELLER WINNER OF BC BOOK PRIZE GEORGE RYGA AWARD FOR SOCIAL AWARENESS FINALIST FOR THE BALSILLIE PRIZE FOR PUBLIC POLICY FINALIST FOR THE BC BOOK AWARDS HUBERT EVANS NON FICTION PRIZE A GLOBE AND MAIL BEST BOOK A HILL TIMES BEST BOOK An urgent and illuminating examination of the unrelenting housing crisis Canadians find ourselves facing by Balsillie Prize finalist and CBC Radio host Gregor Craigie *Our Crumbling Foundation* offers real life solutions from around the world and hope for new housing innovation in the face of seemingly impossible obstacles Canada is experiencing a housing shortage Although house prices in major Canadian cities appeared to have topped out new housing isn t coming onto the market quickly enough Higher interest rates have only tightened the pressure on buyers and renters too as rising mortgage rates cost landlords more which are passed along to tenants in rent increases Even with recent federal budget commitments to bring more housing online by 2030 there will still be a shortfall of 3.5 million homes by then Gregor Craigie is a CBC

journalist in Victoria one of the highest priced housing markets in the country On his daily radio show On The Island he s been talking for over 17 years to local experts and to those across the country about housing Craigie has travelled to many of the places he profiles in the book and in his interviews with Canadians he presents the human face of the shortfall as he speaks with renters owners and homeless people exploring their varying predicaments and perspectives He then shows through comparable profiles of people across the globe how other North American and international jurisdictions Tokyo Paris Berlin Helsinki Singapore Ireland to name a few are housing their citizens better faster and with determination solutions that could be put into practice here With passion knowledge and vigour Craigie explains how Canada reached this critical impasse and will convince those who may not yet recognize how badly our entire country is in need of change Our Crumbling Foundation provides hope for finding our way out of the crisis by recommending a number of approaches at all levels of government The prescription for how we re going to house ourselves and do so equitably requires not just a business solution nor simply a social solution but rather a combination of both working hand in hand with all levels of government and quickly in order to catch up with and outpace the needs of Canadians in this ever intensifying crisis over a basic human right

Pension Ponzi Bill Tufts, Lee Fairbanks, 2011-01-25 The vast majority of Canadians are blissfully unaware that every man woman and child in Canada now owes a 35 000 share of government debt and must pay this back with interest Make no mistake this debt will change our country and affect every single Canadian in the decades to come You may think you have planned for your retirement and are safe but the government must find a way to recover this borrowed money and they can only do that by raising your taxes and reducing your hard earned benefits How did this debt come about and why can t we simply pay it off Pension Ponzi lays the blame squarely at the feet of the politicians who refused to stand up to Canada s public sector unions The fact is Canada s public sector which accounts for 20% of the workforce has been grossly overpaid relative to their counterparts in the private sector with cushy pensions paid for with your taxes and new debt There is no denying that the country does not have the financial resources to ensure that the next generation of Canadians will have the same standard of living as the ones before it or to support our growing seniors population Meeting our public sector pension obligations will break the current social safety net that is a pillar of the Canadian way Can you escape this bleak future Can you afford to live longer Nationally recognized pension expert Bill Tufts and award winning journalist Lee Fairbanks explore how this catastrophe came about and then suggest ways that government can fix what s broken and how you as an individual can protect yourself from the financial calamity that is about to engulf Canada
