Classical Readings on Culture and Civilization Stephen Mennell, 2017-10-03 In recent times especially under the influence of postmodernism culture has often been construed as a critique of modernity This wide ranging and comprehensive collection of readings shows that such issues have always been at the centre of thought about the relationship between culture and civilization The readings are divided into three sections linking the civilization debate to political theory to the cultural debate and to the sociology and anthropology The substantial extracts included give students a rare chance to engage at length with classic texts to appreciate the nature of the battle between the Enlightenment and its critics which has shaped current thought Classical Readings on Culture and Civilisation presents essays from Immanuel Kant Adam Ferguson Thomas Jefferson Alexis de Tocqueville Friedrich von Schiller Friedrich Nietzsche Georg Simmel Thomas Mann Sigmund Freud Emile Durkheim Marcel Mauss Lucien Febvre Alfred Weber Robert E Park and Norbert Elias **Culture & Progress: Esc V8** Kenneth Thompson, 2013-08-21 First published in 2003 This final volume in the VIII volume set titled The Early Sociology of Culture deals with human culture and confines itself neither to contemporary life nor to Western European civilization The author argues that if the volume demonstrates an inadequacy of the methods used in interpreting culture and progress the study is justified The chapters are separated into three parts Culture and Culture Change Theories of Progress and The Criteria of Progress
