The Diluted Church Calling Believers To Live Out Of Their True Heritage:

The Diluted Church Timothy L. Price, 2005-06 From the Publisher In this systematic study author Timothy L Price examines two of the most explosive subjects in conversation religion and politics Addressed mainly to religious conservatives this book asks as many questions to the Religious Right about their approach This work exposes hypocrisy and ignorance that are part and parcel with accepting the religious conservative bandwagon as a legitimate way of expressing Christ to a non believing society The author is detailed in exposing the fallacy of using politics to do the church s work This book is about redirecting the energy of the Religious Right from being aggressive and self righteous to becoming more like Christ If culture change is what the religious conservatives want why are they so afraid to change themselves Why do they assume that culture change should be in their direction And why are they vehemently opposed any person of faith that would credibly question their sense rightness Get this book and discover why *Spiritual Mapping in the United States and Argentina* René Holvast, 2009 Referring to U S Evangelicalism and Neo Pentecostalism this book presents a comprehensive historical description of the movement and concept of Spiritual Mapping with special attention to theological and anthropological concepts The result is a facinating picture of modern Christian Americanism *Are Non-Christians Saved?* Ambrose Mong, 2015-01-08 Religious pluralism upholds the idea that multiple religions can coexist and be beneficial for society it is a concept spreading around the world not only in Asia with its myriad beliefs and practices but also in Europe where many non Christian religious traditions are growing On the face of it religious pluralism is the ultimate message of tolerance a vitally important principle for how we can live peacefully But not everyone sees it this way Joseph Ratzinger former Pope Benedict XVI and Prefect of the Congregation for the Doctrine of the Faith is amongst those who regard religious pluralism as a threat to Christianity If only Christianity can save us then how can religious pluralism do anything but hinder Christianity s cause Ambrose Mong examines Ratzinger s thoughts on this subject and evaluates how the church has responded to the call of the Second Vatican Council to create dialogues with other faiths By looking at Ratzinger s educational cultural and religious background Mong reveals the roots of Ratzinger s Eurocentric bias and how it has shaped the views that he holds today including his attitude towards religious pluralism his ecclesiology and his ecumenical theology *Are Non Christians Saved* is essential reading for students teachers and scholars seeking a thorough analysis of Ratzinger s position including why he believes religious pluralism with its evil twins of relativism and secularism is a threat to Christianity *Themelios, Volume 42, Issue 3* D. A. Carson, 2018-01-05 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors

Our Methodist Standards and Heritage David M. Battle, 2023-04-16 Our Methodist Standards and Heritage calls all Methodist back the roots of Methodist teaching as shown in the General Rules of the Methodist Societies and in the Articles of Religion that John Wesley sent to America The book can be divided into three parts The first two parts are for all Methodists regardless of denomination They cover the General Rules that governed the behavior of Methodists before the establishment of any Methodist church These rules were actually an evangelistic tool that demonstrated our need for the grace of God The second part explains how the Articles of Religion are an expression of basic Protestant Christian beliefs and how they still apply today The last section begins by describing distinctive Methodist doctrines found in the Other Beliefs Finally Southern Methodist particulars are articulated and discussed

Theological Dissent in Post-Vatican II Catholicism Anthony Devlin, 2025-12-03 This book examines the reality of theological dissent in the Catholic Church in the decades since the Second Vatican Council 1962 1965 and its relation to the problematic search for certainty and doctrinal consistency in addressing the complexities of moral decision making in the contemporary world Concern for the fundamental dignity of the human person and the tension between obedience and the ultimate freedom in conscience of the believer within the boundaries of the institution have informed successive episodes of dissent and their attempted suppression in the post Conciliar period Neuralgic issues in sexual ethics feminist theology the role of women in the Church and theologies of liberation have presented profound challenges to magisterial authority resulting in a fracturing of the faith community and the persistence of a progressive conservative divide The Church's Synodal turn meanwhile has presented new possibilities for a dialogical approach to dissent emphasizing discernment and principles of participation and co responsibility focusing on a dialectical approach to unsettled questions and inviting a diversity of theological expression Equally however conservative dissent and entrenched opposition to the possibility of transposing hitherto adversarial postures into a more constructive and collaborative frame present a growing threat to unity in a polarized world now increasingly tempted by totalitarianism and losing the capacity for constructive disagreement The book will be of particular interest to scholars and general readers in theology ecclesiology
