

The background is a composite image. At the top, a woman's face is visible, looking slightly to the right. Below her face, the sky transitions from a deep blue at the top to a bright orange and yellow at the bottom, suggesting a sunset or sunrise. In the lower left, a white swan is visible, partially obscured by the text. In the lower right, a city skyline with a bridge is visible, also partially obscured by the text.

Humanity in the Mystery of God Jennifer Cooper, 2009-06-30 Schillebeeckx s theology is a reflection on the nature of God who is both creator and redeemer his theology is a treatise on the God who is God for humanity This means of course that his theology is always both a reflection on the nature of God and on the meaning of humanity and hence there is a theological anthropology at the centre of his whole theological enterprise The definition of humanity is given in the relationship between the mystery of God the God who is both transcendent and immanent and the mystery of humanity For Schillebeeckx the meaning of humanity is revealed and established in the mystery of God as a vocation to intimacy with God This intimacy is described both as a dependence upon God and as a situated freedom and hence the description of humanity which emerges from Schillebeeckx s treatise on God holds together humanity s metaphysical and moral significance At the heart of this theocentric anthropology is its christological structure Schillebeeckx develops a sacramental christology in light of his interpretation of Christ s incarnation The relation of incarnation to the death resurrection and glorification of Christ establishes a sacramental theological anthropology The meaning of humanity is given in its creative salvific sanctifying participative and personal relation to the God who is God both of creation and of covenant This book develops an interpretation of Schillebeeckx s theological anthropology by analysing his theology of revelation and grace and by examining the christological structure of his theology This christology centres on an interpretation of the incarnation in which the fully personal nature of Christ s humanity is key This christology establishes the sacramental nature of humanity and hence Schillebeeckx s description of the meaning of

human nature is also a theological description of the meaning of human action Jesuits in Science Fiction: Reason and Revelation on Other Worlds Richard Feist, 2025-01-07 From their founding in 1540 to this day Jesuits have been controversial Their centuries of missionary work have taken them to all corners of the world They have been accused of killing Kings and Presidents and contributing to colonization and destruction of cultures even participating in enslavement But the Jesuits have also been seen as bringers of light and education With their ferocity of purpose and intellectual rigor the Jesuits impact on world history cannot be ignored No surprise then that Jesuits appear in literature especially that literature of ideas exploration and social commentary otherwise known as science fiction This unique collection of essays explores how the Jesuit has long been part of science fiction s history and how Jesuit ideas and characters are featured in some of science fiction s greatest works In this collection we see Jesuits continue their missionary spirit as they take leave of the earth moving their missionary labors literally towards the heavens Reason and revelation are now indeed on other worlds In this collection we have explorations of philosophy science theology and culture all done in typical Jesuit fashion always in various and foreign contexts This collection is akin to others in its linking of religion and science fiction but it is unique in its concentration on the Jesuits and science fiction This collection will be of interest to scholars working and researching in the field of science fiction studies and would be suitable for courses on science fiction But it will also be of interest and accessible to those of us who simply love science fiction for its power to explore other worlds and in this case to take some of the deepest human reflections namely those on God morals and culture lift them up and see what forms they may take on other worlds
